History Of The Modern
EnvironmentalHistory of
the Modern Environmental

Movement in America By
Erin L. Gordon The
modern day
environmental movement
in the United States
began in the in 1960s and
1970s. This movement
was originally focused on
a few prominent
environmental issues and
disasters.
Environmentalism evolved

to become a multifaceted
movement in the United
States.History of the
Modern Environmental
Movement in AmericaThe
Modern Environmental
Movement. October 2,
1965 The Water Quality
Act passes, enhancing
Federal control over water
quality initially set by the
Federal Water Pollution

Control Act of 1948. These federal standards will become the baseline for statewide water quality levels. The Modern Environmental Movement | American Experience ... Environmental history is also the story of human exploitation of the natural world. It is about the impact of agriculture on soil and landscape, the history of forests, the effects of hunting and grazing; but also about the environmental impact of mining, transportation, urbanisation and industrialisation. What is

Environmental History? History of the Environmental Movement As concern about the environment grew among scientists in the mid-1950s, they began to measure the Earth's carbon dioxide levels at Mauna Loa Observatory in Hawaii in 1958. Climate Change Conversations: Causes, Impacts, Solutions The two major environmental history journals: Environmental History and Environment and History are also good departure points to find additional and more

recent literature. Atkins, Peter, Ian Simmons and Brian Roberts, People, Land and Time. Basic reading list - Environmental History Resources Environmentalism, political and ethical movement that seeks to improve and protect the quality of the natural environment through changes to environmentally harmful human activities; through the adoption of forms of political, economic, and social organization that are thought to be necessary for, or at least

conducive to, the benign treatment of the environment by humans; and through a ...environmentalism | Ideology, History, & Types | BritannicaThe Sierra Club was founded by John Muir and Robert Underwood Johnson. This was an environmental group that advocated for environmentalism. It is one of the oldest environmental groups in history, and has many members today.
