*The CIA in Guatemala* HarperTeen  
Homeland meets Marie Lu's Legend in  
Blackout, which #1 New York Times  
bestselling author Ally Condie called "a  
thrilling combination of Wells's  
trademark twists and terror. Fantastic!"  
Laura and Alec are highly trained  
teenage terrorists. Jack and Aubrey are  
small-town high school students. There  
was no reason for their paths ever to

cross. But now a mysterious virus is  
spreading throughout America, infecting  
teenagers with impossible  
superpowers—and all teens are being  
rounded up, dragged to government  
testing facilities, and drafted into the  
army to fight terrorism. Suddenly, Jack,  
Laura, Aubrey, and Alec find their lives  
intertwined in a complex web of  
deception, loyalty, and catastrophic  
danger—where one wrong choice could  
trigger an explosion that ends it all.

"A book to rival TWILIGHT and VAMPIRE

DIARIES, and one that will have you wanting to keep reading until the very last page! If you are into adventure, love and vampires this book is the one for you!" --Vampirebooksite.com (Turned) The #1 Bestselling series! THE VAMPIRE JOURNALS, comprising 11 books, tells the story of 18 year old Caitlin Paine, who finds herself uprooted from her nice suburb and forced to attend a dangerous New York City high school when her Mom moves again. Before her new romance can blossom, Caitlin suddenly finds herself changing, into something she does not understand. A love between the races will risk both of their lives, and will force them to decide whether to risk it all for each other...

**Bud, Not Buddy** Simon and Schuster  
From the National Book Award-winning

author of Underworld, a "daring...provocative...exquisite" (The Washington Post) novel about five people gathered together in a Manhattan apartment, in the midst of a catastrophic event. It is Super Bowl Sunday in the year 2022. Five people, dinner, an apartment on the east side of Manhattan. The retired physics professor and her husband and her former student waiting for the couple who will join them from what becomes a dramatic flight from Paris. The conversation ranges from a survey telescope in North-central Chile to a favorite brand of bourbon to Einstein's 1912 Manuscript on the Special Theory of Relativity. Then something happens and the digital connections that have transformed our lives are severed. What follows is a

“brilliant and astonishing...masterpiece” (Chicago Tribune) about what makes us human. Don DeLillo completed this novel just weeks before the advent of the Covid pandemic. His language, the dazzle of his sentences offer a kind of solace in our bewildering world.

“DeLillo’s shrewd, darkly comic observations about the extravagance and alienation of contemporary life can still slice like a scalpel” (Entertainment Weekly). “In this wry and cutting meditation on collective loss, a rupture severs us, suddenly, from everything we’ve come to rely on. The Silence seems to absorb DeLillo’s entire body of work and sand it into stone or crystal.”  
—Rachel Kushner

**Helios** Random House Trade Paperbacks  
This 50-page digital original novella

introduces readers to Blackout, a series by acclaimed author Robison Wells that combines the high-stakes intensity of television's Homeland with the lightning-fast action of Marie Lu's Legend.

Something strange is happening to Krezi. She has a dangerously high fever her doctors can't explain, and objects keep bursting into flames around her—but the fire doesn't seem to hurt her at all. Krezi wants nothing more than to control her mysterious abilities. But what she doesn't know is that there are others like her out there . . . and in the wrong hands, this power could be deadly. Going Dark also features a teaser to Blackout. Epic Reads Impulse is a digital imprint with new releases each month.

**Life Inside My Mind** Tor Science Fiction  
It takes a graveyard to raise a child.

Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

**Turned (Book #1 in the Vampire Journals)** HarperCollins

"It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible. In California,

wildfires now rage year-round, destroying thousands of homes. Across the US, "500-year" storms pummel communities month after month, and floods displace tens of millions annually. This is only a preview of the changes to come. And they are coming fast. Without a revolution in how billions of humans conduct their lives, parts of the Earth could become close to uninhabitable, and other parts horrifically inhospitable, as soon as the end of this century. In his travelogue of our near future, David Wallace-Wells brings into stark relief the climate troubles that await -- food shortages, refugee emergencies, and other crises that will reshape the globe. But the world will be remade by warming in more profound ways as well, transforming our politics, our culture, our

relationship to technology, and our sense of history. It will be all-encompassing, shaping and distorting nearly every aspect of human life as it is lived today. Like *An Inconvenient Truth* and *Silent Spring* before it, *The Uninhabitable Earth* is both a meditation on the devastation we have brought upon ourselves and an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation"--

All American Boys Harper Collins

Perfect for fans of James Dashner's *The Maze Runner*, *Feedback* is the heart-stopping sequel to *Variant*—which Pittacus Lore, author of *I Am Number Four*, praised as "an intense journey with

some of the most shocking twists and turns I've ever read." Benson Fisher escaped from Maxfield Academy's deadly rules and brutal gangs. He thought that the worst was over. But now Benson is trapped in a different kind of prison—a town filled with familiar faces. Classmates from Maxfield who Benson had seen die. Friends he was afraid he had killed. They are all pawns in the school's twisted experiment, held captive and controlled by an unseen force. And while Benson struggles to figure out who, if anyone, can be trusted, he discovers that Maxfield Academy's plans are darker than anything he imagined—and they may be impossible to stop.

### The 3M Story HarperCollins

“Who better to raise teens’ awareness of mental illness and health than the YA authors they admire?” —Booklist (starred review) “[A] much-needed, enlightening book.” —School Library Journal (starred review) Your favorite YA authors including Ellen Hopkins, Maureen Johnson, and more recount their own experiences with mental health in this raw, real, and powerful collection of essays that explores everything from ADD to PTSD. Have you ever felt like you just couldn’t get out of bed? Not the occasional morning, but every day? Do you find yourself listening to a voice in your head that says “you’re not good enough,” “not good looking enough,” “not thin enough,” or “not smart enough”? Have you ever found

yourself unable to do homework or pay attention in class unless everything is “just so” on your desk? Everyone has had days like that, but what if you have them every day? You’re not alone. Millions of people are going through similar things. However issues around mental health still tend to be treated as something shrouded in shame or discussed in whispers. It’s easier to have a broken bone—something tangible that can be “fixed”—than to have a mental illness, and easier to have a discussion about sex than it is to have one about mental health. *Life Inside My Mind* is an anthology of true-life events from writers of this generation, for this generation. These essays tackle everything from neurodiversity to addiction to OCD to PTSD and much more. The goals of this

book range from providing a home to those who are feeling alone, awareness to those who are witnessing a friend or family member struggle, and to open the floodgates to conversation.

**Leave the World Behind** Dead Zone

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a

number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation,

enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving .

. . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports,

history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta*

A Blackout Novella Delacorte Books for Young Readers

Benson Fisher thought that a scholarship to Maxfield Academy would be the ticket out of his dead-end life. He was wrong. Now he's trapped in a school that's surrounded by a razor-wire fence. A school where video cameras monitor his every move. Where there are no adults. Where the kids have split into groups in order to survive. Where breaking the rules equals death. But when Benson stumbles upon the school's real secret, he realizes that playing by the rules could spell a fate worse than death, and that escape—his only real hope for survival—may be impossible.

Now with a new introduction for the Tor Essentials line, *A Fire Upon the Deep* is sure to bring a new generation of SF fans to Vinge's award-winning works. A Hugo Award-winning Novel! "Vinge is one of the best visionary writers of SF today."- David Brin  
Thousands of years in the future, humanity is no longer alone in a universe where a mind's potential is determined by its location in space, from superintelligent entities in the *Transcend*, to the limited minds of the *Unthinking Depths*, where only simple creatures, and technology, can function.

Nobody knows what strange force partitioned space into these "regions of thought," but when the warring Straumli realm use an ancient Transcendent artifact as a weapon, they unwittingly unleash an awesome power that destroys thousands of worlds and enslaves all natural and artificial intelligence. Fleeing this galactic threat, *Ravna* crash lands on a strange world with a ship-hold full of cryogenically frozen children, the only survivors from a destroyed space-lab. They are taken captive by the Tines, an alien race with a harsh medieval culture, and used as pawns in a ruthless power struggle. Tor books by Vernor Vinge

When Anthony Schumacher decided to run for a full term as President of the United States, one thing was abundantly clear - the Democrats would pull out all the stops to defeat him at the polls. Democratic presidential nominee Rosita Sanchez and her running mate, General T.D. Graham, know their best hope of winning is to convince the American people that President Schumacher is a danger to the country and they are the only hope for world peace. And they

believe they have the perfect plan to carry them to victory on Election Day. But one other thing was also very clear - the Islamic terrorists are well aware the biggest obstacle in their quest for world domination is President Schumacher. And they will do everything in their power to see him dead. When one of the 9/11 masterminds is put to death by the government, the enraged terrorists enter into an unholy alliance with Mexican drug cartels to see to it that President Schumacher and his FBI are never again able to wage war on their jihad and drug trafficking across the southern border. With all the chaos in the capital, the nation wonders whether President Schumacher will win the election, or more importantly, whether he will live to see another day.
