Age Past is a fantasy RPG that incorporates a novel character creation and dice rolling mechanic. Age Past: The Incian Sphere was written to provide you a completely customized gaming experience. Characters are built using an archetype system that is only limited by your imagination. Cast from over 150 spells without restriction and select from over 140 powers. Most powers can be taken 4 times as your character levels so no two characters will ever be the same. The system encourages player balance so your character will be successful regarding her purpose and all characters will be equally important. The game's

world is unique and open enough for a GM to tailor his own adventure yet has guidelines to keep expectations in check. Age Past also has many optional rules that allow you to further customize your gaming experience. Choose to use pulp gaming rules or high lethality... or both! Build your perfect hero and conquer the world. Incia awaits!

I Planes Of Existence is a Science Fiction/Fantasy Novel with a good dosage of Humor and Horror which I, Kyle Lance Proudfoot, have written. It combines the best elements of both science fiction and fantasy and is hyper modern and futuristic taking place on far distant planets in the Universe. Leading from The Black Dungeon Doorway which is published by AuthorHouse UK it expands upon Character Classes introduced in The Free Show

giving life to their profiles. There is great adventure, plenty of magic and technological devices and absolutely phenomenal battles. There is also a strong portrayal of the theme of Light and Shadow. I maintain my highly descriptive and exciting style of writing. I Planes Of Existence is Part 2, the sequel of The Black Dungeon Doorway. This will give me time to promote and try to make a bestseller of The Black Dungeon Doorway which is already published by AuthorHouse UK. There is also a Free Draft Promo of it. I My plan is to write a trilogy; the third title is The Door Of Light or Door Of Light and is a progression towards the Light and Good which is standard in all stories and most Hollywood plot lines.

places as your heart may desire. Of course the game master may have something to say about this, depending on whether you've bribed her with enough soda and chips tonight. Open Fantasy is an OpenD6 system that allows for great flexibility and character building options. Literally anything is possible within the options listed within these pages, the only limiting factor is your own imagination along with the dungeon your game master builds for you to explore.

Out of this World Springer

Philip Caputo's passion for travel and adventure was inspired by the works of Joseph Conrad, Jack London, and Herman Melville, and through the years this passion led to a rugged writer's life, filled with hair-raising experiences in the jungles of Vietnam, the rubble of Beirut, and the savannas of Africa. In the Shadows of the Morning collects Caputo's essays for the first time, each imbued with the powerful and memorable writing for which he has become so well known. In "The Ahab Complex," Caputo recalls a life-and-death struggle with a majestic giant blue marlin off the coast of Florida whose quarter-ton body "lit up as if a gigantic light had flashed in the water." He recounts his travels in Kenya's largest national park among the only lions to have a natural tendency to stalk and eat human beings, and where the accounts of their gruesome escapades invaded his dreams. In the title piece, he reflects on a harrowing trip down the Alaskan river that nearly claimed his son's life, nature's indifference to human loss, and an evocative account of letting go. In the Shadows of the Morning is a fascinating journey through a lifetime of profound experiences. Adventurers and lovers of great writing will welcome this collection of finely crafted essays by one of

America's most gifted writers.
