Companion: Wilderness Origins Paizo, Incorporated Reveals how the ancient Celtic text of the Mabinogion was the mythical predecessor to the legends of King Arthur. • Revised edition of Arthur and the Sovereignty of Britain (UK) that includes the author's latest research and insights. • A comprehensive reader's companion with synopsis of stories and full commentary. • Written by renowned scholar Caitlín Matthews, author of *The Celtic Wisdom Tarot* (15,000 sold). The ancient Celtic stories of the Mabinogion have received universal recognition from scholars as both sources of the Arthurian legend and keys to insights into the ancient magic of the Celtic Otherworld. Now renowned Celtic scholar Caitlín Matthews, drawing on a full range of medieval texts and ancient Welsh writings, provides a fully revised and updated reader's guide to these rich and far-reaching tales. In *King Arthur and the Goddess of the Land*, Matthews sheds particular light on Sovereignty, the Goddess of the sacred land of Britain, and the spiritual principle of the Divine

Feminine. Clearly revealed are the many alternate forms taken by the Goddess of the Land--including her incarnation as Morgan of Avalon, who plays a dominant role in the Arthurian cycle. Also established are links between the legendary characters of the Mabinogion and their counterparts in other living myths of the Western world. Through the marriage of the Celtic kings to the Goddess of the Land, the sacred contract between political rulership and responsibility for the land's well-being is dramatically revealed. In *King Arthur and the Goddess of the Land*, Matthews once again articulates definitively the continuing relevance of ancient Celtic thought and belief as illustrated in the powerful myths and legends of ancient Britain.

Ultimate Magic Pocket Edition Paizo, Incorporated

The book kicks off with an Overview of magical crossbreeding, looking at the ways arcane energies can be harnessed to recreate various magical creatures or entirely new species. Designing Magical Crossbreeds gives all the basic rules required to create new creatures. Complete rules and tables are given to allow players to specify the ability scores and special traits of their creations. Every aspect of the new creature's statistic block is detailed here, including attacks and face/reach.

Transmutation Rituals covers everything such characters will need including laboratories and the acquisition of test 'subjects', as well as methods of pacifying them during the ritual. Having decided upon the ritual and acquired the 'base' creatures, the player may then use the rules in Creating Magical Crossbreeds to bring his new creation to life, bringing his arcane knowledge to bear along with any required materials. Advanced Procedures provide accomplished practitioners with a wide range of new options to further enhance their understanding of this art. The next chapter, Magic Items, provides practitioners with new objects of arcane power designed to enhance their transmutation rituals and increase the capabilities of the species they create. The last chapter Provides many Sample Hybrids for players to base their new designs on, or for Games Masters to quickly insert into their scenarios - and there are going to be many that get the creative juices flowing immediately. The book wraps up with a few words from Johnathan in the Designer's Notes.
