CONRAD COMPTON

Book Three in the Touched Series Farrar, Straus and Giroux (BYR)
Megan Conroy thinks she has problems; she's struggling to pass math and with only one year of high school left she still has no idea what she wants to do with her life. She certainly never thought she'd become a witch. A near miss from a speeding car triggers an inexplicable rush of power within her, leading to strange, recurring dreams and encounters with even stranger creatures. After being saved from a demon by her classmate Finn, she finally starts getting some answers. Meg, he explains, is now an awakened witch; a person whose dormant magic has

been brought out by trauma. Real witches, she learns, are nothing like the broomstick-riding figures she's used to from movies. The descendants of an ancient tribe who made an alliance with the Fae, Witani are born with magic and have the ability to see the spirits who oversee the natural world. She receives another shock looking through study abroad brochures when she finds a picture of the same standing stone from her dreams. This prompts her to choose Scotland as her destination, where the stone is located. As she's drawn ever deeper into the secret world of magic and Fae, she wrestles with the dilemma of whether or not to tell her parents about her new life. But it's not long before she has far more to worry about. Her arrival in Scotland sets a series of events in motion that will change her forever; bringing with it new friends, love, and danger.

The state is all but quarantined from the rest of the country. Glory, Texas, is a near ghost town. Still, seventeen-year-old Willie has managed to keep her siblings safe, even after the sickness took their mother. But then her good-for-nothing father steals a fortune from one of the most merciless shake hunters in town, and Willie is left on the hook for his debt. With two young hunters as guides, Willie sets out across the desert to find her father. And the desert holds more dangers than just shakes. This riveting debut novel blends True Grit with 28 Days Later for an unforgettable journey.

Commco sent me to find towns along the needed pathway, to offer to restore some of the boons of civilization in return for an agreement to build, power and guard the towers. After all, it had only been fifty years. I would never have believed that the countryside would have turned barbaric so fast. Thus begins Martin Barrister's journey through an unfamiliar landscape, where his training and skills are of little help, and only quick wits and creativity will allow him to survive. When his job turns out to be a ruse, and he becomes bait

in a dispute he can barely fathom, Martin discovers what loyalty is worth. And what civilization is - and isn't - comprised of.

Green Mansions Createspace Independent Publishing Platform
NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
