This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and

even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

 More is expected of middle schoolers—more reading, more writing, more independent learning. Achieving success in this more challenging world requires knowing many more words. 100 Words Every Middle Schooler Should Know helps students in grades 6 to 8 (ages 11-14) to express themselves with distinction and get the most out of school. The 100 words are varied and interesting, ranging from verbs like muster and replenish to nouns like havoc and restitution to adjectives like apprehensive and imperious. Knowing these words enables students to express themselves with greater clarity and subtlety. Each word has a

definition and a pronunciation and appears with at least one quotation—a moving or dramatic passage—taken from a book that middle schoolers are assigned in the classroom or enjoy reading on their own. Both classic and contemporary works of fiction and nonfiction are represented. Among the authors are young adult favorites and award-winners such as Kate Di Camillo, Russell Freedman, Neil Gaiman, E.L. Konigsberg, Lois Lowry, Walter Dean Myers, Katherine Paterson, J. K. Rowling, and Gary Soto. Readers can see for themselves that the words are used by the very best writers in the very best books. It stands to reason that they will see them again and again in higher grades and throughout their lives. 100 Words Every Middle Schooler Should Know helps students to gain useful knowledge and prepares them to step into a broader world.

 The effective and fun-filled way to teach spelling to elementary students *The Spelling Teacher's Lesson-a-Day* gives teachers 180 engaging and ready-to-use lessons—one for each day of the school year—that boost spelling skills in students grades 3-6. These lessons may be used as "sponge" or "hook" activities (five-minute lessons to start off each school day) or teachers may simply pick and choose activities from within the book for the occasional spelling lesson. Fry teaches spelling patterns by contrasting homophones (like-sounding words) to help students recognize these spelling patterns in more complex words. He also boosts students' spelling skills by demystifying contractions, abbreviations, capitalization, silent letters, suffixes and prefixes, and more. Offers an easy-to-use method for teaching spelling that has been proven to be effective. Includes 180 ready-to-use, reproducible lessons—one for each day of the school year. A new volume in the new series 5-Minute FUNDamentals. This book is designed to be used by classroom teachers, homeschoolers, tutors, and parents.

The Reading Teacher's Word-a-Day ASCD
 Knowledge of word meanings is critical to success in reading. A reader cannot fully understand a text in which the meaning to a significant number of words is unknown. Vocabulary knowledge has long been correlated with proficiency in reading. Yet, national surveys of student vocabulary knowledge have demonstrated that

student growth in vocabulary has been stagnant at best. This volume offers new insights into vocabulary knowledge and vocabulary teaching. Articles range from a presentation of theories of vocabulary that guide instruction to innovative methods and approaches for teaching vocabulary. Special emphasis is placed on teaching academic and disciplinary vocabulary that is critical to success in content area learning. Our hope for this volume is that it may spark a renewed interest in research into vocabulary and vocabulary instruction and move toward making vocabulary instruction an even more integral part of all literacy and disciplinary instruction.
