"I think this book is kind of malleable. I've never really wanted to put it away and be done with it forever -- the second I first 'finished' it, I wanted to dig back in and change everything around. So I'm looking forward to getting back into the text, and straightening and focusing and deleting. Most of all, I'm thrilled that

Vintage will be letting me include all the cool chase scenes, previously censored." -- Dave Eggers The literary sensation of the year, a book that redefines both family and narrative for the twenty-first century. All Who Go Do Not Return Simon and Schuster

Named one of the 100 greatest film books of all time by The Hollywood Reporter, this singular, warm-hearted, inspiring look at life itself is "the best thing Mr. Ebert has ever written" (Janet Maslin, New York Times). "To make ourselves unhappy is where all crime starts. We must try to contribute joy to the world. That is true no matter what

our problems, our health, our circumstances. We must try. I didn't always know this, and am happy I lived long enough to find it out." Roger Ebert was the best-known film critic of his time. He began reviewing films for the Chicago Sun-Times in 1967, and was the first film critic ever to win a Pulitzer Prize. He appeared on television for four decades. In 2006, complications from thyroid cancer treatment resulted in the loss of his ability to eat, drink, or speak. But with the loss of his voice, Ebert became a more prolific and influential writer. And in *Life Itself* he told the full, dramatic story of his life and career. In this candid, personal history, Ebert chronicled it all: his loves, losses, and obsessions; his struggle and recovery from alcoholism; his marriage; his

politics; and his spiritual beliefs. He wrote about his years at the Sun-Times, his colorful newspaper friends, and his life-changing collaboration with Gene Siskel. He shared his insights into movie stars and directors like John Wayne and Martin Scorsese. This is a story that only Roger Ebert could tell, filled with the same deep insight, dry wit, and sharp observations that his readers have long cherished,

Titan Books (US, CA)

Author of the international bestseller *I'm with the Band: Confessions of a Groupie*, Pamela Des Barres shares with women the art of memoir writing. For the last fourteen years, Pamela Des Barres has been teaching an eight-week women's "femoir" writing workshop. She found

that the music-loving ladies who showed up at her door had pent-up stories to tell. Many of them had read her two memoirs, which were wildly personal and deeply confessional, and felt comfortable opening up and experiencing that same freedom of expression. In this book, Des Barres guides women through the process of writing their memoirs. She has developed exercises to help her "dolls" recall, remember, relive, and reveal their memories, transgressions, temptations, their sleepless nights and brilliant afternoons, loves and losses, fears and regrets, secrets, sins, and sorrows. The assignments in *Femoir* have proven incredibly cathartic for her students. Just as intimate as one of her in-person workshops, this book includes some of Des Barres's own stories, as well

as those of the women she's taught. Every person has an incredible story to tell—they just need to figure out how to tell it. By understanding themselves better through these writing exercises, women learn to be more fearless, free-spirited, and willing to try something new.

 In *Performative Memoir: The Methodology of a Creative Process*, Theresa Carilli and Adrienne Viramontes construct a new genre of writing, performative memoir. Drawing on scholarship in performance studies and autoethnography, the authors outline a methodology for studying autoethnography, performance, and memoir in a new creative process. Carilli

and Viramontes then demonstrate the process by creating their own performative memoirs, titled “Loving Crazy” and “Mexican Love,” and perform a close reading of each memoir to show how these theories can be applied to our own personal experiences and trauma. Scholars of performance studies, communication, media studies, cultural studies, and trauma studies will find this book particularly useful.

 PULITZER PRIZE WINNER • A gripping memoir on friendship, grief, the search for self, and the solace that can be found through art, by the New Yorker staff writer Hua Hsu “This book is exquisite and excruciating and I will be thinking about it for years and years to come.”
 —Rachel Kushner, New York Times

bestselling author of *The Flamethrowers* and *The Mars Room* In the eyes of eighteen-year-old Hua Hsu, the problem with Ken—with his passion for Dave Matthews, Abercrombie & Fitch, and his fraternity—is that he is exactly like everyone else. Ken, whose Japanese American family has been in the United States for generations, is mainstream; for Hua, the son of Taiwanese immigrants, who makes 'zines and haunts Bay Area record shops, Ken represents all that he defines himself in opposition to. The only thing Hua and Ken have in common is that, however they engage with it, American culture doesn't seem to have a place for either of them. But despite his first impressions, Hua and Ken become friends, a friendship built on late-night

conversations over cigarettes, long drives along the California coast, and the successes and humiliations of everyday college life. And then violently, senselessly, Ken is gone, killed in a carjacking, not even three years after the day they first meet. Determined to hold on to all that was left of one of his closest friends—his memories—Hua turned to writing. *Stay True* is the book he's been working on ever since. A coming-of-age story that details both the ordinary and extraordinary, *Stay True* is a bracing memoir about growing up, and about moving through the world in search of meaning and belonging.

An inspirational, powerful, and funny manual for coping and living with devastating pain. For two decades,

Karen Duffy —New York Times bestselling author, former MTV VJ, Revlon model, and actress— has managed to live an enriching life despite living in a state of constant pain. Duffy has sarcoidosis, a disorder that causes the growth of inflammatory cells on different organs of the body. In her case, her sarcoidosis is located in her brain, causing her unimaginable pain. In this powerful, inspirational, funny, and important manual for surviving pain, Duffy draws on her experience as a patient advocate, certified recreational therapist, and hospital chaplain to illuminate gratifying methods people can use to cope with chronic pain and reinforces the sentiment that "circumstances determine our lives, but we shape our lives by what we make of

circumstances" (Sir John Wheeler Bennet). More than one-third of the US population—nearly 113 million Americans—is currently living with chronic pain, while another 133 million Americans live with some form of chronic illness. Half of the US population lives with the challenges of these invisible illnesses where their symptoms are not always obvious to the casual observer. Addressing a country ravaged by both chronic pain and opioid addiction, Backbone offers a salve of self-sufficiency, spunk, and perseverance. With a light tone, deft wordplay, and interactive gems such as the Bill Murray Pain Scale, Mastectomy Paper Dolls, and a crown to wear just for getting out of bed, Duffy's serious—and seriously funny—book is for the massive

population living with chronic pain who are eager to be understood and helped, and sends the message that despite the pain, there is a way to a good life.

"In a sense, of course, all believers are strangers in a strange land— some, as they say, are just stranger than others. That would be my friends and me." Like Marcia Ford, most of us have felt, at one time or another, as if we are on a different wavelength from the rest of the world. Try as we might, we don't fit in— not in society and certainly not in the church. Despite our best efforts at camouflage, despite our hopes that we may finally have found a group of kindred believers, people still look at us funny. But if we stop to think about it, we're not in bad company. After all,

Jesus was something of a misfit in His day, too. In this funny, fresh, and frank memoir, Marcia Ford chronicles her spiritual journey as a self-proclaimed misfit, telling the engaging story of one woman's efforts to fit into both society and the Christian church. Candid about her shortcomings and her sneaking suspicion that she may really be a square peg in a round hole, Marcia discovers that it is precisely because of her uniqueness that she is able to claim God's abundant grace and come to experience God more fully.

Mularkey has accepted her place at the bottom of the eighth-grade social food chain. Then, to her amazement, the "coolest girl in the world" moves in across the street and wants to be her friend. But in the buttoned-down nineties, it is television news that captivates her. She will follow her own blind ambition to New York and around the globe, finding fame and success . . . and loneliness. Kate knows early on that her life will be nothing special. Throughout college, she pretends to be driven by a need for success, but all she really wants is to fall in love and have children and live an ordinary life. In her own quiet way, Kate

is as driven as Tully. What she doesn't know is how being a wife and mother will change her . . . how she'll lose sight of who she once was, and what she once wanted. And how much she'll envy her famous best friend. . . . For thirty years, Tully and Kate buoy each other through life, weathering the storms of friendship--jealousy, anger, hurt, resentment. They think they've survived it all until a single act of betrayal tears them apart . . . and puts their courage and friendship to the ultimate test. *Firefly Lane* is for anyone who ever drank Boone's Farm apple wine while listening to Abba or Fleetwood Mac. More than a coming-of-age novel, it's the story of a generation of women who were both blessed and cursed by choices. It's about promises and secrets and betrayals. And ultimately, about the

one person who really, truly knows you--- and knows what has the power to hurt you . . . and heal you. *Firefly Lane* is a story you'll never forget . . . one you'll want to pass on to your best friend.

A moving and revealing exploration of ultra-Orthodox Judaism and one man's loss of faith Shulem Deen was raised to believe that questions are dangerous. His marriage at eighteen is arranged and several children soon follow. Deen's first transgression—turning on the radio—is small, but his curiosity leads him to the library, and later the Internet. Soon he begins a feverish inquiry into the tenets

of his religious beliefs, until, several years later, his faith unravels entirely. Now a heretic, he fears being discovered and ostracized from the only world he knows. His relationship with his family at stake, he is forced into a life of deception, and begins a long struggle to hold on to those he loves most: his five children. "A fascinating glimpse into the consciousness of being an outsider in every possible way, and what it takes to find your path into the life you'd like to lead."--Nylon A riveting memoir of losing faith and finding freedom while a covert missionary in one of the world's most

restrictive countries. A third-generation Jehovah's Witness, Amber Scorah had devoted her life to sounding God's warning of impending Armageddon. She volunteered to take the message to China, where the preaching she did was illegal and could result in her expulsion or worse. Here, she had some distance from her community for the first time. Immersion in a foreign language and culture--and a whole new way of thinking--turned her world upside down, and eventually led her to lose all that she had been sure was true. As a proselytizer in Shanghai, using fake names and secret codes to evade the authorities' notice, Scorah discreetly looked for targets in public parks and stores. To support herself, she found work at a Chinese language learning

podcast, hiding her real purpose from her coworkers. Now with a creative outlet, getting to know worldly people for the first time, she began to understand that there were other ways of seeing the world and living a fulfilling life. When one of these relationships became an "escape hatch," Scolah's loss of faith culminated in her own personal apocalypse, the only kind of ending possible for a Jehovah's Witness. Shunned by family and friends as an apostate, Scolah was alone in Shanghai and thrown into a world she had only known from the periphery--with no education or support system. A coming of age story of a woman already in her thirties, this unforgettable memoir examines what it's like to start one's life over again with an entirely new identity.

It follows Scolah to New York City, where a personal tragedy forces her to look for new ways to find meaning in the absence of religion. With compelling, spare prose, *Leaving the Witness* traces the bittersweet process of starting over, when everything one's life was built around is gone.

While Julia Sweeney is known as a talented comedienne and writer/performer of her one-woman shows, she is also a talented essayist--and the past few years have provided her with some rich material. Julia adopted a Chinese girl named Mulan and then, a few years later, married and moved from Los Angeles to Chicago. She writes about deciding to adopt her child,

strollers, nannies, knitting, being adopted by a dog, The Food Network, and meeting Mr. Right through an email from a complete stranger. Some of the essays reveal Julia's ability to find that essential thread of human connection, whether it's with her mother-in-law or with an anonymous customer service rep during a late-night phone call. But no matter what the topic, Julia always writes with elegant precision, pinning her jokes with razor-sharp observations while articulating feelings that we all share.-- From publisher description.

“Inspiring, tragic, and at times heart-rendingly funny.” —People
 Unsentimental, unexpectedly funny, and incredibly honest, *Tragedy Plus Time* is a love letter to every family that has ever felt messy, complicated, or (even momentarily) magnificent. Meet the Magnificent Cayton-Hollands, a trio of

brilliant, acerbic teenagers from Denver, Colorado, who were going to change the world. Anna, Adam, and Lydia were taught by their father, a civil rights lawyer, and mother, an investigative journalist, to recognize injustice and have their hearts open to the universe—the good, the bad, the heartbreaking (and, inadvertently, the anxiety-inducing and the obsessive-compulsive disorder-fueling). Adam chose to meet life's tough breaks and cruel realities with stand-up comedy; his older sister, Anna, chose law; while their youngest sister, Lydia, struggled to find her place in the world. Beautiful and whip-smart, Lydia was witty, extremely sensitive, fiercely stubborn, and always somewhat haunted. She and Adam bonded over comedy from a young age,

running skits in their basement and obsessing over episodes of The Simpsons. When Adam sunk into a deep depression in college, it was Lydia who was able to reach him and pull him out. But years later as Adam's career takes off, Lydia's own depression overtakes her, and, though he tries, Adam can't return the favor. When she takes her own life, the family is devastated, and Adam throws himself into his stand-up, drinking, and rage. He struggles with disturbing memories of Lydia's death and turns to EMDR therapy to treat his post-traumatic stress disorder when he realizes there's a difference between losing and losing it. Adam Cayton-Holland is a tremendously talented writer and comedian, uniquely poised to take readers to the edges of comedy and

tragedy, brilliance and madness. Tragedy Plus Time is a revelatory, darkly funny, and poignant tribute to a lost sibling that will have you reaching for the phone to call your brother or sister by the last page.

Let It Bleed Vintage

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY San Francisco Chronicle • Newsweek/The Daily Beast • The Seattle Times • The Economist • Kansas City Star • BookPage On February 14, 1989, Valentine's Day, Salman Rushdie was telephoned by a BBC journalist and told that he had been "sentenced to death" by the Ayatollah Khomeini. For the first time he heard the word fatwa. His crime? To have written a novel called *The Satanic Verses*, which was accused of being "against Islam, the Prophet and the Quran." So begins the extraordinary story of how a writer was forced underground, moving from house to house, with the constant presence of an

armed police protection team. He was asked to choose an alias that the police could call him by. He thought of writers he loved and combinations of their names; then it came to him: Conrad and Chekhov—Joseph Anton. How do a writer and his family live with the threat of murder for more than nine years? How does he go on working? How does he fall in and out of love? How does despair shape his thoughts and actions, how and why does he stumble, how does he learn to fight back? In this remarkable memoir Rushdie tells that story for the first time; the story of one of the crucial battles, in our time, for freedom of speech. He talks about the sometimes grim, sometimes comic realities of living with armed policemen, and of the close bonds he formed with his protectors; of his

struggle for support and understanding from governments, intelligence chiefs, publishers, journalists, and fellow writers; and of how he regained his freedom. It is a book of exceptional frankness and honesty, compelling, provocative, moving, and of vital importance. Because what happened to Salman Rushdie was the first act of a drama that is still unfolding somewhere in the world every day. Praise for Joseph Anton “A harrowing, deeply felt and revealing document: an autobiographical mirror of the big, philosophical preoccupations that have animated Mr. Rushdie’s work throughout his career.”—Michiko Kakutani, *The New York Times* “A splendid book, the finest . . . memoir to cross my desk in many a year.”—Jonathan Yardley, *The*

Washington Post “Thoughtful and astute . . . an important book.”—USA Today
 “Compelling, affecting . . . demonstrates Mr. Rushdie’s ability as a stylist and storyteller. . . . [He] reacted with great bravery and even heroism.”—The Wall Street Journal “Gripping, moving and entertaining . . . nothing like it has ever been written.”—The Independent (UK) “A thriller, an epic, a political essay, a love story, an ode to liberty.”—Le Point (France) “Action-packed . . . in a literary class by itself . . . Like Isherwood, Rushdie’s eye is a camera lens —firmly placed in one perspective and never out of focus.”—Los Angeles Review of Books “Unflinchingly honest . . . an engrossing, exciting, revealing and often shocking book.”—de Volkskrant (The Netherlands) “One of the best memoirs you may ever

read.”—DNA (India) “Extraordinary . . . Joseph Anton beautifully modulates between . . . moments of accidental hilarity, and the higher purpose Rushdie saw in opposing—at all costs—any curtailment on a writer’s freedom.”—The Boston Globe

Backbone God Said, Ha!

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine
 When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-

spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives.

"I come from Des Moines. Somebody had to." And, as soon as Bill Bryson was old enough, he left. Des Moines couldn't

hold him, but it did lure him back. After ten years in England he returned to the land of his youth, and drove almost 14,000 miles in search of a mythical small town called Amalgam, the kind of smiling village where the movies from his youth were set. Instead he drove through a series of horrific burgs, which he renamed Smellville, Fartville, Coleslaw, Coma, and Doldrum. At best his search led him to Anywhere, USA, a lookalike strip of gas stations, motels and hamburger outlets populated by obese and slow-witted hicks with a partiality for synthetic fibres. He discovered a continent that was doubly lost: lost to itself because he found it blighted by greed, pollution, mobile homes and television; lost to him because he had become a foreigner in

his own country.

If He Had Been with Me VNR AG

Everyone knows which books people buy; they can just look at the best-seller lists. But who knows which books people steal? Who, for that matter, knows that authors ruin the book market by writing too much? Or why book critics are not critical? Or why librarians need to throw out more books? Who, indeed, knows the answer to that all-important question in our democracy: should presidents and presidential candidates write books? (The answer is no.) In this irreverent analysis of the book industry, John Maxwell Hamilton -- a longtime journalist and public radio commentator -- answers these questions and many more, proving that the best way to study books is not to take them too seriously. He provides a

rich history of the book -- from the days when monks laboriously hand-copied texts to the tidal wave of Titanic tie-ins -- and gives a succinct overview of the state of the industry today, including writing, marketing, promoting, reviewing, ghostwriting, and collecting. Throughout, Hamilton peppers his prose with spicy tidbits of information that will fascinate bibliophiles everywhere. For instance, did you know that Walt Whitman was fired from a government job because his boss found *Leaves of Grass*, and its author, immoral? Or that the most stolen book in the United States is the Bible, followed by *The Joy of Sex*? How about that Dan Quayle's 1989 Christmas card read, "May our nation continue to be a beakon of hope to the world"? Or that Casanova was an ardent

lover of books as well as women? Hamilton offers an inside look at the history and business of book reviewing, explaining why, more often than not, reviewers resemble "counselors at a self-esteem camp" and examining the enormous impact of the "Oprah effect" on the market. As the self-appointed Emily Post of the book world, he advises publishers, authors, and readers on proper etiquette for everything from book parties ("Feel free to build a party around a theme in a book, no matter how tacky") and jacket photos ("You should not show off your new baby

unless [your] book [is] about raising kids"), to book signings ("Just because an author has given you an autograph does not mean they want to become your pen pal") and promotion by friends and relatives ("They should carry the book at all times on public transportation with the cover showing"). Both edifying and enjoyable, *Casanova Was a Book Lover* fills a Grand Canyon--sized void in the literature on literature. It is indispensable for book enthusiasts who want to know the naked truth about reading, writing, and publishing.
