## PONCE TRINITY

*A Fierce Discontent* Open Book Publishers  
 Brinkley's American History, a  
 comprehensive U.S. History program,  
 transforms the learning experience  
 through proven, adaptive technology  
 helping students better grasp the issues of  
 the past while providing instructors  
 greater insight on student performance.  
 Known for its clear, single voice and  
 balanced scholarship, Brinkley asks  
 students to think historically about the  
 many forces shaping and re-shaping our  
 dynamic history. Connect is the only  
 integrated learning system that empowers  
 students by continuously adapting to

deliver precisely what they need, when  
 they need it, and how they need it, so that  
 your class time is more engaging and  
 effective.

*Social Studies for Secondary Schools*  
 Oxford University Press  
 Featuring detailed illustrations, *The Art of  
 Ballet* teaches readers about the history of  
 ballet in Italy. While most think of Russia  
 when they think of ballet, Italy has a long  
 history with the art. It is actually believed  
 that the earliest predecessor of classical  
 ballet was practiced in the courts of Italy  
 during the Renaissance before the  
 performances became popular in  
 France. This ballet was very different from  
 the dancing we see today. Tutus, ballet  
 slippers and dancing en pointe was not yet  
 popular. Instead, the dance steps were

altered from those practiced in traditional  
 ballroom settings.

*Teaching to Learn, Learning to Teach*  
 Cengage Learning

This detailed primary source reader  
 focuses on political, diplomatic, and social  
 history, presenting documents that include  
 travel literature, religious sermons,  
 newspaper articles, court testimony, and  
 diary entries. An ideal companion for THE  
 AMERICAN PAGEANT, the text can be used  
 with any U.S. history survey text.

**Fast Track to A 5 Preparing for the AP  
 United States History** UNC Press Books  
 John Irish and Barbara Ozuna, both

experienced history teachers, have teamed up to develop this workbook to focus on the historical thinking skills that high school students in the AP\* World History course must master in order to perform well on the exam.

**American Pageant** Cengage Learning  
The author relates his experiences in the State Department during a period that witnessed World War II, European reconstruction, the Korean War and McCarthyism

*Achtung-Panzer!* Cengage Learning  
For twenty years in the eighteenth century, Georgia--the last British colony in what became the United States--enjoyed a brief period of free labor, where workers were not enslaved and were paid. The Trustees for the Establishment of the Colony of Georgia created a "Georgia experiment" of philanthropic enterprise and moral reform for poor white workers, though rebellious settlers were more interested in shaking off the British social system of deference to the upper class. Only a few elites in the colony actually desired the slave system, but those men, backed by expansionist South Carolina planters, used the laborers' demands for high wages as examples of societal unrest. Through a campaign of disinformation in London, they argued for slavery, eventually convincing the Trustees to abandon their experiment. In *The Short Life of Free Georgia*, Noeleen McIlvenna chronicles the years between 1732 and 1752 and challenges the conventional view that Georgia's colonial purpose was based on unworkable assumptions and utopian ideals. Rather, Georgia largely succeeded in its goals--until self-interested parties convinced England that Georgia had failed, leading to the colony's transformation into a replica of slaveholding South Carolina.

*The Rise and Fall of the Progressive Movement in A W. W. Norton & Company*  
The American Pageant Houghton Mifflin College Division

**The Art of Ballet** The American Pageant  
This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and

destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

*War, and Other Essays* Houghton Mifflin College Division

This book examines the peculiar new worlds of the Five Nations of the Iroquois, the Dutch, and the French, who shared cultural frontiers in seventeenth-century America. Viewing early America from the different perspectives of the diverse peoples who coexisted uneasily during the colonial encounter between Europeans and Indians, he explains a long-standing paradox: the apparent belligerence of the Five Nations, a people who saw themselves as promoters of universal peace. In a radically new interpretation of the Iroquois, Dennis argues that the Five Nations sought to incorporate their new European neighbors as kinspeople into their Longhouse, the physical symbolic embodiment of Iroquois domesticity and peace. He offers a close, original reading of the fundamental political myth of the Five Nations, the Deganawidah Epic, and situates it historically and ideologically in Iroquois life. Detailing the particular nature of Iroquois peace, he describes the Five Nations' diligent efforts to establish peace on their own terms and the frustrations and hostilities that stemmed from the fundamental contrast between Iroquois and European goals, expectations, and perceptions of human relationships.

*American History: Connecting with the Past* Pelican Publishing

The Gettysburg Address is a speech by U.S. President Abraham Lincoln, one of the best-known in American history. It was delivered by Lincoln during the American Civil War, on the afternoon of Thursday, November 19, 1863, at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, four and a half months after the Union armies defeated those of the Confederacy at the Battle of Gettysburg. Abraham Lincoln's carefully crafted address, secondary to other presentations that day, was one of the greatest and most influential statements of national purpose. In just over two minutes, Lincoln reiterated the principles of human equality espoused by the Declaration of Independence and proclaimed the Civil War as a struggle for the preservation of the Union sundered by the secession crisis, with "a new birth of freedom" that would bring true equality to all of its citizens. Lincoln also redefined the Civil War as a struggle not just for the Union, but also for the principle of human equality. Beginning with the now-iconic

phrase "Four score and seven years ago"—referring to the United States Declaration of Independence in 1776—Lincoln examined the founding principles of the United States as stated in the Declaration of Independence. In the context of the Civil War, Lincoln also memorialized the sacrifices of those who gave their lives at Gettysburg and extolled virtues for the listeners (and the nation) to ensure the survival of America's representative democracy: that "government of the people, by the people, for the people, shall not perish from the earth." Despite the speech's prominent place in the history and popular culture of the United States, the exact wording and location of the speech are disputed. The five known manuscripts of the Gettysburg Address in Lincoln's hand differ in a number of details, and also differ from contemporary newspaper reprints of the speech.

*The Tumultuous Election of 1800* Simon and Schuster

Discusses the rise of American conservatism, the role of the Christian Right, and its agenda for transforming the nation

*My Years in the State Department* Springer Publishing Company

Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

**Document-Based Assessment for Global History** Perfection Learning

Now in its 4th edition, this popular text for secondary social studies methods courses integrates discussions of educational goals and the nature of history and social studies with ideas for organizing social studies curricula, units, lessons, projects, and activities. A major theme throughout is that what teachers choose to teach and the way they teach reflect their broader understanding of society, history, and the purpose of social studies education.

Advocating an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers, and based in practice and experience, it offers systematic support and open, honest advice for new teachers. Each chapter addresses a broad question about social studies education; sub-chapters begin with narrower questions that direct attention to specific educational issues. Lesson ideas and materials in the book and online are especially designed to help new teachers to address common core learning standards, to work in inclusive settings, and to promote literacy and the use of technology in social studies classrooms. Chapters include highlighted Learning Activities, Teaching Activities, and

Classroom Activities designed to provoke discussion and illustrate different approaches to teaching social studies, and conclude with recommendations for further reading and links to on-line essays about related social studies topics. Activities are followed by four categories: "Think it over," "Add your voice to the discussion," "Try it yourself," and "It's your classroom." All of these are supported with online teaching material. Designed for undergraduate and graduate pre-service social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice. New in the Fourth Edition Provides a number of new lesson ideas paired with online lesson plans and activity sheets in every chapter Takes a new focus on data-driven, standards-based instruction, especially in relation to the common core curriculum Addresses the interactive nature of learning in updated technology sections Reflects current trends in history education Includes more of what the author has learned from working teachers Offers a wealth of additional on-line material linked to the text

**The Cotton Kingdom** Routledge

It was a contest of titans: John Adams and Thomas Jefferson, two heroes of the Revolutionary era, once intimate friends, now icy antagonists locked in a fierce battle for the future of the United States. The election of 1800 was a thunderous clash of a campaign that climaxed in a deadlock in the Electoral College and led to a crisis in which the young republic teetered on the edge of collapse. *Adams vs. Jefferson* is the gripping account of a turning point in American history, a dramatic struggle between two parties with profoundly different visions of how the nation should be governed. The Federalists, led by Adams, were conservatives who favored a strong central government. The Republicans, led by Jefferson, were more egalitarian and believed that the Federalists had betrayed the Revolution of 1776 and were backsliding toward monarchy. The campaign itself was a barroom brawl every bit as ruthless as any modern contest, with mud-slinging, scare tactics, and backstabbing. The low point came when Alexander Hamilton printed a devastating attack on Adams, the head of his own party, in "fifty-four pages of unremitting vilification." The stalemate in the Electoral College dragged on through dozens of ballots. Tensions ran so high

that the Republicans threatened civil war if the Federalists denied Jefferson the presidency. Finally a secret deal that changed a single vote gave Jefferson the White House. A devastated Adams left Washington before dawn on Inauguration Day, too embittered even to shake his rival's hand. With magisterial command, Ferling brings to life both the outsize personalities and the hotly contested political questions at stake. He shows not just why this moment was a milestone in U.S. history, but how strongly the issues--and the passions--of 1800 resonate with our own time.

High School McGraw-Hill Education

USAs historie indtil 1996

*Adams vs. Jefferson* McGraw-Hill Education

"There is a plethora of policy books on the market, but none illustrate the steps in the policy process better than this one. The high caliber editors and contributors, all of whom have been involved in policy work, bring years of experience to illustrate the key points... This publication is timely as the shift in healthcare requires input from all health professionals, but especially nurses who are at the frontline of healthcare change and delivery. This outstanding resource will help motivate many more nurses to get involved in the policy process... Weighted Numerical Score: 93 - 4 Stars!"--Doody's Medical Reviews Written by those in the know--exceptional nurse leaders in practice, education, and politics--this is a practical, "how-to" book written to help advanced students and nurse leaders develop health policy skills to advocate for patients from the bedside to the larger political arena. Co-published with the American Nurses Association (ANA), the book examines the pivotal role of nurses' involvement in health policy and describes the requisite steps for facilitating policy change--from understanding the political system through activating a plan and beyond. It features the voices of a wide

variety of nurse leaders who discuss policy work both locally and nationally through descriptive case histories. The book discusses those qualities and skill sets that are needed for advocacy at the bedside and other arenas where health policy is determined. It examines the political system and opportunities for nurse involvement, and clarifies the process of identifying issues that need a policy solution. Because citing research is an integral component of health policy solutions, the book describes how research can be used to strengthen policy initiatives. The book guides the reader step by step through the process of creating a work plan and describes the resources needed to accomplish policy change. Activating an action plan and strategies for working with the media are covered, along with the process of taking a leadership role, evaluating outcomes, using policy to eliminate health inequities, and maintaining and expanding momentum. Woven throughout the book are the major themes of ethics, leadership, safety, and the quest for quality of care. The text provides information and perspectives relevant to the American Association of Colleges of Nursing (AACN) doctor of nursing practice (DNP) Essentials, and includes multimedia electronic links to resources (podcasts, online articles, social network resources, and key political websites) that promote policy research and leadership development. KEY FEATURES: Delineates the steps to becoming a policy advocate in organizational, educational, and political settings Written by noted nurse leaders who describe policy work locally and nationally Presents competencies for nursing policy work derived from the AACN DNP Essentials Focuses throughout on themes of ethics, leadership, quality, and safety Facilitates web use for policy research and development Ancillary materials from the editors are available Iroquois-European Encounters in Seventeenth-Century America Vintage THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes

from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in

the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1–41); Volume 1: To 1877 (Chapters 1–22); Volume 2: Since 1865 (Chapters 22–41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
