MORIAH AUGUST

The Brief American Pageant: A History of the Republic, Volume I: To 1877 Cengage Learning

Why is the United States the only advanced capitalist country with no labor party? This question is one of the great enduring puzzles of American political development, and it lies at the heart of a fundamental debate about the nature of American society. Tackling this debate

head-on, Robin Archer puts forward a new explanation for why there is no American labor party—an explanation that suggests that much of the conventional wisdom about "American exceptionalism" is untenable. Conventional explanations rely on comparison with Europe. Archer challenges these explanations by comparing the United States with its most similar New World counterpart—Australia. This comparison is particularly revealing, not only because the United States and Australia share many fundamental historical, political, and social

characteristics, but also because Australian unions established a labor party in the late nineteenth century, just when American unions, against a common backdrop of industrial defeat and depression, came closest to doing something similar. Archer examines each of the factors that could help explain the American outcome, and his systematic comparison yields unexpected conclusions. He argues that prosperity, democracy, liberalism, and racial hostility often promoted the very changes they are said to have obstructed. And he shows

that it was not these characteristics that left the United States without a labor party, but, rather, the powerful impact of repression, religion, and political sectarianism.

Fast Track to A 5 Cengage Learning "The inside story of American history. One of the most popular American history texts ever written, The American Pageant combines colorful anecdotes, first-person quotations, and the authors' trademark wit to engage students like no other text. This revised edition includes in-depth explorations of the cultural innovations, artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history. New in-text features present primary sources, scholarly debates, and key historical figures, and offer context for the major periods in American history -- giving you the tools you need to analyze key events and eras like a historian!"--Back cover.

Fitness and Wellness Wadsworth Publishing Company

THE AMERICAN PAGEANT, 14th EDITION, enjoys a reputation as one of the most popular, effective, and entertaining texts

in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 14th Edition places an even greater emphasis on the global context of American history through a new feature, Thinking Globally. Additional pedagogical features make THE AMERICAN PAGEANT accessible to students: chronologies in each chapter provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. To meet the demand for a low-cost, high-quality survey text, CENGAGE ADVANTAGE BOOKS: THE AMERICAN PAGEANT, COMPACT 14e, offers readers the complete text in an economically priced format. All volumes feature a paperbound, two-color format that appeals to those seeking a comprehensive, trade-sized history text. Available in the following split options: CENGAGE ADVANTAGE BOOKS: THE AMERICAN PAGEANT, COMPACT Fourteenth Edition (Chapters 1-42), ISBN: 978-0-495-90346-8; Volume I: To 1877, Fourteenth Edition (Chapters 1-22), ISBN: 978-0-495-90347-5; Volume II: Since 1865,

Fourteenth Edition (Chapters 22-42), ISBN: 978-0-495-90348-2. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. *The Many Panics of 1837* Wadsworth Publishing Company Brings to life topics and theories of cognition and shows the impact of cognitive theories on other fields of psychology. Practical coverage of cognitive neuroscience focuses on how localization of cognitive processes gives insight on function. This fifth edition includes new coverage of neuroscience, plus online cognitive demonstrations at a Web site. Learning features include questions and key terms. A separate study guide contains strategies for increasing comprehension and memory, and outlines of each chapter in the text, along with questions and answers.

A Massively Collaborative Open U.S. History Textbook, Vol. 1: To 1877 National Geographic Learning Filled with classic and current research about all aspects of educating young children with special needs, THE EXCEPTIONAL CHILD: INCLUSION IN EARLY

CHILDHOOD EDUCATION, 8th Edition, discusses key approaches and tools needed to provide an optimal setting for young exceptional children with special needs and their families. Many checklists and forms are included for use within the classroom to aid teachers and caregivers in developing a developmentally appropriate environment. The book's friendly and easy-to-use format is useful whether you are an educator or parent/caregiver. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Brief American Pageant: A History of the Republic, Volume II: Since 1865 Routledge

Primary source documents, often accessible only in musty archives, are the raw material from which historians craft their stories. The American Spirit is a virtual archive where students can touch the evidence deposited by the living, breathing, often conflicted and frequently contentious men and women who lived and shaped America's past.

The American Pageant Cengage Learning Managing Risk and Information Security: Protect to Enable, an ApressOpen title, describes the changing risk environment and why a fresh approach to information security is needed. Because almost every aspect of an enterprise is now dependent on technology, the focus of IT security must shift from locking down assets to enabling the business while managing and surviving risk. This compact book discusses business risk from a broader perspective, including privacy and regulatory considerations. It describes the increasing number of threats and vulnerabilities, but also offers strategies for developing solutions. These include discussions of how enterprises can take advantage of new and emerging technologies—such as social media and the huge proliferation of Internet-enabled devices—while minimizing risk. With ApressOpen, content is freely available through multiple online distribution

channels and electronic formats with the goal of disseminating professionally edited and technically reviewed content to the worldwide community. Here are some of the responses from reviewers of this exceptional work: “Managing Risk and Information Security is a perceptive, balanced, and often thought-provoking exploration of evolving information risk and security challenges within a business context. Harkins clearly connects the needed, but often-overlooked linkage and dialog between the business and technical worlds and offers actionable strategies. The book contains eye-opening security insights that are easily understood, even by the curious layman.” Fred Wettling, Bechtel Fellow, IS&T Ethics & Compliance Officer, Bechtel “As disruptive technology innovations and escalating cyber threats continue to create enormous information security challenges, Managing Risk and Information Security: Protect to Enable provides a much-needed perspective. This book compels information security professionals to think differently about concepts of risk management in order to be more effective. The specific and practical guidance offers a fast-track

formula for developing information security strategies which are lock-step with business priorities.” Laura Robinson, Principal, Robinson Insight Chair, Security for Business Innovation Council (SBIC) Program Director, Executive Security Action Forum (ESAF) “The mandate of the information security function is being completely rewritten. Unfortunately most heads of security haven’t picked up on the change, impeding their companies’ agility and ability to innovate. This book makes the case for why security needs to change, and shows how to get started. It will be regarded as marking the turning point in information security for years to come.” Dr. Jeremy Bergsman, Practice Manager, CEB “The world we are responsible to protect is changing dramatically and at an accelerating pace. Technology is pervasive in virtually every aspect of our lives. Clouds, virtualization and mobile are redefining computing – and they are just the beginning of what is to come. Your security perimeter is defined by wherever your information and people happen to be. We are attacked by professional adversaries who are better funded than we will ever be. We in the information

security profession must change as dramatically as the environment we protect. We need new skills and new strategies to do our jobs effectively. We literally need to change the way we think. Written by one of the best in the business, Managing Risk and Information Security challenges traditional security theory with clear examples of the need for change. It also provides expert advice on how to dramatically increase the success of your security strategy and methods – from dealing with the misperception of risk to how to become a Z-shaped CISO. Managing Risk and Information Security is the ultimate treatise on how to deliver effective security to the world we live in for the next 10 years. It is absolute must reading for anyone in our profession – and should be on the desk of every CISO in the world.” Dave Cullinane, CISSP CEO Security Starfish, LLC “In this overview, Malcolm Harkins delivers an insightful survey of the trends, threats, and tactics shaping information risk and security. From regulatory compliance to psychology to the changing threat context, this work provides a compelling introduction to an important topic and trains helpful

attention on the effects of changing technology and management practices.” Dr. Mariano-Florentino Cuéllar Professor, Stanford Law School Co-Director, Stanford Center for International Security and Cooperation (CISAC), Stanford University “Malcolm Harkins gets it. In his new book Malcolm outlines the major forces changing the information security risk landscape from a big picture perspective, and then goes on to offer effective methods of managing that risk from a practitioner's viewpoint. The combination makes this book unique and a must read for anyone interested in IT risk.” Dennis Devlin AVP, Information Security and Compliance, The George Washington University “Managing Risk and Information Security is the first-to-read, must-read book on information security for C-Suite executives. It is accessible, understandable and actionable. No sky-is-falling scare tactics, no techno-babble – just straight talk about a critically important subject. There is no better primer on the economics, ergonomics and psycho-behaviourals of security than this.” Thornton May, Futurist, Executive Director & Dean, IT Leadership Academy

“Managing Risk and Information Security is a wake-up call for information security executives and a ray of light for business leaders. It equips organizations with the knowledge required to transform their security programs from a “culture of no” to one focused on agility, value and competitiveness. Unlike other publications, Malcolm provides clear and immediately applicable solutions to optimally balance the frequently opposing needs of risk reduction and business growth. This book should be required reading for anyone currently serving in, or seeking to achieve, the role of Chief Information Security Officer.” Jamil Farshchi, Senior Business Leader of Strategic Planning and Initiatives, VISA “For too many years, business and security – either real or imagined – were at odds. In *Managing Risk and Information Security: Protect to Enable*, you get what you expect – real life practical ways to break logjams, have security actually enable business, and marries security architecture and business architecture. Why this book? It's written by a practitioner, and not just any practitioner, one of the leading minds in Security today.” John Stewart, Chief

Security Officer, Cisco “This book is an invaluable guide to help security professionals address risk in new ways in this alarmingly fast changing environment. Packed with examples which makes it a pleasure to read, the book captures practical ways a forward thinking CISO can turn information security into a competitive advantage for their business. This book provides a new framework for managing risk in an entertaining and thought provoking way. This will change the way security professionals work with their business leaders, and help get products to market faster. The 6 irrefutable laws of information security should be on a stone plaque on the desk of every security professional.” Steven Proctor, VP, Audit & Risk Management, Flextronics
[Understanding Dying, Death, and Bereavement](#) Cengage Learning
 In this signal work of history, Bancroft Prize winner and Pulitzer Prize finalist Lizabeth Cohen shows how the pursuit of prosperity after World War II fueled our pervasive consumer mentality and transformed American life. Trumpeted as a means to promote the general welfare,

mass consumption quickly outgrew its economic objectives and became synonymous with patriotism, social equality, and the American Dream. Material goods came to embody the promise of America, and the power of consumers to purchase everything from vacuum cleaners to convertibles gave rise to the power of citizens to purchase political influence and effect social change. Yet despite undeniable successes and unprecedented affluence, mass consumption also fostered economic inequality and the fracturing of society along gender, class, and racial lines. In charting the complex legacy of our “Consumers’ Republic” Lizabeth Cohen has written a bold, encompassing, and profoundly influential book.
Cengage Advantage Books: The American Pageant, Volume 1: To 1877 Cengage Learning
 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part

Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, “Contending Voices,” offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). This book examines the discourses on nation-building, civic identity, minorities, and the formation of religious identities in school textbooks worldwide. It offers up-to-date, practical, and scholarly information on qualitative and mixed-method textbook analysis, as well as the broader context of critical comparative textbook and curriculum analyses in and across selected countries. The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social, political, and economic groups affect textbook production and the curricular aims in different educational systems worldwide. Chapters address the role of school textbooks in developing

nationhood, the creation of citizenship through school textbooks, the complexity of gender in normative discourses, and the intersection of religion and culture in school textbooks.

Program Evaluation Cengage Learning

This text introduces students to both primary sources and analytical essays on important topics in U.S. history. The book asks students to evaluate primary sources, test the interpretations and draw their own conclusions.
