ENRIQUE SCARLET

A World Ablaze Capstone
Founder of modern-day Lutheranism, Martin Luther (1483-1546) confronted many opponents, most notably, the Jews. Their religion directly denied Jesus as Messiah, and their arrogance, lies, usury, and hatred of humanity meant that they posed a mortal threat to society. Hence, said Luther, the harshest of measures are warranted. A shocking book.

Revelation New Reformation Publications
The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
The Freedom of the Christian Teacher Created Materials
Concerning Christian Liberty by Martin Luther. NEW COMPETE EDITION - MARTIN LUTHER Among those monstrous evils of this age with which I have now

for three years been waging war, I am sometimes compelled to look to you and to call you to mind, most blessed father Leo. In truth, since you alone are everywhere considered as being the cause of my engaging in war, I cannot at any time fail to remember you; and although I have been compelled by the causeless raging of your impious flatterers against me to appeal from your seat to a future council—fearless of the futile decrees of your predecessors Pius and Julius, who in their foolish tyranny prohibited such an action—yet I have never been so alienated in feeling from your Blessedness as not to have sought with all my might, in diligent prayer and crying to God, all the best gifts for you and for your see. But those who have hitherto endeavoured to terrify

me with the majesty of your name and authority, I have begun quite to despise and triumph over. One thing I see remaining which I cannot despise, and this has been the reason of my writing anew to your Blessedness: namely, that I find that blame is cast on me, and that it is imputed to me as a great offence, that in my rashness I am judged to have spared not even your person. Now, to confess the truth openly, I am conscious that, whenever I have had to mention your person, I have said nothing of you but what was honourable and good. If I had done otherwise, I could by no means have approved my own conduct, but should have supported with all my power the judgment of those men concerning me, nor would anything have pleased me better, than to recant such rashness

and impiety. I have called you Daniel in Babylon; and every reader thoroughly knows with what distinguished zeal I defended your conspicuous innocence against Silvester, who tried to stain it. Indeed, the published opinion of so many great men and the repute of your blameless life are too widely famed and too much revered throughout the world to be assailable by any man, of however great name, or by any arts. I am not so foolish as to attack one whom everybody praises; nay, it has been and always will be my desire not to attack even those whom public repute disgraces. I am not delighted at the faults of any man, since I am very conscious myself of the great beam in my own eye, nor can I be the first to cast a stone at the adulteress.

Catholicism Beacon Press

When Martin Luther published his 95 Theses in October 1517, he had no intention of starting a revolution. But very quickly his criticism of indulgences became a rejection of the papacy and the Catholic Church emphasizing the Bible as the sole authority for Christian faith, radicalizing a continent, fracturing the Holy Roman Empire, and dividing Western civilization in ways Luther—a deeply devout professor and spiritually-anxious Augustinian friar—could have never foreseen, nor would he have ever endorsed. From Germany to England, Luther’s ideas inspired spontaneous but sustained uprisings and insurrections against civic and religious leaders alike, pitted Catholics against Protestants, and because the Reformation movement

extended far beyond the man who inspired it, Protestants against Protestants. The ensuing disruptions prompted responses that gave shape to the modern world, and the unintended and unanticipated consequences of the Reformation continue to influence the very communities, religions, and beliefs that surround us today. How Luther inadvertently fractured the Catholic Church and reconfigured Western civilization is at the heart of renowned historian Brad Gregory's *Rebel in the Ranks*. While recasting the portrait of Luther as a deliberate revolutionary, Gregory describes the cultural, political, and intellectual trends that informed him and helped give rise to the Reformation, which led to conflicting interpretations of the Bible, as well as the rise of

competing churches, political conflicts, and social upheavals across Europe. Over the next five hundred years, as Gregory's account shows, these conflicts eventually contributed to further epochal changes—from the Enlightenment and self-determination to moral relativism, modern capitalism, and consumerism, and in a cruel twist to Luther's legacy, the freedom of every man and woman to practice no religion at all. With the scholarship of a world-class historian and the keen eye of a biographer, Gregory offers readers an in-depth portrait of Martin Luther, a reluctant rebel in the ranks, and a detailed examination of the Reformation to explain how the events that transpired five centuries ago still resonate—and influence us—today.

Martin Luther John Wiley & Sons

No historical study of current issues—in politics or social science or theology—can far proceed without bringing the student face to face with the principles asserted by the Reformation of the Sixteenth Century and its great leader, Martin Luther. He has had many critics and many champions, but neither his critics nor his champions feel that the last word concerning him has been spoken, for scarcely a year passes that does not witness the publication of a new biography. Had Luther been nothing more than a man of his own time and his own nation the task of estimating him would long since have been completed. A few exhaustive treatises would have answered all demands. But the Catalogue of the British Museum,

published in 1894, contains over two hundred folio pages, averaging about thirty-five titles to the page, of books and pamphlets written either by or about him, that have been gathered into this single collection, in a land foreign to the sphere of his labors, and this list has been greatly augmented since 1894. Above all other historical characters that have appeared since the first years of Christianity, he is a man of the present day no less than of the day in which he lived. But Luther can be properly known and estimated only when he is allowed to speak for himself. He should be seen not through the eyes of others, but through our own. In order to judge the man we must know all sides of the man, and read the heaviest as well as the lightest of his works, the more scientific

and theological as well as the more practical and popular, his informal letters as well as his formal treatises. We must take account of the time of each writing and the circumstances under which it was composed, of the adversaries against whom he was contending, and of the progress which he made in his opinions as time went on. The great fund of primary sources which the historical methods of the last generation have made available should also be laid under contribution to shed light upon his statements and his attitude toward the various questions involved in his life-struggles.

Protestants Baker Books

Dr. King's best-selling account of the civil rights movement in Birmingham during the spring and summer of 1963

On April 16, 1963, as the violent events of the Birmingham campaign unfolded in the city's streets, Dr. Martin Luther King, Jr., composed a letter from his prison cell in response to local religious leaders' criticism of the campaign. The resulting piece of extraordinary protest writing, "Letter from Birmingham Jail," was widely circulated and published in numerous periodicals. After the conclusion of the campaign and the March on Washington for Jobs and Freedom in 1963, King further developed the ideas introduced in the letter in *Why We Can't Wait*, which tells the story of African American activism in the spring and summer of 1963. During this time, Birmingham, Alabama, was perhaps the most racially segregated city in the United States, but the campaign

launched by King, Fred Shuttlesworth, and others demonstrated to the world the power of nonviolent direct action. Often applauded as King's most incisive and eloquent book, *Why We Can't Wait* recounts the Birmingham campaign in vivid detail, while underscoring why 1963 was such a crucial year for the civil rights movement. Disappointed by the slow pace of school desegregation and civil rights legislation, King observed that by 1963—during which the country celebrated the one-hundredth anniversary of the Emancipation Proclamation—Asia and Africa were “moving with jetlike speed toward gaining political independence but we still creep at a horse-and-buggy pace.” King examines the history of the civil rights struggle, noting tasks that future

generations must accomplish to bring about full equality, and asserts that African Americans have already waited over three centuries for civil rights and that it is time to be proactive: “For years now, I have heard the word ‘Wait!’ It rings in the ear of every Negro with piercing familiarity. This ‘Wait’ has almost always meant ‘Never.’ We must come to see, with one of our distinguished jurists, that ‘justice too long delayed is justice denied.’”

The Radical Reformation Penguin

The Freedom of the Christian was Martin Luther's first public defense of the doctrine of justification by grace through faith on account of Christ alone. Luther's explosive rediscovery of the Gospel of Jesus Christ shattered the Church of Rome's foundation of works, which

considered good works a part of salvation instead of a result of it. Here, Luther constructed a rich theology that relies on the full power of the Gospel, which not only grants saving faith but also nurtures that faith through good works done in the freest service. This new abridged translation from Adam Francisco, featuring a brief essay from Scott Keith, leaves no doubt that the Christian, secure in Christ, is truly free—free from sin, death, and the devil, and free to serve their neighbor.

The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

Here I Stand Oxford University Press

Did Martin Luther really post his 95 Theses to the Wittenberg Castle Church door in October 1517? Probably not, says Reformation historian Peter Marshall. But though the event might be mythic, it became one of the great defining episodes in Western history, a symbol of religious freedom of conscience which still shapes our world 500 years later.

Don't Lose Heart University of Pennsylvania Press

From Luther's conversion to his nailing of the 95 theses to the Wittenberg chapel door, history jumps off the page through the vibrant illustrations of renowned paper artist Agostino Traini.

The Reformation Aegitas

Hilaire Belloc's landmark study

Characters of the Reformation argues that Western Europe's break from the Catholic Church was driven by a land-grab and looting of Church property by European noblemen. Belloc has little admiration for the so-called leaders of the time and credits the Reformation to behind-the-scenes players. Each chapter is a mini-biography and individuals covered include Anne Boleyn, Pope Clement the Seventh, Cecil, Richelieu, Laud, Oliver Cromwell, Descartes, Pascal and more.

Characters of the Reformation Crossway
Famous for setting in motion the Protestant Reformation, Martin Luther is often lifted high as a hero or condemned as a rebel. But underneath it all, he was a man of flesh and blood, with a deep longing to live for God. This biography by respected Reformation scholar Herman Selderhuis captures Luther in his original context and follows him on his spiritual journey, from childhood through the Reformation to his influential later years. Combining Luther's own words with engaging narrative designed to draw the reader into Luther's world, this spiritual biography brings to life the complex and dynamic personality that forever changed the history of the church.

Works of Martin Luther, with
Introductions and Notes (Volume I)

HarperCollins

The *Manly Priest* examines the clerical celibacy movement in medieval England and Normandy, which produced a new model of religious masculinity for the priesthood and resulted in social tension and conflict as traditional norms of masculine behavior were radically altered for this group of men.

The Manly Priest Baker Books

Martin Luther posted his Ninety-five Theses on the church door at Wittenberg in 1517. In the three years that followed, Luther clarified and defended his position in numerous writings. Chief among these are the three treatises written in 1520. In these writings Luther tried to frame his ideas in terms that would be comprehensible not only to the clergy but to people from a wide range

of backgrounds. To the Christian Nobility of the German Nation is an attack on the corruption of the church and the abuses of its authority, bringing to light many of the underlying reasons for the Reformation. The second treatise, The Babylonian Captivity of the Church, contains Luther's sharp criticism of the sacramental system of the Catholic church. The Freedom of a Christian gives a concise presentation of Luther's position on the doctrine of justification by faith. The translations of these treatises are all taken from the American edition of Luther's Works. This new edition of Three Treatises will continue to be a popular resource for individual study, church school classes, and college and seminary courses.

[Concerning Christian Liberty](#) Lulu.com

“Catholicism takes a path less traveled in leading us to explore the faith through stories, biographies, and images.”—Timothy M. Dolan, Archbishop of New York What is Catholicism? A 2,000-year-old living tradition? A worldview? A way of life? A relationship? A mystery? In Catholicism Father Robert Barron examines all these questions and more, seeking to capture the body, heart and mind of the Catholic faith. Starting from the essential foundation of Jesus Christ’s incarnation, life, and teaching, Father Barron moves through the defining elements of Catholicism—from sacraments, worship, and prayer, to Mary, the Apostles, and Saints, to grace, salvation, heaven, and hell. Whether discussing Scripture or the rose window at Notre Dame, he uses his distinct and

dynamic grasp of art, literature, architecture, personal stories, theology, philosophy, and history to present the Church to the world. Paired with his documentary film series of the same title, Catholicism is an intimate journey, capturing “The Catholic Thing” in all its depth and beauty. Eclectic, unique, and inspiring, Father Barron brings the faith to life for a new generation, in a style that is both faithful to timeless truths, while simultaneously speaking in the language of contemporary life. Martin Luther Agostino Traini Pop-Ups For hundreds of years Christendom has been blessed with Bible commentaries written by great men of God who were highly respected for their godly work and their insight into spiritual truth. The Crossway Classic Commentary Series,

carefully adapted for maximum understanding and usefulness, presents the very best work on individual Bible books for today's believers. Ever since it was written, the apostle Paul's letter to the believers in Galatia has nurtured trust and assurance in Christ. Its grand themes of the superiority of Scripture over human reason, the sufficiency of Christ's atonement through his death, and the freedom of justification through faith alone continue to energize and enlighten Christians today. This classic commentary from the heart of a courageous apostle will encourage and equip all who desire to understand, live out, and communicate the true gospel of Jesus Christ.

The Power of Unearned Suffering Image
Most evangelical Christians believe that

the smallest sin will cause eternal condemnation. This horrific falsehood and others underlie a Christian belief system that is imposed on the Bible rather than received from it. Paul Pavao uses the plain statements of Scripture to uproot the old foundations, lay out and establish the foundations clearly described in the Bible, and rebuild the basics of the faith. Verse after verse, called difficult by traditional teachers, click neatly into place when put into the Christian system taught by the apostles and once believed by all churches. J.T. Tancock, Welsh apologist, author, and Bible college teacher calls *Rebuilding the Foundations* "explosive." He writes, "It upsets apple carts, slays sacred cows, and demands that we 'go back to the Bible'. For all of those reasons all of us

must read it."God shaped Paul's life, personality, circumstances, and spiritual upbringing to prepare him to write this book. "I wrote Decoding Nicea to prove I could deal honestly with the facts and make solid historical sources available to the average Christian. That book was written as much to prove that I am qualified to write this book as for any other reason."Thousands of churches have hundreds of different theological systems. Converts to all branches of modern Christianity fall away in droves, most not even attending a church years down the road. Pastors know the majority of their congregants have little or no zeal for the things of Christ. A foundation of errors can only produce more errors, both theologically and practically. Building on what the apostle

Paul called "God's firm foundation" can deliver us from those errors.

Martin Luther Oxford University Press, USA

On the 500th anniversary of Luther's theses, a landmark history of the revolutionary faith that shaped the modern world. "Ryrie writes that his aim 'is to persuade you that we cannot understand the modern age without understanding the dynamic history of Protestant Christianity.' To which I reply: Mission accomplished." -Jon Meacham, author of American Lion and Thomas Jefferson Five hundred years ago a stubborn German monk challenged the Pope with a radical vision of what Christianity could be. The revolution he set in motion toppled governments, upended social norms and transformed

millions of people's understanding of their relationship with God. In this dazzling history, Alec Ryrie makes the case that we owe many of the rights and freedoms we have cause to take for granted--from free speech to limited government--to our Protestant roots. Fired up by their faith, Protestants have embarked on courageous journeys into the unknown like many rebels and refugees who made their way to our shores. Protestants created America and defined its special brand of entrepreneurial diligence. Some turned to their bibles to justify bold acts of

political opposition, others to spurn orthodoxies and insight on their God-given rights. Above all Protestants have fought for their beliefs, establishing a tradition of principled opposition and civil disobedience that is as alive today as it was 500 years ago. In this engrossing and magisterial work, Alec Ryrie makes the case that whether or not you are yourself a Protestant, you live in a world shaped by Protestants.

Martin Luther DigiCat

This 1991 collection of writings by early Reformation radicals illustrates both the diversity and the areas of agreement in their political thinking.
