Genghis Khan and the Mongol Horde

Reaktion Books

The military might, tactics, and philosophy of Khan is explored in this “fine read” and “useful source for Mongolian . . . and medieval studies in general” (*De Re Militari*). As a soldier, general, statesman, and empire-builder, Genghis Khan is a near-mythical figure. His remarkable achievements and his ruthless methods have given rise to a monstrous reputation. But who was the man behind the legend? As historian Chris Peers shows in this concise and authoritative study, Genghis Khan possessed exceptional gifts as a leader and manager of men—ranking among the greatest military commanders in history. But he can only be properly understood in terms of the Mongol society and traditions he was born into. Here, the leader’s world is explored—from the military and cultural background of the Mongols, to the nature of steppe societies and their armies, and their relation to other peoples and cultures. The book also looks in detail at the military skills, tactics, and ethos of the Mongol soldiers, and at the advantages and disadvantages they had in combat with the soldiers of other civilizations. For anyone who wants to go beyond the myth of the man who almost conquered the world and learn the real life story behind it, this comprehensive study offers a fascinating perspective on Genghis Khan as a man and a general, and on the armies he led.

Genghis Khan and the Mongol Empire

Random House

Emerging out of the vast steppe grasslands of Central Asia in the early 1200s, the Mongols, under their

ferocious leader, Genghis Khan, quickly carved out an empire that by the late thirteenth century covered almost one-sixth of the Earth’s landmass—from Eastern Europe to the eastern shore of Asia—and encompassed 110 million people. Far larger than the much more famous domains of Alexander the Great and ancient Rome, it has since been surpassed in overall size and reach only by the British Empire. *The Rise and Fall of the Second Largest Empire in the World* recounts the spectacularly rapid expansion and dramatic decline of the Mongol realm, while examining its real, widespread, and enduring influence on countless communities from the Danube River to the Pacific Ocean.

The Mongol Empire Genghis Khan and Mongol Rule

The greatest conquest in history Genghis Khan left an empire more than twice the size of Alexander's: his successors went on to conquer and govern an area stretching from Korea to the River Danube. How did a band of nomadic herdsmen achieve so much, so fast? Despite these stunning achievements, many writers dismiss the Mongols as just ferocious barbarians. This bestselling book sets the record straight. The epic starts in 1206 - when Genghis became master of 'all the people with felt tents' and an unknown tribe took the first steps towards world domination - and ends with the empire's decline and fall, after Khubilai Khan's triumphant unification with China. Robert Marshall describes their devastating invasions, including that of feudal Europe and Christendom's clumsy attempts to understand and fend off these legendary warriors. Full of extraordinary events, painted on a vast and colourful canvas, Storm from the East brings to life a time when East and West finally came face to face and the contours of modern Asia were set.

'Storm from the East does not seek to excuse Mongol excesses - yet Robert Marshall appears to speak for the Mongols... A fascinating voyage through time and space' Thomas Nivison Haining in the Journal of the Royal Asiatic Society

The Rise and Fall of the Second Largest Empire in History Hackett Publishing

The first new history of the Mongol Empire for over twenty years.

How Genghis Khan's Mongols Almost Conquered the World The

Rosen Publishing Group, Inc
Genghis Khan is one of history's immortals: a leader of genius, driven by

an inspiring vision for peaceful world rule. Believing he was divinely protected, Genghis united warring clans to create a nation and then an empire that ran across much of Asia. Under his grandson, Kublai Khan, the vision evolved into a more complex religious ideology, justifying further expansion. Kublai doubled the empire's size until, in the late 13th century, he and the rest of Genghis's 'Golden Family' controlled one fifth of the inhabited world. Along the way, he conquered all China, gave the nation the borders it has today, and then, finally, discovered the limits to growth. Genghis's dream of world rule turned out to be a fantasy. And yet, in terms of the sheer scale of the conquests, never has a vision and the character of one man had such an effect on the world. Charting the evolution of this vision, John Man provides a unique account of the Mongol Empire, from young Genghis to old Kublai, from a rejected teenager to the world's most powerful emperor.

The Life and Times of Chinggis Khan

Bloomsbury Publishing

Genghis Khan - creator of the greatest empire the world has ever seen - is one of history's immortals. In Central Asia, they still use his name to frighten children. In China, he is honoured as the founder of a dynasty. In Mongolia he is the father of the

Genghis Khan and the Mongol

Empire Greenhaven Publishing LLC

Presents a history of the ruling women of the thirteenth-century Mongol Empire, describing their struggles to preserve a sovereignty that would dominate the world for 150 years.

The Mongol Conquests in World History

Broadway Books

A very broad and complete coverage of the Mongolian culture and its military

campaigns. The book focuses on the four great Mongol leaders: Genghis Khan, Kublai Khan, Hulegu and Tamerlane.

Genghis Khan and the Mongols

Hodder Wayland

The history of the Mongol conquests is a catalogue of superlatives. No army in the world has ever conquered so much territory, and few armies have provoked such terror as the Mongol hordes. So vast was the extent of the Mongol Empire that the samurai of Japan and the Teutonic Knights of Prussia had each fought the same enemy while being unaware of each other's existence. This book provides a concise yet thorough account of the Mongol conquests, including the rise of Genghis Khan and the unification of the tribes with up to date information on campaign logistics, tactics and horse breeding.

Genghis Khan and the Mongol

Empire Broadway Books

Spawning an empire ranging from Persia to China, Genghis Khan united a nomadic warrior culture that had lived with their agrarian neighbors through controlled and limited extortion. This accessible book provides an introduction to the history and culture of the Steppe people from which Genghis Khan emerged, and chronicles the events that led to his being named the Great Khan. Also included are sixteen biographical sketches, a wealth of annotated primary documents, five maps, an annotated timeline, a glossary, an annotated bibliography and several illustrations.

Genghis Khan and the Mongol

This in-depth survey by historian Roux gives readers a clear vision of this incomparable leader and the achievements of his mighty empire. 130 illustrations, 113 in full color.

Life, Death and Resurrection

Metropolitan Museum of Art
Existing textbooks on international relations treat history in a cursory fashion and perpetuate a Euro-centric perspective. This textbook pioneers a new approach by historicizing the material traditionally taught in International Relations courses, and by explicitly focusing on non-European cases, debates and issues. The volume is divided into three parts. The first part focuses on the international systems that traditionally existed in Europe, East Asia, pre-Columbian Central and South America, Africa and Polynesia. The second part discusses the ways in which these international systems were brought into contact with each other through the agency of Mongols in Central Asia, Arabs in the Mediterranean and the Indian Ocean, Indic and Sinic societies in South East Asia, and the Europeans through their travels and colonial expansion. The concluding section concerns contemporary issues: the processes of decolonization, neo-colonialism and globalization – and their consequences on contemporary society. History of International Relations provides a unique textbook for undergraduate and graduate students of international relations, and anybody interested in international relations theory, history, and contemporary politics.

Caxton Editions

Though most often remembered as one of the most brutal military conquerors of all time, Mongol leader Genghis Khan also introduced many enlightened methods of ruling, laws, and government systems that are still used today. From his childhood on the Mongolian steppe to his election as khan, Genghis Khan went on to establish an empire that stretched across Eurasia and that was held

together through law and order. This resource will examine his life, his rule, and his legacy in today's world.

Genghis Khan : His Triumph and His Legacy Pen and Sword

Genghis Khan, one of the most distinguished historical figures in both Chinese history and world history, is memorable for his remarkable feats in expanding territories as well as his philosophical thoughts. A Study of Genghis Khan's Philosophy is just such a rare book that focuses on Genghis Khan's rich philosophical ideas to help reveal the real and complete image of this great historical figure. Genghis Khan's rich and profound philosophical ideas cover a great variety of aspects, such as his religious view of manifest destiny, his ideology of pragmatic principles, his dialectics of epistemology, his views towards heroes, making friends and staffing, his positive attitude towards life, his basic ideas about khan, regime and common people, his remarkable military thoughts, his views about family and family conflicts, and his views of solving conflicts between countries, etc. Genghis Khan's philosophy has not only helped make what he was, but also has helped shape the Mongolians' national consciousness and spirit, thus his philosophy is the significant root of understanding Genghis Khan, the man and the emperor, and the Mongolian nation as well.

Genghis Khan and the Quest for God The Rosen Publishing Group, Inc

Offers myths and misunderstandings that distort the understanding of Mongol warfare, and demonstrates that the armies of Chinggis Khan had more in common with modern ones than with the armies of ancient Rome.

This in-depth survey by historian Roux gives readers a clear vision of this incomparable leader and the achievements of his mighty empire. 130 illustrations, 113 in full color.

Conqueror of the World Da Capo Press

The revised second edition of this highly praised introduction to the Mongol Empire takes account of recent scholarship in the field. Provides an overview of the government, religion, and politics of the Mongolian Empire. Considers the effects of Mongol military campaigns on other countries and peoples in China, Russia, Persia and Europe. Assesses the astonishing military career of Chingiz (Genghis) Khan. Now includes a new epilogue assessing the contribution of recent scholarship to our understanding of the Mongols' history. Well-illustrated by maps and photographs throughout.

Open Book Publishers

□Genghis Khan□ means □greatest of

rulers, emperor of all men.□ A Mongolian nomad was awarded this title after leading his people to victory in Asia at the turn of the 13th century. This captivating biography relays why he has retained this moniker throughout history, from a daring escape as a young man named Temüjin to his ambitious empire-building across three continents.

Absorbing text and beguiling artwork give readers an understanding of this time period and the many cultures that clashed over power and land in this era. *The Khan's Dogs of War* Barnes & Noble Publishing

Genghis Khan was a warrior and ruler of genius who, in the late twelfth and early thirteenth centuries, brought the nomadic tribes of Mongolia together under his rule and then turned his attention beyond his borders. This volume chronicles the history of the ancient people of the steppes, the rise of Genghis Khan and reforms under his rule, his conquests in northern China and Western Asia, and the history of the Mongol people after Genghis Khan.
