 "Lead us not into

temptation..." ~Matthew 6:13
 What happens when you fall in love with your best friend's father? Leah is a good, Catholic girl, and she and Erica have been best friends since their first communion. Sure, Erica's father is handsome and charming, but Leah spends so much time at the Nolan's—just Erica and her famous, photographer father now, since Erica's mother died—that she's practically part of the family. Both girls have led privileged, sheltered lives and are on the "good girl" track at St. Mary Magdalene's Preparatory College, Leah pursuing her love of dance and Erica sating her endless curiosity as editor of the newspaper. Neither of them could have ever imagined that one fateful discovery will not only push the boundaries of their strict, repressive upbringing, but the bonds of their friendship as well. Leah certainly never could have imagined finding herself torn between her best friend and her best friend's father. Sure, Leah's mother had always talked about Mr. Nolan as "a catch," but Leah herself had never thought of him as anything other than just Erica's dad—until the girls

discover something darkly erotic under Mr. Nolan's bed, a deep, shameful secret that will not only lead them into temptation, but will deliver them into a far greater revelation than any of them could ever have imagined. If you read the original *Under Mr. Nolan's Bed*, you will find this retelling a richer experience with deeper secrets to reveal—and don't miss *Under Mr. Nolan's Bed: CONFESSION*, the second installment in the three-part series!

 Sibyl Blackthorne isn't afraid of anything—except maybe being sold into marriage to a man she doesn't love. A man she's never even met. A man who, by reputation, is one of Scotland's cruelest lairds in over a century. But what choice does she have, with her father dead and her uncle now married to his brother's widow, putting him in charge of not only the Blackthorne fortune, but Sibyl's future as well? Then her betrothed turns out to actually be far worse than his reputation, so headstrong Sibyl decides life as a peasant, or even death, would be preferable to a

future with such a despicable man, and makes plans to run away. On an organized hunt for wolves—or, as the Scots call them, wulvers—Sybil escapes her fiancé's clutches, only to find she's run into something far more untamed and dangerous in the middle of the woods. When a big, brawny, long-haired man, who only speaks to her in Gaelic and calls himself Raife, simply picks her up and carries her off with him into the Scottish wild, Sibyl knows she's in trouble. When he takes her to a place no human has ever been, she knows she's gone over the edge. And when he, at last, marks her as his own, she discovers that only one wild heart can claim another.

Who invented our modern ideas of democracy and free market capitalism? The Scots. As historian and author Arthur Herman reveals, in the eighteenth and nineteenth centuries Scotland made crucial contributions to science, philosophy, literature, education, medicine, commerce, and politics—contributions that have formed and nurtured the modern West ever since. Herman has charted a fascinating journey across the

centuries of Scottish history. Here is the untold story of how John Knox and the Church of Scotland laid the foundation for our modern idea of democracy; how the Scottish Enlightenment helped to inspire both the American Revolution and the U.S. Constitution; and how thousands of Scottish immigrants left their homes to create the American frontier, the Australian outback, and the British Empire in India and Hong Kong. How the Scots Invented the Modern World reveals how Scottish genius for creating the basic ideas and institutions of modern life stamped the lives of a series of remarkable historical figures, from James Watt and Adam Smith to Andrew Carnegie and Arthur Conan Doyle, and how Scottish heroes continue to inspire our contemporary culture, from William "Braveheart" Wallace to James Bond. And no one who takes this incredible historical trek will ever view the Scots—or the modern West—in the same way again. EXCERPT:When I came out of the bedroom, he was naked on the bed, a few pillows tucked behind his head. His eyes lit up when he saw me and he let out a low whistle. "Where's the KY?" he asked. I smiled, bringing the bag out from behind my back. I was more than ready. I tossed it toward him and he caught it, opening the Ziploc bags and fishing out the tubes. He threw one back at me. "For the bathroom. Leave it on the counter." I walked back to the bathroom, still just a little unsteady in the heels, peeking around the corner to put the KY next to the sink. When I turned back, Jack was pacing, tossing pillows around the room. He threw a bottle of KY next to the two pillows

on the floor, one on each side of the bed. He put one on each night table. "What are you doing?" I put my hands on my hips and cocked my head at him. "Tactical maneuvers." He looked over at me with a grin. "Reinforcing my supply lines." I laughed, shaking my head. He sat on the bed, crooking his finger at me again, and with a sense of deja-vu, I came to stand between his thighs. His hands moved over my hips in the white cotton panties and then slid up to my breasts in the black lace bra, pushing my flesh up until it threatened to spill over the top. "Angel and slut." His breath was hot against my belly as he kissed me there, and I finally understood his choice in garments. His thumbs rolled over my nipples through the lace and I sighed, arching my back toward him. He licked them through the fabric, making fat circles around and around. Slipping my hand through his hair, I pulled him closer, moving forward and sitting on his leg, rubbing my pussy over his thigh. I'd been wearing the panties less than five minutes and they were already damp. His cock was hard,

brushing against the lace top of my thigh high as I ground my hips against him—the heat of it was incredible. I reached down and tugged on his shaft, rubbing my thumb over the tip, making him groan against my breasts with his face buried there. Slowly, I slid down his thigh, kneeling between his legs and looking up at him. His cock was pointing straight at my mouth, as if it knew just what it wanted, and I reached my tongue out for it, licking all around the tip, making it wet. Jack made a happy noise in his throat, looking down to see himself disappearing into my mouth. I loved sucking his cock, and I knew just what he liked, teasing and licking and even nibbling at first, just at the tip, until he started leaking pre-cum. Then I opened my mouth wide, taking him in as far as I could go, usually about halfway at first, working him deeper and deeper with every pass. I put my hands behind my back as I sucked him, crossing my arms at the wrists. It was my version of "see, no hands!" and he loved it, grabbing my hair, growling and thrusting, using my mouth and throat for his pleasure. There were times when I

could, and did, do this for hours, in various positions, bringing him to a near-boiling point again and again, only to back off for a while, licking his thighs, his balls, his belly, and then starting all over.
