A uniquely informed investigative account of one of the biggest financial crises of President Obama's early administration. During his first year in office, President Obama faced the possibility of more than a million lost jobs as GM and Chrysler headed for financial ruin. He

joined forces with Treasury Secretary Tim Geithner and economic advisor Larry Summers in a historic government intervention to keep these two auto-industry giants afloat, working against a ticking clock and fielding vocal opposition from free market champions along the way. It's from this vantage point that former New York Times financial journalist Steven Rattner witnesses a new administration's grace under pressure in the face of gross corporate mismanagement—a scenario rich in hard-earned lessons for managers and executives in any industry.

The Complete Wedding Planner for Brides to Be: a Rustic Organizer, Budget Planning and Checklist Notebook John Wiley & Sons

12 Years a Slave is a 2013 biographical period drama film and an adaptation of the 1853 slave memoir Twelve Years a Slave by Solomon Northup, a New York State born free African American man who was kidnapped in Washington, D.C. by two conmen in 1841 and sold into slavery. Northup was put to work on plantations in the state of Louisiana for 12 years before being released. The first scholarly edition of Northup's memoir, co edited in 1968 by Sue Eakin and Joseph Logsdon, carefully retraced and validated the account and concluded it to be accurate. Other characters in the film were also real people, including Edwin and Mary Epps, and Patsey.
