The newly expanded "Learn to Listen, Listen to Learn" series prepares students for the rigors of academic classwork, helping them acquire the listening-comprehension and note-taking skills necessary for success. This two-book series offers students valuable tips for getting the most from

college lectures, including note-taking skills, organization of information, recognition of language cues, and the acquisition of vocabulary. Students are shown how a typical lecture is organized, using extensive excerpts and transcripts from authentic lectures on high-interest topics from a wide range of academic discipline. Features: Includes new and updated material, including expanded vocabulary, extension, and post-lecture activities to encourage students to discuss, research, and write about ideas raised in the lectures. Teaches students how to recognize lecture organization, and how to evaluate and predict information. Focuses on the acquisition of vocabulary, especially from the Academic Word List, and on the recognition of language cues. Prepares students for academic testing with TOEFL-style test questions throughout the text. Audio CDs are also available for this text. Click on the links to the left of this page to purchase the Audio CDs. See also "Learn to Listen, Listen to Learn 1."

In this tale of high-spirited and terrifying adventure, set against the background of the West that Larry McMurtry has made his own, *By Sorrow's River* is an epic in its own right, with an extraordinary young woman as its leading figure. At the heart of this third volume of his Western saga remains the beautiful and determined Tasmin Berrybender, now married to the "Sin Killer" and mother to their young son, Monty. *By Sorrow's River* continues the Berrybender party's trail across the endless Great Plains of the West toward Santa Fe, where they intend, those who are lucky enough to survive the journey, to spend the winter. They meet up with a vast array of characters from the history of the West: Kit Carson, the famous scout; Le Partezon, the fearsome Sioux war chief; two aristocratic Frenchmen whose eccentric aim is to cross the Great Plains by hot air balloon; a party of slavers; a band of raiding Pawnee; and many other astonishing characters who prove, once again, that the rolling, grassy plains are not, in fact, nearly as empty of life as they look. Most of what is there is dangerous and hostile, even when faced with Tasmin's remarkable, frosty sangfroid. She is one of the strongest and most interesting of Larry McMurtry's women characters, and is at the center of this powerful and ambitious novel of the West.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as *Auto Repair For Dummies*, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated

product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
