First Love Wild Love Thomas Nelson

From the millionaire entrepreneur and New York Times bestselling author of *The 10X Rule* comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average.

The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to: · Set crazy goals—and reach them, every single day. · Feed the beast: when you value money and spend it on the right things, you get more of it. · Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.

Business With Soul Penguin

Reared in the civilized society of far-off England, Calinda Braxton was unschooled in the ways of passion until she arrived in the exotic wilds of the untamed western frontier and a rugged, gunslinging stranger stole into her hotel room--and her bed! Roused from slumber by his breathless kisses, the beguiling innocent surrendered to her bold seducer's virile charms. . .never dreaming that he was a Texas ranger on a dangerous secret mission. . .or that his searing caress would awaken her heart to the soul-stealing ecstasy of a magnificent, once-in-a-lifetime love!

Read Larry Winget's posts on the Penguin Blog. Straight-talking, bestselling Pitbull of Parenting Larry Winget says "This is not a fix your kid book. It's a fix the way you parent book. You owe it to your kids to parent with a plan!" Being a parent is the toughest job in the world, especially with the increasing number of negative influences and pitfalls facing our kids today, from

childhood obesity and out-of-control celebrity culture to the dangers of the internet and credit card debt. Larry Winget has never been one to shy away from tough truths, and what he says here may well be difficult for some parents to swallow: we are in the midst of a crisis with our kids. Kids today are over-indulged, over-entertained, under-achieving, and under-disciplined, with a sense of entitlement that is crippling society. And the real problem is that parents aren't paying attention to what's going on. If they were they would realize that most kids today barely read and write, except with their thumbs on their cell phones! Well-behaved, respectful kids are the exception, not the rule, and for the most part, parents are to blame. Responsible parenting is about beginning with the end in mind and parenting with a plan. But most parents have never stopped to consider what kind of adult they want to raise. They have all this fun creating a baby, but they don't have a plan for the end product. Larry's message to parents: Teach your kids to become the best adults they can be. But don't expect your kids to improve until you improve. Your *Kids Are Your Own Fault* covers familiar lessons and principles that have led Larry's readers to greater success with money, career, and goal setting, this time at a level where they can be taught to children. This book shows parents how to design the adult they want their kid to become and work backwards to make sure it happens. Kids don't come with an instruction manual, but

finally being a parent does! Watch a Video *How to Get Super Rich* Createspace Independent Publishing Platform

Ian Whitworth built national companies from nothing. Coronavirus hammered some of them flat. Yet he's fine with that. Because when the chaos is swirling and shit is getting real, there's opportunity. Now is the time to put yourself in control - where no boss or virus can take you down. So many talented people want to give it a shot, yet they're held back by the big business myths. But success is simpler than your crusty CEO wants you to think. Ian built his businesses on simple rules, Year 6 maths, basic decency and no jargon. It generated profits that made the bank people say: 'We've never seen anything like this before.' Ian's advice is so readable that many of his readers have no interest in commerce, they just like his dry humour and guidance on living a better life. He takes you step-by-step through the whole entrepreneur experience, from the day you open the doors through to when you pay others to run the place for you. There are 60 short and often surprising chapters in the trademark style of his popular 'Motivation for Sceptics' blog, from 'Your Success Goals Are Built on Lies' to 'Business Whack-A-Mole Skills' and 'Remote Work Sucks Unless You're Old'. Whether you're running your own business, leading someone else's or freelancing, *Undisruptable* is the only handbook you need. And one you'll actually enjoy reading to the end.
