"Panicked by Orson Welles' 'War of the Worlds,' radio broadcast, my boss, Mr. Wiener, who owned the drug store, raced out the door. I assumed to fight the aliens or sell them some Pepto-Bismol." "During WWII, my racist co-workers threatened,

'We don't appreciate you with the nig*er.' "I'll eat my lunch with whoever I want,' I said defiantly, hoping they didn't see my knees knocking." "On a troop ship heading home on leave, I rolled 11 straight passes. If I'd been in Vegas, I'd have owned the hotel." "My most charismatic customer was Muhammad Ali, the most relaxed was Bing Crosby, and the most menacing was mobster Alan Dorfman who wound up murdered, gangland style." "Because of the unexpected steep grade, I fell. I lay helpless in the street, 96-years old, bleeding and unable to get up. But after being rescued I wondered, had I finally met my guardian angel?"

TIMES BESTSELLER The refreshingly original and “startlingly hopeful” (Lisa Taddeo) debut memoir of an over-achieving young lawyer who reluctantly agrees to group therapy and gets psychologically and emotionally naked in a room of six complete strangers—and finds human connection, and herself. Christie Tate had just been named the top student in her law school class and finally had her eating disorder under control. Why then was she driving through Chicago fantasizing about her own death? Why was she envisioning putting an end to the isolation and sadness that still plagued her despite her achievements? Enter Dr. Rosen, a therapist who calmly assures her that if she joins one of his psychotherapy groups, he can transform her life. All she

has to do is show up and be honest. About everything—her eating habits, childhood, sexual history, etc. Christie is skeptical, insisting that that she is defective, beyond cure. But Dr. Rosen issues a nine-word prescription that will change everything: “You don’t need a cure. You need a witness.” So begins her entry into the strange, terrifying, and ultimately life-changing world of group therapy. Christie is initially put off by Dr. Rosen’s outlandish directives, but as her defenses break down and she comes to trust Dr. Rosen and to depend on the sessions and the prescribed nightly phone calls with various group members, she begins to understand what it means to connect. “Often hilarious, and ultimately very touching” (People), Group is “a wild ride” (The Boston

Globe), and with Christie as our guide, we are given a front row seat to the daring, exhilarating, painful, and hilarious journey that is group therapy—an under-explored process that breaks you down, and then reassembles you so that all the pieces finally fit.

"Michael McCarty's 'A Little Help from My Fiends' truly shines. His collection of short stories is a lovingly created, watered with blood and harvested at the peak of ripeness kind of work. The approach to the collection is so fresh

that -- were it a steak -- you would note still a bit of warmth and even a faint pulse. You see, each story in this collection is co-authored with another excellent storyteller. Mark McLaughlin, Terrie Leigh Relf and Dave Miller, to name a few, make appearances. Each short story is prefaced with a few words that identify the co-author, point to an interesting tidbit of the tale's creation, and never fail to show McCarty lauding the co-author while remaining modestly in the background." -- Sylvia Cochran E-I-E-I-O How Old MacDonald Got His Farm (with a Little Help From a Hen) Scholastic Inc.

From Irving Berlin to Cy Coleman, from "Alexander's Ragtime Band" to "Big Spender," from Tin Pan Alley to the MGM soundstages, the Golden Age of the

American song embodied all that was cool, sexy, and sophisticated in popular culture. For four glittering decades, geniuses like Jerome Kern, George Gershwin, Cole Porter, and Harold Arlen ran their fingers over piano keys, enticing unforgettable melodies out of thin air. Critically acclaimed writer Wilfrid Sheed uncovered the legends, mingled with the greats, and gossiped with the insiders. Now he's crafted a dazzling, authoritative history of the era that "tripled the world's total supply of singable tunes." It began when immigrants in New York's Lower East Side heard black jazz and blues--and it surged into an artistic torrent nothing short of miraculous. Broke but eager, Izzy Baline transformed himself into Irving Berlin, married an heiress, and

embarked on a string of hits from “Always” to “Cheek to Cheek.” Berlin’s spiritual godson George Gershwin, in his brief but incandescent career, straddled Tin Pan Alley and Carnegie Hall, charming everyone in his orbit. Possessed of a world-class ego, Gershwin was also generous, exciting, and utterly original. Half a century later, Gershwin love songs like “Someone to Watch Over Me,” “The Man I Love,” and “Love Is Here to Stay” are as tender and moving as ever. Sheed also illuminates the unique gifts of the great jazz songsters Hoagy Carmichael and Duke Ellington, conjuring up the circumstances of their creativity and bringing back the thrill of what it was like to hear “Georgia on My Mind” or “Mood Indigo” for the first time. The Golden Age

of song sparked creative breakthroughs in both Broadway musicals and splashy Hollywood extravaganzas. Sheed vividly recounts how Cole Porter, Richard Rodgers, Jerome Kern, and Johnny Mercer spread the melodic wealth to stage and screen. Popular music was, writes Sheed, “far and away our greatest contribution to the world’s art supply in the so-called American Century.” Sheed hung out with some of the great artists while they were still writing—and better than anyone, he knows great music, its shimmer, bite, and exuberance. Sparkling with wit, insight, and the grace notes of wonderful songs, *The House That George Built* is a heartfelt, intensely personal portrait of an unforgettable era. A delightfully charming, funny, and most illuminating portrait of songwriters and

the Golden Age of American Popular Song. Mr. Sheed's carefully chosen depictions and anecdotes recapture that amazingly creative period, a moment in time in which I was so fortunate to be surrounded by all that magic." –Margaret Whiting

You probably knew Molly Ivins as an unabashed civil libertarian who used her rapier wit and good ole Texas horse sense to excoriate political figures she deemed unworthy of our trust and respect. But did you also know that Molly was one helluva cook? And we're not just talking chili and chicken-fried steak, either. Molly Ivins honed her culinary skills on visits to France—often returning with perfected techniques for saumon en papillote or delectable clafouti aux cerises. Friends who had the privilege of sharing Molly's table got not only a heaping helping of her insights into the

political shenanigans of the day, but also a mouth-watering meal, prepared from scratch with the finest ingredients and assembled with the same meticulous attention to detail that Molly devoted to skewering a political recalcitrant. In *Stirring It Up* with Molly Ivins, her longtime friend, fellow reporter, and frequent sous-chef Ellen Sweets takes us into the kitchen with Molly and introduces us to the private woman behind the public figure. She serves up her own and others' favorite stories about Ivins as she recalls the fabulous meals they shared, complete with recipes for thirty-five of Molly's signature dishes. These stories reveal a woman who was even more fascinating and complex than the "professional Texan" she enjoyed playing in public. Friends

who ate with Molly knew a cultured woman who was a fluent French speaker, voracious reader, rugged outdoors aficionado, music lover, loyal and loving friend, and surrogate mom to many of her friends' children, as well as to her super-spoiled poodle. They also came to revere the courageous woman who refused to let cancer stop her from doing what she wanted, when she wanted. This is the Molly you'll be delighted to meet in *Stirring It Up* with Molly Ivins.

authors present a research-based pedagogical model to help K-12 teachers modify the way they plan and implement their lessons to better support the linguistic, cognitive, and social-emotional development of culturally and linguistically diverse students. “The authors remind us that we are working too hard in our roles as providers of knowledge and literacy. Rather, a focus on collaborative interactions among students better enables their autonomy, mutual learning, and self-directed paths to meaning and knowledge. The teacher onus is reduced, yet students’ ownership and confidence are bolstered in more socioconstructive and effectual ways. This work is a must read for all educators!” —Socorro G. Herrera,

In this book, an award-winning journalist tells the story of people devising innovative ways to live as they approach retirement, options that ensure they are surrounded by a circle of friends, family, and neighbors. Based on visits and interviews at many communities around the country, Beth Baker weaves a rich tapestry of grassroots alternatives, some of them surprisingly affordable: • a mobile home cooperative in small-town Oregon • a senior artists colony in Los Angeles • neighbors helping neighbors in "Villages" or "naturally occurring retirement communities" • intentional cohousing communities • best friends

moving in together • multigenerational families that balance togetherness and privacy • niche communities including such diverse groups as retired postal workers, gays and lesbians, and Zen Buddhists Drawing on new research showing the importance of social support to healthy aging and the risks associated with loneliness and isolation, the author encourages the reader to plan for a future with strong connections. Baker explores whether individuals in declining health can really stay rooted in their communities through the end of life and concludes by examining the challenge of expanding the home-care workforce and the potential of new technologies like webcams and assistive robots. This book is the recipient of the annual Norman L. and Roselea J. Goldberg Prize for the

best project in the area of medicine.

NEW YORK TIMES BESTSELLER • WINNER OF THE BOOKER PRIZE • A modern masterpiece that "reminds us of the power of truth in the face of evil" (People)—and can be read on its own or as a sequel to Margaret Atwood's classic, *The Handmaid's Tale*. "Atwood's powers

are on full display” (Los Angeles Times) in this deeply compelling Booker Prize-winning novel, now updated with additional content that explores the historical sources, ideas, and material that inspired Atwood. More than fifteen years after the events of *The Handmaid’s Tale*, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three radically different women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order. The testimonies of these two young women are joined by a third: Aunt Lydia. Her complex past and uncertain future unfold in surprising and pivotal ways.

With *The Testaments*, Margaret Atwood opens up the innermost workings of Gilead, as each woman is forced to come to terms with who she is, and how far she will go for what she believes.
