The Day the Game of Golf Changed Forever Mvp Books
This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A

load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.

By Honor Bound Gotham Books

In April of 1972, SEAL Lieutenant Tom Norris risked his life in an

unprecedented ground rescue of two American airmen who were shot down behind enemy lines in North Vietnam, a feat for which he would be awarded the Medal of Honor--an award that represents the pinnacle of heroism and courage. Just six months later, Norris was sent on a dangerous special reconnaissance mission that would take his team deep into enemy territory. On that mission, they engaged a vastly superior force. In the running gun battle that ensued, Lieutenant Norris was severely wounded; a bullet entered his left eye and exited the left side of his head. SEAL Petty Officer Mike Thornton, under heavy fire, fought his way back onto a North Vietnamese beach to rescue his officer. This was the first time Tom and Mike had been on a combat mission together. Mike's act of courage and loyalty marks the only time in modern history that the Medal of Honor has been awarded in a combat action where one recipient received the Medal for saving the life of another. *Honor Bound* is the story of Tom Norris and Mike Thornton, two living American heroes who grew up very differently, entered military service and the Navy SEAL teams for vastly different reasons, and were thrown together for a single combat mission--a mission that would define their lives from that day forward.

Black Watch Penguin

Traces the author's year-long attempt to earn a competitor's spot at the PGA Tour Qualifying School, an endeavor marked by such challenges as crash diets, sports psychiatrists, and obscure tournaments. 30,000 first printing.

Everywhere You Don't Belong Aurum

To America, he was a hero. To his troops, he was a soldier. Now hear his story. Each new era in American history has given rise to

a military leader who defines the nation's proudest traditions—of leadership and honor, of vision and commitment and courage in the face of any challenge. From Washington and U.S. Grant to Dwight D. Eisenhower and Norman Schwarzkopf, these men have captured the nation's imagination, and entered the small pantheon of

Go Like Hell Birlinn Limited

The U. S. hockey team's victory at the 1980 Olympics was a "Miracle on Ice"--a miracle largely brought about by Herb Brooks, the legendary coach who forged that invincible team. Famously antagonistic toward the press at Lake Placid, Brooks nonetheless turned to sportswriter John Gilbert after each game, giving his longtime friend and confidant what became the most comprehensive coverage of the '80 team. This book is Gilbert's memoir of Brooks. Neither strictly biography or tell-all exposé, *Herb Brooks: The Inside Story of a Hockey Mastermind* is the story of an extraordinary man as it emerged in the course of a remarkable friendship.

Strange Fire Disney Electronic Content

Young Tom Morris, the son of the legendary pioneer of golf, Tom Morris, was golf's first superstar. Born at a pivotal moment in history, just as the new and inexpensive 'guttie' ball was making golf affordable and drawing thousands of new players to the game, his genius and his swashbuckling personality would set a game that had been frozen in amber for four centuries on the pathway to becoming worldwide spectator sport we know today. Exhaustively researched and beautifully illustrated, *Monarch of the Green* is a stirring and evocative history of Tommy's life (which also includes, for the first time, a compilation of his

competitive record in stroke-play tournaments, singles matches, and foursomes) and demonstrates how, in one dazzling decade, this young superstar dominated the sport like few others have ever done. "A splendid new biography. How good was young Tom Morris? Stephen Proctor makes his case cogently. Young Tom Morris was one of the greatest of them all" - Allan Massie "Tells of the short but significant life of golfing legend young Tom Morris. Proctor sets his achievements within the context of the time. A useful book to newcomers to the game of golf, who want to understand its history and traditions" - Scots Magazine, Book of the Month

The Inside Story of a Hockey Mastermind Carolrhoda Books ®
"The first third-generation baseball player in Major League Baseball history provides a sometimes moving, always candid look at his family's 70 years in the world of professional baseball"--NoveList.

An Obsessed Golfer's Quest to Play with the Pros Arena Sport
The game of golf not only has a universal appeal, but also generates more economic activity and employment than any other sport. This book is about how one man, Tom Morris of St. Andrews, presided over the greatest period in the development of golf. Born in a humble weaver's cottage in 1821, Morris largely made golf what it is today. From Morris and his son winning eight of the first twelve Open Championships to Morris being the first golf professional to design and build a course—Prestwick—this account shares the extraordinary blend of triumph and tragedy that marked this golf icon's life.

The Story of Old Tom Morris and Young Tom Morris, Golf's Founding Father and Son Vintage

Having learned to be creative in drawing pictures at home, young Tommy is dismayed when he goes to school and finds the art lesson there much more regimented.

The Story of Old Tom Morris and Young Tom Morris, Golf's Founding Father and Son Knopf Books for Young Readers

The award-winning author of Tommy's Honor offers a revealing glimpse inside the high-pressure world of junior golf, chronicling a year at the David Leadbetter Golf Academy, where teens attend an on-campus high school while spending hours learning the high-tech skills of golf. 25,000 first printing.

Ben Hogan Houghton Mifflin Harcourt

John Taliaferro Thompson had a mission: to develop a lightweight, fast-firing weapon that would help Americans win on the battlefield. His Thompson submachine gun could deliver a hundred bullets in a matter of seconds—but didn't find a market in the U.S. military. Instead, the Tommy gun became the weapon of choice for a generation of bootleggers and bank-robbing outlaws, and became a deadly American icon. Following a bloody decade—and eighty years before the mass shootings of our own time—Congress moved to take this weapon off the streets, igniting a national debate about gun control. Critically-acclaimed author Karen Blumenthal tells the fascinating story of this famous and deadly weapon—of the lives it changed, the debate it sparked, and the unprecedented response it inspired.

Driven Birds

A New York Times Book Review Notable Book of 2020 "A comically dark coming-of-age story about growing up on the South Side of Chicago, but it's also social commentary at its finest, woven seamlessly into the work . . . Bump's meditation on

belonging and not belonging, where or with whom, how love is a way home no matter where you are, is handled so beautifully that you don't know he's hypnotized you until he's done." —Tommy Orange, *The New York Times Book Review* In this alternately witty and heartbreaking debut novel, Gabriel Bump gives us an unforgettable protagonist, Claude McKay Love. Claude isn't dangerous or brilliant—he's an average kid coping with abandonment, violence, riots, failed love, and societal pressures as he steers his way past the signposts of youth: childhood friendships, basketball tryouts, first love, first heartbreak, picking a college, moving away from home. Claude just wants a place where he can fit. As a young black man born on the South Side of Chicago, he is raised by his civil rights-era grandmother, who tries to shape him into a principled actor for change; yet when riots consume his neighborhood, he hesitates to take sides, unwilling to let race define his life. He decides to escape Chicago for another place, to go to college, to find a new identity, to leave the pressure cooker of his hometown behind. But as he discovers, he cannot; there is no safe haven for a young black man in this time and place called America. Percolating with fierceness and originality, attuned to the ironies inherent in our twenty-first-century landscape, *Everywhere You Don't Belong* marks the arrival of a brilliant young talent.

Monarch of the Green ESPN

Composed as a long text message, this poem asks what happens to a modern, queer indigenous person a few generations after his ancestors were alienated from their language, their religion, and their history.

with audio recording Henry Holt and Company

THE GREATEST GAME EVER PLAYED is the story of Francis Ouimet and Harry Vardon, who in pursuit of their passion for a game that captivated them as children, broke down rigid social barriers that made their sport accessible to everyone on both sides of the Atlantic and beyond, positioning golf as one of the most widely played games in the world. Ouimet and Vardon were two men from different generations and vastly different corners of the world whose lives, unbeknownst to them at the time, bore remarkable similarities, setting them on parallel paths that led with a kind of fated inevitability to their epic battle at Brookline years in the future. This collision resulted in the big bang' that gave rise to the sport of golf as we know it today. For Mark Frost, Francis Ouimet and Harry Vardon represent everything that's right about sports in general and sportsmen in particular; gentlemen, champions, teachers, leaders, and each in their own quiet way, heroes. In THE GREATEST GAME EVER PLAYED, Frost attempts to create penetrating studies of both of these men, along with over dozens of the game's seminal figures, within the dramatic framework offered by the tournament when they finally met, one of the most thrilling sports events in history, the 1913 U.S. Open.

Titanic Thompson: The Man Who Bet on Everything Penguin

This beautiful edition of Tomie dePaola's progressive 1979 classic stars a special little boy who won't give up on the dreams that make him unique. Oliver Button is a sissy. At least that's what the other boys call him. But here's what Oliver Button really is: a reader, and an artist, and a singer, and a dancer, and more. What will his classmates say when he steps into the spotlight?

[Bobby Jones, America, and the Story of Golf](#) Faber & Faber

The dramatic story of a legendary 1979 slugfest between the Chicago Cubs and the Philadelphia Phillies, full of runs, hits, and subplots, at the tipping point of a new era in baseball history It was a Thursday at Chicago's Wrigley Field, mostly sunny with the wind blowing out. Nobody expected an afternoon game between the Philadelphia Phillies and Chicago Cubs on May 17, 1979, to be much more than a lazy early-season contest matching two teams heading in opposite directions—the first-place Phillies and the Cubs, those lovable losers—until they combined for thirteen runs in the first inning. “The craziest game ever,” one player called it. “And then the second inning started.” Ten Innings at Wrigley is Kevin Cook's vivid account of a game that could only have happened at this ballpark, in this era, with this colorful cast of heroes and heels: Hall of Famers Mike Schmidt and Bruce Sutter, surly slugger Dave Kingman, hustler Pete Rose, unlucky Bill Buckner, scarred Vietnam vet Garry Maddox, troubled relief pitcher Donnie Moore, clubhouse jester Tug McGraw, and two managers pulling out what was left of their hair. It was the highest-scoring ballgame in a century, and much more than that. Bringing to life the run-up and aftermath of a contest The New York Times called “the wildest in modern history,” Cook reveals the human stories behind the game—and how money, muscles and modern statistics were about to change baseball forever. *Harry Vardon, Francis Ouimet, and the Birth of Modern Golf* Penguin

The untold story of a national trauma—NASA's Challenger explosion—and what really happened to America's Teacher in Space, illuminating the tragic cost of humanity setting its sight on the stars You've seen the pictures. You know what happened. Or

do you? On January 28, 1986, NASA's space shuttle Challenger exploded after blasting off from Cape Canaveral. Christa McAuliffe, America's “Teacher in Space,” was instantly killed, along with the other six members of the mission. At least that's what most of us remember. Kevin Cook tells us what really happened on that ill-fated, unforgettable day. He traces the pressures—leading from NASA to the White House—that triggered the fatal order to launch on an ice-cold Florida morning. Cook takes readers inside the shuttle for the agonizing minutes after the explosion, which the astronauts did indeed survive. He uncovers the errors and corner-cutting that led an overconfident space agency to launch a crew that had no chance to escape. But this is more than a corrective to a now-dimming memory.

Centering on McAuliffe, a charmingly down-to-earth civilian on the cusp of history, *The Burning Blue* animates a colorful cast of characters: a pair of red-hot flyers at the shuttle's controls, the second female and first Jewish astronaut, the second Black astronaut, and the first Asian American and Buddhist in space. Drawing vivid portraits of Christa and the astronauts, Cook makes readers forget the fate they're hurtling toward. With drama, immediacy, and shocking surprises, he reveals the human price the Challenger crew and America paid for politics, capital-P Progress, and the national dream of “reaching for the stars.”

A Face of Courage Simon and Schuster

A tribute to the professional achievements of the father-and-son team of Tom and Tom Morris cites their pivotal contributions to the founding of golf in the 1800s, the differences in their athletic styles, and young Tom's tragic early death.

Don't Miss the Original Series Tom Clancy's Jack Ryan Starring John Krasinski! THE #1 NEW YORK TIMES BESTSELLING JACK RYAN NOVEL "A harrowing tale...Clancy keeps you riveted with political intrigue and military maneuvering [and] sends you rushing headlong to the book's stunning conclusion."—USA Today Bestselling author Tom Clancy takes a bold, incisive look at what our nation's leaders are calling "the new world order." The time and place: a world at peace, where yesterday's enemies are tomorrow's allies. The players: Jack Ryan as the new U.S. President's National Security Advisor, and his CIA colleagues, John Clark and Domingo Chavez. The crisis: a shocking chain of events in which the wages of peace are as fully complex—and devastating—as those of war. "[Debt of Honor] traces the financial, political, military, and personal machinations that drive America into the next major global war...A SHOCKER."—Entertainment Weekly

Two Navy SEALs, the Medal of Honor, and a Story of Extraordinary Courage Harper Collins

From the bestselling author of the critically acclaimed *The Greatest Game Ever Played* comes *The Grand Slam*, a riveting, in-depth look at the life and times of golf icon Bobby Jones. In the wake of the stock market crash and the dawn of the Great Depression, a ray of light emerged from the world of sports in the summer of 1930. Bobby Jones, an amateur golfer who had

already won nine of the seventeen major championships he'd entered during the last seven years, mounted his final campaign against the record books. In four months, he conquered the British Amateur Championship, the British Open, the United States Open, and finally the United States Amateur Championship, an achievement so extraordinary that writers dubbed it the Grand Slam. A natural, self-taught player, Jones made his debut at the U.S. Amateur Championship at the age of 14. But for the next seven years, Jones struggled in major championships, and not until he turned 21 in 1923 would he harness his immense talent. What the world didn't know was that throughout his playing career the intensely private Jones had longed to retreat from fame's glaring spotlight. While the press referred to him as "a golfing machine," the strain of competition exacted a ferocious toll on his physical and emotional well-being. During the season of the Slam he constantly battled exhaustion, nearly lost his life twice, and came perilously close to a total collapse. By the time he completed his unprecedented feat, Bobby Jones was the most famous man not only in golf, but in the history of American sports. Jones followed his crowning achievement with a shocking announcement: his retirement from the game at the age of 28. His abrupt disappearance from the public eye into a closely guarded private life helped create a mythological image of this hero from the Golden Age of sports that endures to this day.
