Is it a second chance--or just a new nightmare? Noob thought his dreams of outer space were over when a killer terrorized the Star Crest, leaving him the only survivor of a fiery crash. As much as he loves pizza, his job as a delivery boy was anything but inspiring. So when he receives a call inviting him to captain the next mission led by the company that built the Star Crest, his answer is easy--heck yes! But despite a new crew and a state-of-the-art base floating in the sky, nothing is going smoothly this time around, either. All too soon, crew members are being picked off by a mysterious new killer. This time, though, Noob is in charge. He learned a thing or two on the Star Crest, and this time, the killer won't get away with it. Not on his watch. *Diary of a Roblox Noob: Among Us 2* is an action-packed adventure based on the virtual worlds of Roblox and Among Us. This diary-style novel is the perfect book for boys and girls of all ages and reading levels--especially those who love to play games!

**Diary of a Roblox Noob** Hell on Heels Love in the Age of the Internet Attachment in the Digital Era Feeling victorious after a heroic mission in Dungeon Quest, Noob and Decks expect to step off the time-traveling platform and be at home. But instead of the imperfect but familiar Mad City, the pair finds a stark, clean and eerily peaceful city they don't recognize. The surprise of stumbling into this strange new server is nothing compared to the shock of what welcomes them--a giant talking pizza. Pizza Man is friendly enough, but Noob and Decks can't stick around and make pies. They need to get home to Mad City, and the only way to do that is to help the sinister KingPat with his evil plan. If they do what he demands, they just might get to leave the strange pizza server. If not, they'll face KingPat's wrath and spend the rest of their lives in aprons--with a pizza for a boss.

Noob's dream come true was about to become a nightmare...When Noob wins a spot on the state-of-

the-art Star Crest spaceship, he can't wait to help run its first voyage as an honorary crew member. At first, the experience is everything Noob had hoped it would be. But nothing ever goes right in Noob's world for long! Soon, astronauts are being attacked one by one, and it's clear the impostor won't stop until no one on the Star Crest crew is left standing. Can Noob find the culprit and put a stop to their nefarious plan--or is the mission doomed?

*A Reader*

This highly topical book explores the new technological environment we have created, and our adaptation to it, twenty-five years after the death of John Bowlby. In the space of just a couple of decades, the world has changed radically, and we are changing too: personal computers and smartphones mediate our lives, work, play, and love. Relationships of all kinds are now conducted through mobile phones, email, Skype and social network sites. Attachment theory is concerned with the impact of the external world on internal reality, where twenty-first century experiences encounter the powerful, primitive, and ancient instinct for attachment and survival. This book is written by psychotherapists whose practice, with individual adults and couples, is informed by attachment theory. It contains theoretical, observational, and clinical material, and will be relevant to all psychotherapists, psychoanalysts, counsellors, and psychologists interested in the profound impact of digital and communication technologies on human relationships.
