 Now in its ninth edition, Power and Politics in California continues its tradition of asking Californians to take a hard and systematic look at their state governance, and engage themselves in a critical analysis of what is working, what is not, and what changes need to be made for the state to meet the increasingly formidable challenges it faces. The era of Arnold is now in its mid-stages, and ...

Governance, patterns of rule or practices of governing. The study of governance generally approaches power as distinct from or exceeding the centralized authority of the modern state.. The term governance can be used specifically to describe changes in the nature and role of the state following the public-sector reforms of the 1980s and '90s. Typically, these reforms are said to have led to a ...
