 You Can Experience the Baptism of the Holy Spirit...Every Day!  
 Are you filled with the Holy Spirit? Sadly, there has been much division surrounding this one question. Many believe that the Holy Spirit in-dwells a person at the moment of their conversion. Others contest that baptism in the Holy Spirit is a separate experience altogether. Apostolic leader, theologian and healing minister, Randy Clark, shares about how this controversial and often misunderstood experience can be accessible to all Christians including you! Through engaging, practical teaching and powerful testimonies, you will learn how to: Understand the clear Biblical reasons people should be baptized in the Spirit and what that really means Biblically receive and experience the baptism of the Holy Spirit Unlock the benefits and blessings of being baptized in the Spirit Operate in the gifts of the Spirit: prophecy, tongues, and other supernatural graces All Christ-followers have the Holy Spirit living within them. And yet, there is more. When you are baptized in the Spirit you will experience new dimensions of God's power resting upon you in a supernatural way!

 The early believers of Jesus Christ knew that they were not just members of an organization, nor were they just an extension of Old Testament Judaism. They knew that they were followers of the living Lord Jesus Christ. They were members of a thing called the church. Through the centuries, the church has been the most powerful transforming force in history. Yet in America many observe it as anemic and powerless. Author Elmer Towns contends that there is good news; there are many things that are still right with the church. What Is Right with the Church affirms the positive things that are present in the church today and what will carry it forward as a transforming force. This book is not a defense of the traditional church, nor does it run to embrace all new forms of worship. Rather, this book examines the biblical nature of church, allowing the best to come forth. It is not a book about old churches, new churches, or home churches. It is a book about what is right about every true church, no matter the expression, history, or culture. A growing number of people are not aware of the enduring strengths of the church. The author contends that if believers in Christ are to effectively move forward with healthy communities and a vibrant faith in this new century, they must be established on foundational, biblical truths and core values. And when this happens, the church thrives as a

transforming force.

Reformation to Revival, 500 Years of God's Glory Whitaker House  
 Over the centuries God has touched the earth with revival, lifting men and women into His presence in extraordinary ways. And in some epochs the divine hand seems to have rested on us longer and to have caused more profound changes in the church and the culture. Authors Towns and Porter have studied revival areas throughout history in order to identify the ten that seem to have been the greatest of all time.

It is a common belief that personal communion from the Holy Spirit to mankind ceased at the closure of the canon of scripture. The information presented in this book shows that interaction between the Holy Spirit and the mind of man enabled by the human spirit is bidirectional and continues in our time. Evidence presented from theological and scientific resources confirms the duality of the immaterial mind and the physical brain of man and substantiates the personal interaction between the Holy Spirit and the mind of human beings. The model for study is the neural synaptic network, incorporating the microsite hypothesis of Sir John C. Eccles. Dualist interaction has been substantiated by contemporary theologians and investigators in the neurosciences and information theory, building on advances in quantum wave theory. A hypothesis is offered by this author for a mechanism for dualist interaction involving probabilistic quantum tunneling across synaptic clefts. Transmission of specified information with meaning and purpose occurs within neural codes in spike trains of action potentials in synaptic networks. Through a lifetime of learning archived in memory, the mind of humans interprets neural codes enabled by the unique capacity for language. Communication from the Holy Spirit, as sender, to human minds, as recipients, draws upon current understandings of information and communication theory. The trigger for initiating spike trains as codes is postulated as an immaterial energy source by which the Holy Spirit communicates with the mind of man. Evidence presented in this book provides a compelling rationale for the reality of bidirectional communication with the living, personal Holy Spirit in our time. That Jesus Christ indwells those who accept his truth as a personal, living spirit is confirmation of the promise in John 14:15-21. Interaction with God by his atoning grace through Jesus Christ by the power of the Holy Spirit gives receptive mankind comfort and counsel today to his glory.  
How to Prepare for a Fresh Encounter with God G. J. Hocking  
 Watchman Nee called it the "greatest known revival in church history." On October 31, 1904, Evan Roberts, a twenty-six-year-old former miner, returned home from a ministry training program, having quit his job at the urging of the Holy Spirit. That night, he joined sixteen other young people at a village chapel,

and from that humble origin sprang a spiritual revival that roared across the hills and valleys of Wales. Thousands of souls were welcomed into God's kingdom. Even the press could not ignore the changes occurring and eagerly reported on Roberts' every move. As suddenly as he had appeared, Roberts vanished from the world stage, only to reemerge twenty years later. What happened? How did God work so miraculously? Jessie Penn-Lewis was well-acquainted with the revival and with its leader, Evan Roberts. Her clear and concise history of the events of that time remains a treasure for all of us who pray for revival to return in our day

How desperate are you? Revivals always begin with personal desperation. When we are desperate enough to cry out to God for our need, He releases a deluge of His Spirit to not only meet your need, but to also change your family, community, state, nation and the world. The greatest revivals have all been initiated by the deep-seated needs of man. God has responded to passionately meet each of those needs. Waves of God's mercy in response to our heart's cry will benefit those around us and even the world.

The World's Greatest Revivals explores: The Reformation. The Great Awakening. The Azusa Street Revival. The Toronto Blessing. Through extensive research and personal experiences, authors Fred and Sharon Wright share the fascinating history of revivals and revivalists over the past 600 years-and explore their long-lasting impact on society. This book shows the personal impact of these revivals and how our desperation opens the floodgates of heaven.

History indicates that small group gatherings have been powerfully influential in igniting Christianity's most famous spiritual awakenings. In this groundbreaking study, Joe M. Easterling explores Christianity's four most significant awakenings and how small groups have influenced the rise and sustainability of each. As readers encounter the incredible accounts of how God transformed individuals, communities, and even nations through the movement of his Spirit, they will discover that small groups have been there all along as one of revival's most indispensable contributors. More importantly, readers will learn some common characteristics of the small groups during these awakenings and how they may be used in small groups of churches today in hopes that a spiritual awakening may ignite once again.

Hundreds of people were converted, leading to significant church growth, in an 1857 revival led by Phoebe Palmer in the city of Hamilton, Ontario, Canada that contributed to the beginning of the Second Great Awakening. This book explores the 1857 setting in the world and in Hamilton, including the key churches and people involved in the revival. What happened was not typical for revival meetings led by the Palmers, as this account shows. The book continues with a summary of the impact of the Hamilton revival around the globe, linking it to other revivals and the Second Great Awakening as a whole. The account ends with what subsequently unfolded in the Hamilton area and the churches involved. Many of the primary sources are in the Appendix, and the book includes numerous pictures and maps. Scholars, ministers, and lay people alike will appreciate this exploration of a chapter in Canada's spiritual history.

What happened at or near the Cane Ridge meeting house in central Kentucky in August 1801 has become a legendary event in American religious history. Never before in America had so many thousands of people gathered for what became much more than the planned Presbyterian communion service. Never had so many families camped on the grounds. Never before had so many people been affected with involuntary physical exercises—sobbing, shouting, shaking, and swooning. And never before in American had a religious meeting led to so much national publicity, triggered so much controversy, or helped provoke such important denominational schisms. Paul Conkin tells the story of Cane Ridge in all its dimensions. The backdrop involves the convoluted history of Scotch-Irish Presbyterianism in America, the pluralistic religious environment in early Kentucky, and the gradual evolution of a new form of evangelical religious culture in eighteenth-century America. The aftermath was complex. Cane Ridge helped popularize religious camps and influenced the subsequent development of planned camp meetings. It exposed deep and developing divisions of doctrine among Presbyterian clergy, and contributed to the birth of two new denominations—Christians (Disciples of Christ) and Cumberland Presbyterians and furthered the growth of a new revival culture, keyed to a crisis-like conversion experience, even as it marked a gradual decline in sacramentalism.

In a church rocked by controversies over vernacular Scripture, iconoclasm, and the power of clergy, men and women arose in protest. Today we call this protest movement the Protestant Reformation. At its heart, the Reformation was a great revival of the church centered on the recovery of biblical truth and the gospel of free grace. This movement continues to instruct and inspire believers even into the present day. Reformation 500 celebrates the Reformation and probes the ways it has shaped our world for the better. With essays from an array of disciplines, this book explores the impact of the Reformation across a wide range of human experience. Literature, education, visual art, culture, politics, music, theology, church life, and Baptist history all provide prisms through which the Reformation legacy is viewed. From Augustine to Zwingli, historical figures like Luther, Calvin, Barth, Bonhoeffer, Rembrandt, Bach, Bunyan, and Wycliffe all find their way into this amazing 500-year story. From Anglicans to Baptists, scientists to poets, Reformation 500 weaves these many historical threads into a modern-day tapestry.

How many countries experienced a religious revival during the 20th century? According to this new book on church revival history, there were, at the very least, twenty such revivals occurring in various parts of the world. Revival swept from Asia to Australia, through America, and across the European continent; all within the space of one century. When did I begin writing *The Twenty Revivals of the Twentieth Century*? It was many years ago; I first took pen to paper and began jotting down some of the revivals that occurred over the last one-hundred years. At that time, the twentieth century had barely ended. Yet, looking back, the realization came that there were at the very least twenty revivals, many of which do not appear in other books of this nature. The fact that there were so many revivals may come as a surprise to some, considering it averages out at one spiritual awakening every five years! So, one could say, the early twentieth century was an era of Revivals. Why This Book? I wrote *The Twentieth Revivals of the Century* because there are so many stories that need to be told. Stories of sweeping revivals, which happened all across the globe. Spiritual awakenings that occurred in countries making headlines today--sometimes for all the wrong reasons. Nations like North Korea's Pyongyang, which had at one stage, in 1907, over 3,000 people in one church. Who would think when looking at the North Korea of today under the current regime, Pyongyang was once called the Jerusalem of East Asia! Then, there is Japan, which almost became a Christian nation, leading up to the twentieth century. At this time, Christianity began gaining ground at a rapid pace. It even got to the point where some non-Christian government officials suggested that Christianity could become Japan's state religion. Such was the impact heading into the twentieth century that some said not to send any foreign missionaries into Japan. Why? Because the homegrown churches were gaining so much ground. Besides this, many also believed that if the local Christians continued the way they were going, wrote Verbeck in 1889, "you need not, after 1890; send any more missionaries to Japan." So, what was the date for the expected Christianization of the country? The writer

continues, "Some put 1890 as the date, some 1895, but no one puts it any later than 1900!" Great revivals covered in this book also include China, India, the former Soviet Union, as well as the United States, when America felt the flame of true religious revival. The thing that surprised me most, though, when writing this book, was that the first flames of worldwide revival were the prayer circles that originated in Australia. Most, if not all, of the revivals detailed in this book, took their cue from these praying groups in Melbourne. For example, Pandita Ramabai, in 1905, sent her daughter from India to Australia. Why? To learn about the prayer circles. Before long, India experienced a revival similar to that of the Welsh Revival of 1904. There are very few books today, which go into such depth as *The Twenty Revivals of the Twentieth Century* does. So, if you want to learn about some unknown revival activity in the church, why not look at this book, it may change the way you think and pray about worldwide revival in the church.

Revival is bringing something that is dead back to life. Much of today's Church needs reviving. When God comes in an unusual way, releasing His presence and power over and above what a church normally experiences, we call it a visitation of God. Every visitation of God should become a habitation of God and become a move of God, going beyond that local church into the community, city, and nation. The move of God results in evangelization, missions, and the fulfilling of the Great Commission. Starting in the book of Acts and down through the centuries, there have been numerous visitations and moves of God. We look at Church history. Understanding history helps us correctly interpret the present and prepare for the future. We draw inspiration, insight, and lessons from what God has done in the past, by reviewing stories, and asking relevant questions: What can we learn from Church history about revivals, visitations, and moves of God? What does it take for a visitation of God to become a move of God? What are signs of a genuine visitation of God? How do we steward a revival, a visitation, and a move of God? The "latter rain" falls just before harvest. "Therefore, be patient, brethren, until the coming of the Lord. See how the farmer waits for the precious fruit of the earth, waiting patiently for it until it receives the early and latter rain. You also be patient. Establish your hearts, for the coming of the Lord is at hand" (James 5:7-8). In biblical context, the early rains were showers that usually came during October-November and prepared the ground for the seed. The latter rain fell during March-April and was necessary for the ripening of the crops before harvest. If we believe God is preparing for a mighty endtime outpouring, a great visitation, and ingathering of harvest before His return, then we must get ourselves and our congregations ready for the latter rain of the Holy Spirit.
