*Falling for Your Fake*

*Fiancé* Anchor

Arthur Kipps, a junior solicitor, is summoned to attend the funeral of Mrs Alice Drablow, the sole inhabitant of Eel Marsh House. The house stands at the end of a causeway, wreathed in fog and mystery, but it is not until he glimpses a wasted young woman, dressed all in black, at the funeral, that a creeping sense of unease begins to take hold, a feeling deepened by the reluctance of the locals to talk of the woman in black – and her terrible purpose.

*The English Language*

National Geographic Books

A structured approach to managing behaviour for anyone who refuses to accept students' backgrounds as an excuse for underachievement.

*Reaching the Unseen*

*Children* Routledge

You paint an outside wall. It rains. What happens to the paint? It runs off, of course! So it is with our students. We teach them something. We can't be bothered to do the recap, the plenary, as we don't have any ideas. They leave the lesson. They promptly forget what you have taught them. There

was no point their being in the lesson in the first place. The world continues turning. This practical little book of plenaries does what it says. It delivers a series of simple ideas for how to make your lesson endings - or mid-lesson recaps - interesting, engaging and cognitively challenging. Apply the ideas in this book and your students will leave the lesson with the information you have taught them still in their heads.

*The Woman in Black (Heroes & Villains)* Simon and Schuster

Though "pejoration" is an important notion for linguistic analysis and theory, there is still a lack of theoretical understanding and sound descriptive analysis. In this timely collection, the phenomenon of pejoration is studied from a number of angles. It contains studies from phonology, morphology, syntax, semantics and pragmatics, and deals with diverse languages and their variants. The collection will appeal to all those linguists with a genuine interest in locating pejoration at the grammar-pragmatics interface.

*PixlPeople* UNC Press Books

A definitive portrait of Queen Elizabeth II on the seventieth anniversary of her reign by a renowned royal biographer. Shy but with a steely self-confidence; inscrutable despite ten decades in the public eye; unflappable; devout; indulgent; outwardly reserved, inwardly passionate; unsentimental; inquisitive; young at heart. All of these describe Her Majesty Queen Elizabeth II, who has reigned through more seismic social change than any monarch in British history. From the Abdication to the Sussexes, from World War II to the loss of her life-long partner, she has witnessed family crises on a scale not seen since the days of George III. She is a 21st Century global phenomenon commanding unrivalled respect and affection. Sealed off during the greatest peacetime emergency of modern times, she has stuck to her own maxim: 'I have to be seen to be believed.' And now she is preparing for an event without parallel in Europe since the reign of Louis XIV: her Platinum Jubilee, celebrating seventy years on the Throne. Robert Hardman, the acclaimed and respected author of

Her Majesty and Queen of the World has already examined the Queen as a modern monarch and her role as a stateswoman abroad. Now, in this entirely new study, including unpublished Royal Family papers and photographs along with personal stories from other world leaders, he wraps up the full story of one of the undisputed greats in a thousand years of monarchy. Hardman distils Elizabeth's complex life into a must-read study of dynastic survival and renewal. It is a portrait of a world leader who remains as intriguing today as the day she came to the Throne at age twenty-five. With peerless access to members of the Royal Family, staff, friends and royal records, Queen of Our Times brings fresh insights and scholarship to the modern royal story. There will be no more thorough, more readable, more original book on the record-breaking Elizabeth II as she reaches a landmark which, surely, can never be equaled. The Story of English in 100 Words Ballantine Books

From the internationally bestselling author of *The Windfall*. . . . What could

go wrong at a lavish Indian wedding with your best friend and your entire family? "A witty and romantic novel perfect for all readers."—Terry McMillan

**NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND NEW YORK POST**

When Tina Das finds herself at a crossroads both professionally and personally, she wonders if a weeklong trip to Delhi for her cousin's lavish wedding might be just the right kind of escape. Maybe a little time away from New York will help get her mind straight about her stalled career, her recent breakup, and her nagging suspicion that she'll never feel as at home in America as she does in India. Tina hopes this destination wedding, taking place at Delhi's poshest country club, Colebrookes, will be the perfect way to reflect and unwind. But with the entire Das family in attendance, a relaxing vacation is decidedly not in the cards. Her amicably divorced parents are each using the occasion to explore new love interests—for her mother, a white American boyfriend, for her father, an Indian widow arranged by an online

matchmaker—and Tina's squarely in the middle. A former fling is unexpectedly on the guest list, a work opportunity is blurring the lines of propriety on several fronts, and her best friend Marianne's terrible penchant for international playboys is poised to cause all sorts of chaos back home. The accommodations are swanky, the alcohol is top-shelf, but this family wedding may be more drama than Tina can bear and could finally force her to make the choices she's spent much of her life avoiding. Infused with warmth and charm, *Destination Wedding* grapples with the nuances of family, careers, belonging, and how we find the people who make a place feel like home.

Bloodline is one of the best of Sheldon's blockbuster thrillers. Roffe and Sons is a family firm, an international empire filled with desperate, cash-hungry family members. At its head was one of the wealthiest men in the world—a man who has just died in a mysterious accident and left his daughter, Elizabeth, in control of the company. Now as this intelligent, tough, and

gorgeous woman dares to save—not sell—Roffe and Sons, she will have to outwit those who secretly want her power . . . and the unknown assassin who wants her life. Bloodline is a sweeping novel of high financial intrigue on three continents, love, murder, danger, and suspense. Step It Up and Go Penguin UK

Providing engaging and diverse 19th century fiction, non-fiction and literary non-fiction texts, clustered around motivational and historically relevant themes, this Rollercoaster collection is ideal for use with all 11-16 students to help prepare them for GCSE English Language and Literature requirements. Bloodline Crown House Publishing

The author relates the "life teachings" of Christina the cow in an allegorical and metaphorical style. *19th-Century Fiction and Non-Fiction* HarperCollins

This book is a love letter to the artists, scenes, and sounds defining North Carolina's extraordinary contributions to American popular music. David Menconi spent three decades immersed in the state's music, where

traditions run deep but the energy expands in countless directions. Menconi shows how working-class roots and rebellion tie North Carolina's Piedmont blues, jazz, and bluegrass to beach music, rock, hip-hop, and more. From mill towns and mountain coves to college-town clubs and the stage of American Idol, Blind Boy Fuller and Doc Watson to Nina Simone and Superchunk, Step It Up and Go celebrates homegrown music just as essential to the state as barbecue and basketball. Spanning a century of history from the dawn of recorded music to the present, and with sidebars and photos that help reveal the many-splendored glory of North Carolina's sonic landscape, this is a must-read for every music lover.

Reaching the Unseen Children provides a powerful and accessible resource for schools working to raise the attainment of all disadvantaged pupils, with particular emphasis on white children from low-income backgrounds. This group – especially boys – consistently on

average underperform in the education system, and the effects of COVID-19 will only have widened the gap. Drawing on her long experience of working with disadvantaged and left-behind communities, Jean Gross describes the path that many children take, from early language delays to persistent literacy and numeracy difficulties, which lead to progressive disengagement from learning. She argues that progress will only be made through early intervention and building pupils' sense of capability, and sets out low-cost, low-effort ways in which teachers can transform outcomes for their students – through the everyday language they use, the expectations they convey, and the relationships they build with pupils and their parents. Providing practical, evidence-based strategies and case studies of schools with outstanding practice, this an essential guide for anyone working in education who is seeking equity for all their pupils.

The world's foremost expert on the English language takes us on an entertaining and eye-opening tour of the history of our vernacular through the ages. In *The Story of English in 100 Words*, an entertaining history of the world's most ubiquitous language, David Crystal draws on one hundred words that best illustrate the huge variety of sources, influences and events that have helped to shape our vernacular since the first definitively English word—'roe'—was written down on the femur of a roe deer in the fifth century. Featuring ancient words ('loaf'), cutting edge terms that reflect our world ('twittersphere'), indispensable words that shape our tongue ('and', 'what'), fanciful words ('fopdoodle') and even obscene expressions (the "c word"...), David Crystal takes readers on a tour of the winding byways of our language via the rude, the obscure and the downright surprising.

- Two estranged siblings delve into their mother's hidden past—and how it all connects to her

traditional Caribbean black cake—in this immersive family saga, “a character-driven, multigenerational story that’s meant to be savored” (Time). “Wilkerson transports you across the decades and around the globe accompanied by complex, wonderfully drawn characters.”—Taylor Jenkins Reid, New York Times bestselling author of *The Seven Husbands of Evelyn Hugo*, *Daisy Jones & The Six*, and *Malibu Rising* In development as a Hulu original series produced by Marissa Jo Cerar, Oprah Winfrey (Harpo Films), and Kapital Entertainment We can’t choose what we inherit. But can we choose who we become? In present-day California, Eleanor Bennett’s death leaves behind a puzzling inheritance for her two children, Byron and Benny: a black cake, made from a family recipe with a long history, and a voice recording. In her message, Eleanor shares a tumultuous story about a headstrong young swimmer who escapes her island home under suspicion of murder. The heartbreaking tale Eleanor unfolds, the secrets she still holds back, and the mystery of

a long-lost child challenge everything the siblings thought they knew about their lineage and themselves. Can Byron and Benny reclaim their once-close relationship, piece together Eleanor’s true history, and fulfill her final request to “share the black cake when the time is right”? Will their mother’s revelations bring them back together or leave them feeling more lost than ever? Charmaine Wilkerson’s debut novel is a story of how the inheritance of betrayals, secrets, memories, and even names can shape relationships and history. Deeply evocative and beautifully written, *Black Cake* is an extraordinary journey through the life of a family changed forever by the choices of its matriarch.

Studying Poetry BenBella Books

The pixel as the organizing principle of all pictures, from cave paintings to *Toy Story*. The Great Digital Convergence of all media types into one universal digital medium occurred, with little fanfare, at the recent turn of the millennium. The bit became the universal medium, and the pixel—a particular packaging of bits—conquered the world.

Henceforward, nearly every picture in the world would be composed of pixels—cell phone pictures, app interfaces, Mars Rover transmissions, book illustrations, videogames. In *A Biography of the Pixel*, Pixar cofounder Alvy Ray Smith argues that the pixel is the organizing principle of most modern media, and he presents a few simple but profound ideas that unify the dazzling varieties of digital image making. Smith’s story of the pixel’s development begins with Fourier waves, proceeds through Turing machines, and ends with the first digital movies from Pixar, DreamWorks, and Blue Sky. Today, almost all the pictures we encounter are digital—mediated by the pixel and irretrievably separated from their media; museums and kindergartens are two of the last outposts of the analog. Smith explains, engagingly and accessibly, how pictures composed of invisible stuff become visible—that is, how digital pixels convert to analog display elements. Taking the special case of digital movies to represent all of Digital Light (his term for pictures constructed of pixels), and drawing on

his decades of work in the field, Smith approaches his subject from multiple angles--art, technology, entertainment, business, and history. A Biography of the Pixel is essential reading for anyone who has watched a video on a cell phone, played a videogame, or seen a movie.

poetic memoir reminds us

that no life story can be

reduced to the word

'refugee.'" —New York

Times Book Review "A

critical piece of literature,

contributing to the larger

refugee narrative in a way

that is complex and

nuanced." —School

Library Journal (starred

review) This profoundly

moving memoir is the

remarkable and inspiring

true story of Sandra

Uwiringiyimana, a girl

from the Democratic

Republic of the Congo

who tells the tale of how she survived a massacre, immigrated to America, and overcame her trauma through art and activism. Sandra was just ten years old when she found herself with a gun pointed at her head. She had watched as rebels gunned down her mother and six-year-old sister in a refugee camp.

Remarkably, the rebel didn't pull the trigger, and Sandra escaped. Thus began a new life for her and her surviving family members. With no home and no money, they struggled to stay alive. Eventually, through a United Nations refugee program, they moved to America, only to face yet another ethnic disconnect. Sandra may have crossed an ocean, but there was now a much wider divide she had to overcome. And it started with middle school in New York. In this memoir, Sandra tells the story of her survival, of finding her place in a new country, of her hope for the future, and how she found a way to give voice to her people.

**Ask the Cow** John

Benamins Publishing

Company

Steven Pinker meets Bill

Bryson in this landmark

exploration of language.

In the author's own words, "How Language Works is not about music, cookery, or sex. But it is about how we talk about music, cookery, and sex-or, indeed, anything at all."

Language is so fundamental to everyday life that we take it for granted. But as David Crystal makes clear in this work of unprecedented scope, language is an extremely powerful tool that defines the human species. Crystal offers general readers a personal tour of the intricate workings of language. He moves effortlessly from big subjects like the origins of languages, how children learn to speak, and how conversation works to subtle but revealing points such as how email differs from both speech and writing in important ways, how language reveals a person's social status, and how we decide whether a word is rude or polite. Broad and deep, but with a light and witty touch, *How Language Works* is the ultimate layman's guide to how we communicate with one another.
