Get creative with this super cute lined Notebook Journal for Kids! This French ruled paper workbook also known as Seye ruled paper. Filled with 100 pages If you are interested in spending some time on your handwriting, French ruled paper, or Seyes ruled paper, could be something to help you out. Calligraphers also use this paper, sometimes ignoring the rules for standard handwriting, but using the lines to help get a consistent size. Use this ruled paper to practice handwriting skills. Become more proficient at letter formations, size and spacing. There are three light lines between two darker lines. The letters start on the bottom darker line. There are five rules for writing using the Seyes ruled paper. 1. Capital letters go up to the third line. 2. Lower case letters; a, c, the round portions of d or p - go up to the first line. 3. The loop branches of b, f, h, k, & l go up to the third line. 4. The straight

branches of d, and t go up to the second line. 5. f, g, j, p, q, y, z - go down two lines below the main body of the letter. Use this notebook to practise your handwriting in French language.
