NEW YORK TIMES BESTSELLER Edward Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. In 2013, twenty-nine-year-old Edward Snowden shocked the world when he broke with the American intelligence establishment and revealed that the United States government was secretly pursuing the means to collect every single phone call, text message, and email. The result would be an unprecedented system of mass surveillance with the ability to pry into the private lives of every person on earth. Six years later, Snowden reveals for the very first time how he helped to build this system and why he was moved to expose it. Spanning the bucolic Beltway suburbs of his childhood and the clandestine CIA and NSA postings of his adulthood, *Permanent Record* is the extraordinary account of a bright young man who grew up online—a man who became a spy, a whistleblower, and, in exile, the Internet's conscience. Written with wit, grace, passion, and an unflinching candor, *Permanent Record* is a crucial memoir of our digital age and destined to be a classic.

Hidden in all of us is a metaphorical closet where we have hoarded our darkest secrets, irrational fears, and unresolved

traumas. In *Dancing Out of the Closet*, Matthew Shaffer exposes his outlandish childhood dramas, zany coming of age--while coming out of the closet--young adult debacles, and the "pinch me" moments that come from working alongside superstars like Leonardo DiCaprio and Amy Poehler on his quest for fame, fortune, and a size thirty waistline. Hilariously self-deprecating, addictively charming, and packed with pop culture commentary, Shaffer will have you crying with laughter, blushing with relatable embarrassment, and your heart exploding from shock that comes from an honest look inward. *Dancing Out of the Closet* is the perfect book for everyone who has survived childhood with a dream in their heart, those still seeking a stage to release their inner dancer, and anyone ready to laugh their way through the trials and triumphs of this journey we call life.

"THE FASTEST 30 BALLGAMES" is a World Record journey of dedicated 'Ballpark Chaser', Chuck Booth. In the summer of 2009, Booth accomplished this amazing feat of attending a full baseball game at every Major League Baseball home team's ballpark in only 24 calendar days. Booth managed this after falling just short of the record in 2008. The book chronicles the story of Booth as he rearranged his life to attempt the World Record after hearing the inspirational story of Jim Maclaren who faced two near death experiences--and how Jim overcame being a quadriplegic to become one of the most respected motivational speakers in America. The story features write-ups of all ballparks Booth visited during the streak with a look at traditions and physical appearance. It also reveals how after he became a member of *Ballpark Chasers*, he decided to include *Chaser Guides* that offer suggestions on how to travel, where to eat and sleep, the best parking, transportation to and from the ballpark, where to score the best seats and so much more. This knowledge is passed on to the reader in hopes of saving them time, money and stress when *Ballpark Chasing* around the country. Co-authors are fellow *Ballpark Chasers*: Craig B. Landgren and Ken Lee. Craig assisted with the *Ballpark Chaser Guides* while Ken charted Booth's record attempt in 2009. After living in San Francisco for fifteen years, journalist Gordon Young found himself yearning for his Rust Belt hometown: Flint, Michigan, the birthplace of General Motors and the "star" of the Michael Moore documentary *Roger & Me*. Hoping to rediscover and help a place that had once boasted one of the world's highest per capita income levels but had become one of the country's most impoverished and dangerous cities, he returned to Flint with the intention of buying a house. What he found was a place of stark contrasts and dramatic stories, where an exotic dancer could afford a lavish mansion, speculators scooped up cheap houses by the dozen on eBay, and arson was often the quickest route to neighborhood beautification. Skillfully blending personal memoir, historical inquiry, and interviews with Flint residents, Young constructs a vibrant tale of a once-thriving city still fighting—despite overwhelming odds—to rise from the ashes. He befriends a ragtag collection of urban homesteaders and die-hard locals who refuse to give up as they try to transform Flint into a smaller, greener town that offers lessons for cities all over the world. Hard-hitting, insightful, and often painfully funny, *Teardown* reminds us that cities are ultimately defined by people, not politics or economics.
