inner and outer worlds My Prizes Pen and Sword "A marvelously full-flavored, engrossing book, which towers over its current rivals in the genre like a three-decker over a ship's longboat." —Times Literary Supplement Captain Jack Aubrey, R. N., arrives in the Dutch East Indies to find himself appointed to the command of the fastest and best-armed frigate in the Navy. He and his

friend Stephen Maturin take passage for England in a dispatch vessel. But the War of 1812 breaks out while they are en route. Bloody actions precipitate them both into new and unexpected scenes where Stephen's past activities as a secret agent return on him with a vengeance. The Familiars Bold Type Books Memories are not static or frozen, remaining in particular sites or places, within

and belonging to particular groups, cultures or nations; rather, memory travels. Broadly speaking, memory has travelled because of the demographic displacements brought about by modernity's extremes - slavery, colonialism, ethnic cleansing and genocide - and also because of the trade, travel and migration made possible by globalisation. Whether

social movement is violent, exilic, migratory, emancipatory or oppressive, it is accompanied by memory. With the movement of people, memories of modernity's histories and postmodern legacies meet, correspond and often become mutually constitutive. Even where memories compete with each other for cultural dominance, mutual dialogue and recognition is implicit if not

explicit. Memories travel through and across cultures and national boundaries, a process increasingly facilitated by mass media technologies. This collection explores a range of case studies of transcultural memory as well as theorising the mobility of memory as it travels. It was originally published as a special issue of the journal *parallax*.

Mansur  
Abdulin fought

in the front ranks of the Soviet infantry against the German invaders at Stalingrad, Kursk and on the banks of the Dnieper. This is his extraordinary story. His vivid inside view of a ruthless war on the Eastern Front gives a rare insight into the reality of the fighting and into the tactics and mentality of the Soviet army. In his own words, and with a remarkable clarity of recall, he describes what combat

was like on the ground, face to face with a skilled, deadly and increasingly desperate enemy. *The Novel Das Boot, Political Responsibility, and Germany's Nazi Past* Orion With the international success of the classic film *Das Boot*, U-96 is arguably the most famous of all German U-boats. Here is the true story of U-96, and its legendary commander Heinrich Lehmann-

Willenbrock. In continuous combat from September 1940 to March 1945, follow the crew of U-96 from their bases in Kiel, Germany, as well as Lorient and St. Nazaire on the west coast of France, to intense combat against Allied shipping. During eleven combat patrols in the North Atlantic under Lehmann-Willenbrock, U-96 sank twenty-four Allied ships, eventually earning its commander

the Knight's Cross with Oak Leaves. One of their patrols was documented by war correspondent Lothar-Günther Buchheim, which was later novelized and made into the film *Das Boot*. This biography of Heinrich Lehmann-Willenbrock, and history of U-96 is based on the WWII captain's log as well as the recollections of crewmembers .  
The Director's Cut Phoenix  
 "A beautiful

story, expertly told." —Per Mertesacker, Arsenal defender and member of the German national team, winners of the 2014 World Cup Estádio do Maracanã, July 13, 2014, the last ten minutes of extra time in the World Cup Final: German forward Mario Götze jumps to meet a floated pass from André Schürrle, cushions the ball with his chest, and in one fluid motion volleys the ball past the onrushing Argentine

goalkeeper into the far corner of the net. The goal wins Germany the World Cup for the first time in almost thirty years. As the crowd roars, Götze looks dazed, unable to comprehend what he has done. In *Das Reboot*, Raphael Honigstein charts the return of German soccer from the dreary functionality of the late 1990s to Götze's moment of sublime, balletic genius and asks: How

did this come about? The answer takes him from California to Stuttgart, from Munich to the Maracanã, via Dortmund and Amsterdam. Packed with exclusive interviews with key figures, including Jürgen Klinsmann, Thomas Müller, Oliver Bierhoff, and many more, Honigstein's book reveals the secrets of German soccer's success. AND ACCUSATION, TO BE A WOMAN IS THE GREATEST RISK OF ALL 1612 Pendle Hill Young Fleetwood Shuttleworth is with child again. As the mistress of Gawthorpe Hall, she is anxious to provide her husband with an heir. But none of her previous pregnancies have come to term. Then she discovers a hidden letter from her physician that warns her husband that she will not

survive another pregnancy. Distaught over the frightening revelation, Fleetwood wanders the woods of Pendle Hill, where she meets a young local woman named Alice Gray. A midwife, Alice promises Fleetwood she can help her deliver a healthy baby. But soon Alice is drawn into the frenzied accusations of witchcraft sweeping the countryside. Even the woodland creatures, the

“familiar,” are suspected of practicing the dark arts. Can Fleetwood trust that Alice is really who she says she is? As the two women’s lives become intertwined, Fleetwood must risk everything to prove Alice’s innocence in order to save her own unborn child. The hunt for witches reaches fever pitch. Time is running out. The trials are about to begin. Both their lives are at stake. Only they know the truth. Only

they can save each other. Set against the Pendle Witch Trials of 1612, this rich and compelling novel draws its characters from historical figures as it explores the lives and rights of seventeenth-century women, ultimately raising the question: Is witch-hunting really just women-hunting? *The Boat* Naval Inst Press Only the author of *The Hunt for Red October* could

*Memory and the Nazi Past*  
Dell

This is a story of the silent service—the submarine crews which destroyed the Japanese merchant marine. A narrative taut with drama, told with the intimacy of a confession, it deals with two strong-headed men: their loves, their jealousies, and their destinies in the lonely and desperate struggle between the hunter and the hunted. Few war novels will rival Run Silent, Run Deep in the

naked realism of its action. None will surpass its rising excitement and brilliant descriptions of men in combat. Unlike many war novels, here is a story that deals with war from the perspective of command. Edward Beach re-creates with fidelity the anguish, agony, and triumphs of command decisions. In Commander Richardson, he has created a character who embodies all

that is fine, all that is human, in an excellent naval officer. In a sense, *Run Silent, Run Deep* is a monument, not to the misfits and the mistakes, but to those men who rose to greatness under the sometimes unbearable tensions of action. With civilization in ruins, he urges those that remain—one-hundred-and-fifty-two men and twenty-six

Hassell Street Press  
This study investigates the relationship

between Lothar-Günther Buchheim (1918-2007), his bestselling 1973 novel *Das Boot* (The Boat), and West Germany's *Vergangenheit sbewältigung*. As a war reporter during the Battle of the Atlantic, Buchheim benefitted from distinct privileges, yet he was never in a position of power. Almost thirty years later, Buchheim confronted the duality of his own past and railed against

what he perceived to be a varnished public memory of the submarine campaign. Michael Rothberg's theory of the implicated beneficiary is used as a lens to view Buchheim and this duality. Das Boot has been retold by others worldwide because many people claim that the story bears an anti-war message. Wolfgang Petersen's critically acclaimed 1981 film and interpretations as a comedy

sketch, a theatrical play, and a streamed television sequel have followed. This trajectory of Buchheim's personal memory reflects a process that practitioners of memory studies have described as transnational memory formation. Archival footage, interviews, and teaching materials reflect the relevance of Das Boot since its debut. Given the debates that surrounded

Buchheim's endeavors, the question now raised is whether Germany's "mastering the past" serves as a model for other societies analyzing their own histories. Sitting at the intersection of History, Literature and Film Studies, this is an unprecedented case study depicting how the pre- and postwar times affected writers and others caught in the middle of the drama of the era. *Ship of Ghosts* Delacorte
