A View from 1941 Arohi Publications Delhi
 This book traces the evolution and transformation of the Jharkhandi identity over the last half-century culminating in the formation of the Jharkhand state in November 2000. The book provides decade-wise detailed socio-economic data for Jharkhand and undivided Bihar, beginning with 1950, and correlates the performance of the Jharkhandi political formations in Lok Sabha elections with the development profile of Jharkhand (in relation to undivided Bihar). It would be immensely valuable to political analysts, political parties, economists, policy makers, advocates of smaller states in India, and the state governments of Jharkhand and present-day Bihar.

 "India is a vast country. All states and Union Territories enjoy autonomy to a great extent and flourish in their own manner. Some states are similar to each other while others are quite different

from the rest. People of one state have little authentic knowledge about the other states. This situation, in some cases, creates problems and difficulties with no ready solution at hand. Hence this comprehensive and exhaustive encyclopaedic work. Every state and union territory has been covered in a separate book, each book, devoted to one state or union territory covers life and people under various heads - Land, People, Heritage, History, Geography, Economy, Polity, Tourism, etc. The Beautiful India Series is an asset for all scholars, researchers, teachers, students and anyone else who wants to know India and her states."

The Beautiful India - Jharkhand Allied Publishers

The 50 years old Jharkand movement appears to have won a new lease of life ever since Union Home Ministers S.B. Chavan's fatuous remarks abotu a separate state within the constitutional framework of India. One of the longest surviving movements in India despite setbacks, the cause it espouses- the emancipation of Adivasis from the yoke of upper-class non-Adivasis, has helped strengthen its survival instincts. It has, over the years, suffered greatly due to fragmentation politicking, factionalism and inter and tribal-non tribal divides. Teh tribes and backward castes who inhabit the Chotanagpur and Santhal Pargana areas have been victims of an exploitative social system ever since colonial times. This naturally led to great and deep-rooted resentment and gave birth to the demand for a separate state for the tribals.

Jharkhand Objective 2021 Diamond Pocket Books (P) Ltd.

Jharkhand, which was carved out of the southern part of the State of Bihar on November 15, 2000, shares its border with Bihar, Uttar Pradesh, West Bengal, Chhattisgarh and Odisha. With Ranchi as its capital, the state is known for its rich reserves of natural resources and Nature's bounty. Little wonder, it is often referred to as the 'Land of Forests'. For the abundance of mineral resources, successive rulers have tried to control this region right since the ancient times. It was the British administration which most exploited the region as they made Kolkata (then Calcutta) the main port to export minerals from here to their country. The legendary hero of the tribals, Birsa Munda, along with many others like Sidho and Kanho, fought against British oppression. Birsa Munda is regarded as 'God's Messenger' in the fight of the tribals for natural right over land and the vast forest reserves that characterize the State. This book brings to light various characteristics of Jharkhand viz. —History, Geographical Position, Soil and Climate, Mineral Resources, Industry Tribal Communities, Art and Culture, Language, Literature and Newspapers, Important Personalities etc. in quiz form to make it useful for common readers and competitive exams' aspirants as well.
