Ninety-two Days Little, Brown

Fans of classic frontier survival stories, as well as readers of dystopian literature, will enjoy this futuristic story where water is worth more than gold. New York Times bestselling author Michael Grant says *Not a Drop to Drink* is a debut "not to be missed." With evocative, spare language and incredible drama, danger, and romance, Mindy McGinnis depicts one girl's journey in a frontierlike world not so different from our own. Teenage Lynn has been taught to defend her pond against every threat: drought, a snowless winter, coyotes, and most important, people looking for a drink. She makes sure anyone who comes near the pond leaves thirsty—or doesn't leave at all. Confident in her own abilities, Lynn has no use for the world beyond the nearby fields and forest. But when strangers appear, the mysterious footprints by the pond, nighttime threats, and gunshots make it all too clear Lynn has exactly what they want, and they won't stop until they get it. . . . For more in this gritty world, join Lynn on an epic journey to find home in the companion novel, *In a Handful of Dust*.

In a tour de force of historical reportage, Timothy Egan's National Book Award-winning story rescues an iconic chapter of American history from the shadows. The dust storms that terrorized the High Plains in the darkest years of the Depression were like nothing ever seen before or since. Following a dozen families and their communities through the rise and fall of the region, Timothy Egan tells of their desperate attempts to carry on through blinding black dust blizzards, crop failure, and the death of loved ones. Brilliantly capturing the terrifying drama of catastrophe, he does equal justice to the human characters who become his heroes, "the stoic, long-suffering men and women whose lives he opens up with urgency and respect" (New York Times). In an era that promises ever-greater natural disasters, *The Worst Hard Time* is "arguably the best nonfiction book yet" (Austin Statesman Journal) on the greatest environmental disaster ever to be visited upon our land and a powerful reminder about the dangers of trifling with nature.

This e-book includes a sample chapter of THE IMMORTAL IRISHMAN.

A lush, dazzlingly original young adult fantasy about an epic clash of witches, gods, and demons. Elysium, Oklahoma, is a town like any other. Respectable. God-fearing. Praying for an end to the Dust Bowl. Until the day the people of Elysium are chosen by two sisters: Life and Death. And the Sisters like to gamble against each other with things like time, and space, and human lives. Elysium is to become the gameboard in a ruthless competition between the goddesses. The Dust Soldiers will return in ten years' time, and if the people of Elysium have not proved themselves worthy, all will be slain. Nearly ten years later, seventeen-year-old Sal Wilkinson is called upon to lead Elysium as it prepares for the end of the game. But then an outsider named Asa arrives at Elysium's gates with nothing more than a sharp smile and a bag of magic tricks, and they trigger a terrible accident that gets both Sal and Asa exiled into the brutal Desert of Dust and Steel. There Sal and Asa stumble upon a gang of girls headed by another exile: a young witch everyone in Elysium believes to be dead. As the apocalypse looms, they must do more than simply tip the scales in Elysium's favor--only by reinventing the rules can they beat Life and Death at their own game in this exciting fantasy debut.

A "lavishly entertaining" (Publishers Weekly) distillation of Waugh's genius--abundant evidence that one of the twentieth century's most admired and enjoyed English novelists was also a master of the short form. Evelyn Waugh's short fiction reveals in miniaturized perfection the elements that made him the greatest satirist of the twentieth century. The stories collected here range from delightfully barbed portraits of the British upper classes to an alternative ending to Waugh's novel *A Handful of Dust*; from a "missing chapter" in the life of Charles Ryder, the nostalgic hero of *Brideshead Revisited*, to a plot-packed morality tale that Waugh composed at a very tender age; from an epistolary lark in the voice of "a young lady of leisure" to a darkly comic tale of scandal in a remote (and imaginary) African outpost.

Named a Best Book of the Year by The Washington Post, NPR, Vanity Fair, LA Times, San Francisco Chronicle, Huffington Post, The Atlantic, Refinery 29, Men's Journal, Ploughshares, Lit Hub, Book Riot, Los Angeles Magazine, Powells, BookPage and Kirkus Reviews The much-anticipated first novel from a Story Prize-winning "5 Under 35" fiction writer. In 2012, Claire Vaye Watkins's story collection, *Battleborn*, swept nearly every award for short fiction. Now this young writer, widely heralded as a once-in-a-generation talent, returns with a first novel that harnesses the sweeping vision and deep heart that made her debut so arresting to a love story set in a devastatingly imagined near future: Unrelenting drought has transfigured Southern California into a surreal, phantasmagoric landscape. With the Central Valley barren, underground aquifer drained, and Sierra snowpack entirely depleted, most "Mojavs," prevented by both armed vigilantes and an indifferent bureaucracy from freely crossing borders to lush regions, have allowed themselves to be evacuated to internment camps. In Los Angeles' Laurel Canyon, two young Mojavs—Luz, once a poster child for the Bureau of Conservation and its enemies, and Ray, a veteran of the "forever war" turned surfer—squat in a starlet's abandoned mansion. Holdouts, they subsist on rationed cola and whatever they can loot, scavenge, and improvise. The couple's fragile love somehow blooms in this arid place, and for the moment, it seems enough. But when they cross paths with a mysterious child, the thirst for a better future begins. They head east, a route strewn with danger: sinkholes and patrolling authorities, bandits and the brutal, omnipresent sun. Ghosting after them are rumors of a visionary dowsner—a diviner for water—and his followers, who whispers say have formed a colony at the edge of a mysterious sea of dunes. Immensely moving, profoundly disquieting, and mind-blowingly original, Watkins's novel explores the myths we believe about others and tell about ourselves, the double-edged power of our most cherished relationships, and the shape of hope in a precarious future that may be our own.

Evelyn Waugh kept a diary almost continuously from the age of seven until a year before his death in 1966. Extracts from the diaries caused sensation when they were published by the OBSERVER. They are a unique literary document of 300,000 words which provide the background to the novels which made Waugh famous, and gives a continuously sharp and baleful view of the social history of our times. THE DIARIES throw new light not only on Waugh's work, but on the character of a puzzling, cantankerous and formidable man.

"A work of art as rich and subtle and unnerving as anything its author has ever done" (New Yorker), *The Loved One* is Evelyn Waugh's cutting satire of 1940s California and the Anglo-American cultural divide. Following the death of a friend, the poet and pets' mortician Dennis Barlow finds himself entering the artificial Hollywood paradise of the Whispering Glades Memorial Park. Within its golden gates, death, American-style, is wrapped up and sold like a package holiday--and Dennis gets drawn into a bizarre love triangle with Aimée Thanatogenos, a naïve Californian corpse beautician, and Mr. Joyboy, a master of the embalmer's art. Waugh's dark and savage satire depicts a world where reputation, love, and death cost a very great deal.

The Untold Story of Those Who Survived the Great American Dust Bowl Scholastic Inc.

" An] exhaustive, deeply reported account . . . Few other journalists could have written a book as personal and authoritative . . . As Arax makes plain in this important book, it's been the same story in California for almost two centuries now: When it comes to water, 'the resource is finite. The greed isn't.'" --Gary Krist, The New York Times Book Review A vivid, searching journey into California's capture of water and soil--the epic story of a people's defiance of nature and the wonders, and ruin, it has wrought Mark Arax is from a family of Central Valley farmers, a writer with deep ties to the land who has watched the battles over water intensify even as California lurches from drought to flood and back again. In *The Dreamt Land*, he travels the state to explore the one-of-a-kind distribution system, built in the 1940s, '50s and '60s, that is straining to keep up with California's relentless growth. This is a heartfelt, beautifully written book about the land and the people who have worked it--from gold miners to wheat ranchers to small fruit farmers and today's Big Ag. Since the beginning, Californians have redirected rivers, drilled ever-deeper wells and built higher dams, pushing the water supply past its limit. *The Dreamt Land* weaves reportage, history and memoir to confront the "Golden State" myth in riveting fashion. No other chronicler of the West has so deeply delved into the empires of agriculture that drink so much of the water. The nation's biggest farmers--the nut king, grape king and citrus queen--tell their story here for the first time. This is a tale of politics and hubris in the arid West, of imported workers left behind in the sun and the fatigued earth that is made to give more even while it keeps sinking. But when drought turns to flood once again, all is forgotten as the farmers plant more nuts and the developers build more houses. Arax, the native son, is persistent and tough as he treks from desert to delta, mountain to valley. What he finds is hard earned, awe-inspiring, tragic and revelatory. In the end, his compassion for the land becomes an elegy to the dream that created California and now threatens to undo it.

In this groundbreaking study, Jonathan Greenberg locates a satiric sensibility at the heart of the modern. By promoting an antisentimental education, modernism denied the authority of emotion to guarantee moral and literary value. Instead, it fostered sophisticated, detached and apparently cruel attitudes toward pain and suffering. This sensibility challenged the novel's humanistic tradition, set ethics and aesthetics into conflict and fundamentally altered the ways that we know and feel. Through lively and original readings of works by Evelyn Waugh, Stella Gibbons, Nathanael West, Djuna Barnes, Samuel Beckett and others, this book analyzes a body of literature - late modernist satire - that can appear by turns aloof, sadistic, hilarious, ironic and poignant, but which continually questions inherited modes of feeling. By recognizing the centrality of satire to modernist aesthetics, Greenberg offers not only a new chapter in the history of satire but a persuasive new idea of what made modernism modern.

A Handful of Dust Little, Brown

The Ordeal of Gilbert Pinfold A Handful of Dust

"A wickedly witty and iridescent novel" (Time) from one of England's greatest satirists takes aim at the generation of Bright Young Things that dominated London high society in the 1920s. In the years following the First World War a new generation emerged, wistful and vulnerable beneath the glitter. The Bright Young Things of 1920s London, with their paradoxical mix of innocence and sophistication, exercised their inventive minds and vile bodies in every kind of capricious escapade. In these pages a vivid assortment of characters, among them the struggling writer Adam Fenwick-Symes and the glamorous, aristocratic Nina Blount, hunt fast and furiously for ever greater sensations and the hedonistic fulfillment of their desires. Evelyn Waugh's acidly funny satire reveals the darkness and vulnerability beneath the sparkling surface of the high life.
