Reproduction of the original: Historic Highways of America by  
 Archer Butler Hulbert

The Reproductive System Tate Publishing(UK)

Wompler's Walking Babies once put Millford, Utah, on the map.

But they aren't selling like they used to. In fact, they aren't selling  
 at all and the only alternative to winding the company up is to

tap the government for a research grant. And so Wompler  
 Research Laboratories and Project 32 come into being. The plan  
 is to produce self-replicating mechanisms; identical cells  
 equipped to repair intracellular breakdowns, convert power from  
 their environment and create new cells. But suddenly the  
 nondescript grey metal boxes start crawling about the laboratory,  
 feeding voraciously on any metal... and multiplying at an  
 alarming rate.
