BALL MACK

Sociology Oxford University Press, USA
This best-selling textbook returns for a seventh edition with material on the most fundamental and fascinating issues in sociology today. The authors continue their tradition of focusing on the big picture, with an emphasis on race, class, and gender in every chapter. The text continues to frame sociological debates around the major theoretical perspectives of sociology and focus on capturing

students' imaginations with cutting-edge research and real-world events. The hallmark of the book continues to be clear writing that helps students understand the intricacies of the discipline like no other textbook on the market. New to the Seventh Edition Expanded focus on new social movements such as Black Lives Matter, Occupy Wall Street, and the Tea Party. Updates on both the 2012 and 2016 elections. New discussions of Donald Trump and the immigration debate; causes and consequences. New discussions of "patriot" movements, racism, and the reaction to the first African

American president. Expanded coverage of sexual orientation and LGBT issues. Updates on gay rights and the historic legalization of same-sex marriage. New sections on cyber life discussion issues such as cyber bullying and public shaming; WikiLeaks, Edward Snowden, and NSA spying; sexting and youth culture; the Arab Spring and social media activism. New coverage of the so-called He-cession and the rise of women managers (whom employers still see as risky but, increasingly, as highly talented). Updates on health-care reform, five years on and the efforts to repeal and replace

"Obamacare". Expanded coverage of mass shootings and the corresponding policy debates. Expanded coverage and new focus on police-involved shootings and gun control in the "Deviance, Crime, and Social Control" chapter. New discussions of the sociology of finance, including the role of financial derivatives in the 2008 global financial crisis. New photos and updated figures and tables throughout the text.

Essentials of Sociology Bloomsbury Publishing

Exploring Social Change provides a compelling analysis of theories that explain social change, innovation, social movements, and revolution, and concludes with reflections about how individuals do and should live in an uncertain and rapidly changing world. Written in a personal and clear manner, the authors provide definitions of key terms and analysis of theories and ideas from the study of social change. The seventh edition includes updated examples reflecting the social changes that have occurred in the world around us, including new discussions on the environmental and social landscapes, as well as updated methods and discussions

that reflect that changing field of social change study.

Sociology W. W. Norton

Building upon the success of previous editions, this fully revised edition of *Sociology* lays the foundations for understanding sociology in Australia. The depth and breadth of the book ensures its value not only for first-year students, but for sociology majors requiring on-going reference to a range of theoretical perspectives and current debates. This fifth Australian edition continues to build on the book's reputation for coverage, clarity and content, drawing upon the work of leading Australian sociologists as well as engaging with global social trends and sociological developments.

ISE Essentials of Life-Span Development
Wadsworth Publishing Company

The twelfth edition's new readings include selections on the unspoken rules of social interaction, the shocking disparities between upper- and lower-class life, America's changing attitudes toward work and family and the roles they fulfill, and the "McDonaldization" of American society. Together with these essential new articles, the selections by Peter Berger,

Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in *Down to Earth Sociology* highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, sports, and religion, to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.

Sociology Simon and Schuster

With a combination of up-to-the minute examples, cutting-edge research, and the latest available data, *Essentials of Sociology* gets students thinking sociologically about what they're seeing in the news and on their screens. Highlighting the macro social forces at work in our everyday lives, the authors move students beyond their individual experiences and cultivate their sociological imaginations. Innovative pedagogy promotes active reading and

helps students master core sociological concepts. This strong in-text pedagogical program is now supported by InQuizitive, Norton's new formative, adaptive learning tool.

Exploring Society Routledge

Regarded as the most authoritative introduction to contemporary sociology, *Essentials of Sociology* adds a new author to its team with the Second Edition.

Marriages and Families Pearson Higher Ed

This cutting-edge, applied book highlights the relevance of sociology by including a diverse collection of theories, research, and "lived experiences" that accurately mirror the diversity in society itself. The author's vivid, applied, personal writing style engages students, and activates compelling everyday examples that make sociology particularly relevant to diverse students. A social issue or application opens each chapter and provides various topics for boxes, features, and examples that are carried throughout the entire chapter. Kendall's text is acclaimed in the field for being the first textbook to integrate race, class, and gender issues; as well as for its thorough presentation of sociological theory, which includes diverse

theoretical viewpoints such as feminist and postmodernist theory. Kendall shows students that sociology involves important questions and issues that they confront both personally and vicariously.

Program Evaluation for Social Workers

Thomson

A major publishing event, the collected writings of the groundbreaking scholar who "first coined intersectionality as a political framework" (Salon) For more than twenty years, scholars, activists, educators, and lawyers--inside and outside of the United States--have employed the concept of intersectionality both to describe problems of inequality and to fashion concrete solutions. In particular, as the Washington Post reported recently, "the term has been used by social activists as both a rallying cry for more expansive progressive movements and a chastisement for their limitations."

Drawing on black feminist and critical legal theory, Kimberlé Crenshaw developed the concept of intersectionality, a term she coined to speak to the multiple social forces, social identities, and ideological instruments through which power and disadvantage are expressed and

legitimized. In this comprehensive and accessible introduction to Crenshaw's work, readers will find key essays and articles that have defined the concept of intersectionality, collected together for the first time. The book includes a sweeping new introduction by Crenshaw as well as prefaces that contextualize each of the chapters. For anyone interested in movement politics and advocacy, or in racial justice and gender equity, *On Intersectionality* will be compulsory reading from one of the most brilliant theorists of our time.

Down to Earth Sociology McGraw-Hill

Humanities/Social Sciences/Languages

First published in 1994, this text is designed to be used by graduate-level social work students in courses on evaluation and program design. Over the course of 20 years and 6 editions, the goals of the book have remained the same: to prepare students to participate in evaluative activities within their organizations; to prepare students to become critical producers and consumers of professional evaluative literature; and to prepare students for more advanced evaluation courses and texts. Grinnell,

Gabor, and Unrau aim to meet these objectives by presenting a unique approach that is realistic, practical, applied, and user-friendly. While a majority of textbooks focus on program-level evaluation, some recent books present case-level evaluation methods but rely on inferentially powerful -- but difficult-to-implement -- experimental baseline designs. This text assumes that neither of these approaches adequately reflects the realities of the field or the needs of students and beginning practitioners. Instead, *Program Evaluation for Social Workers* offers a blend of the two that demonstrates how they can complement one another. The integration of case-level and program-level approaches provides an accessible, adaptable, and realistic framework for students to more easily grasp and implement in the real-world.

The Sociology of the Professions Macmillan Higher Education

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. *Seeing Sociology in your Everyday Life*

Macionis empowers students to understand the world around them through a sociological lens, so they can better understand sociology and their own lives. *Sociology, 14th edition* is written to help students find and use sociology in everyday life. With a complete theoretical framework and a global perspective, *Sociology* offers students an accessible and relevant introduction to sociology. The new edition continues to grow to meet readers' changing needs. With a newly integrated pedagogical framework, readers are guided through both the text - and optional new MySocLab - to build their critical thinking skills while learning the fundamentals of sociology. *Teaching & Learning Experience* The teaching and learning experience with this program helps to: *Personalize Learning* - The new MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. *Improve Critical Thinking* - Six new learning objectives per chapter help readers build

critical thinking and study skills. *Engage Students* - New design, everyday life and pop culture examples make sociology relevant for students today. *Explore Theory* - Three main theoretical perspectives are discussed in every chapter. *Understand Diversity* - Contemporary research informed by expert reviewers and cutting edge data sources reflect a broad range of race / class / gender. *Support Instructors* - Author written activities and assessment in MySocLab, the test bank and instructor's manual help provide support for instructors. Sociology Cognella Academic Publishing
This textbook provides a comprehensive view of the field of child welfare, including

the services offered and their rationale for the best interests of the child. It takes a practice perspective important for future professionals. Upon completing this book, readers will be able to consider the full range of services available for children and families, see how services can be viewed from the perspective of supplementing family life, supporting family life, or substituting for family life understand how students might be impacted by the various services, and imagine how they might use their own personal talents as future child welfare workers.

Being Sociological Prentice Hall

"This text is intended for a one-semester introductory course."--Page 1.

SOCIOLOGY MATTERS Pine Forge Press From schools to the military and from class structure to cultural diversity-all individuals function within complex social systems that shape them and are, in turn, shaped by them. This text introduces students to these broader social contexts within which human behavior occurs and how a community's social settings may promote or deter people in maintaining or achieving personal health and well-being.

Johnson and Rhodes use seven basic theoretical perspectives as the frameworks to explore how clients are impacted by social institutions and social structures. Keeping up to date with emerging societal trends and changing environmental contexts is important and Human Behavior and the Larger Social Environment provides readers with the tools necessary to use their knowledge to provide appropriate interventions at all levels of practice, as well as promote social and economic justice. This book offers complex concepts in a simple format, allowing students to analyze the relationship between individuals and various systems, and better retain and apply their knowledge as they prepare to engage with clients and client systems.

Essentials of Sociology Rowman & Littlefield

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with

more and more instructors in all types of schools using Krugman's signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

A Guide to Writing Sociology Papers SAGE Publications

This theoretically balanced mainstream text, characterized by its broadly defined focus on diversity, is the briefer paperback version of Andersen and Taylor's best-selling SOCIOLOGY: UNDERSTANDING A DIVERSE SOCIETY. Featuring exceptional scholarship and a visually exciting presentation, this text provides a solid research-orientation to the basic principles of sociology while maintaining an accessible style.

Exploring Social Change Pearson Higher Education AU

Drawing from a wide selection of classic and contemporary works, the 60 selections in this best-selling reader represent a plurality of voices and views within sociology. In addition to classic works by authors such as Karl Marx, Max Weber, C. Wright Mills, David Rosenhan, Kingsley Davis and Wilbert Moore, this anthology presents a wide range of

contemporary scholarship, some of which provides new treatments of traditional concepts. By integrating issues of diversity throughout the book, Ferguson helps students see the inter-relationships of race, social class, and gender, and the ways in which they have shaped the experiences of all people in society. Sociology Houghton Mifflin Harcourt "In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals. Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology. *CliffsQuickReview Sociology* Wadsworth Publishing Company *Essentials of Sociology*, adapted from George Ritzer's *Introduction to Sociology*, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhof Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and

focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonaldization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (*The New Jim Crow*) o Elizabeth Armstrong and Laura Hamilton (*Paying for the Party*) o Matthew Desmond (*Evicted*) o Arlie Hochschild (*Strangers in Their Own Land*) o Eric Klinenberg (*Going Solo*) o C.J. Pascoe (*Dude, You're a Fag*) o Lori Peek and Alice Fothergill (*Children of Katrina*) o Allison Pugh (*The Tumbleweed Society*) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election

Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism **Thinking about Women** Routledge Co-authored by Karen A. Cerulo, the Eastern Sociological Society's Robin L. Williams Lecturer for 2013-2014 Do birds of a feather flock together or do opposites attract? Is honesty the best policy? Are children our most precious commodity? Is education the great equalizer? Adages like these shape our social life. This Sixth Edition of *Second Thoughts* reviews several popular beliefs and notes how these conventional wisdoms cannot be taken at face value, but instead require careful second thoughts. This unique text encourages students to step back and sharpen their analytic focus with 25 essays that use social research to expose the gray areas of commonly held beliefs, revealing the complexity of social reality and sharpening students' sociological vision.
