Hey kids, do you want to know how to  
make all-stars for your baseball league? Or

parents, do you feel like the coaches keep  
passing your child up? Well no more! Or  
coaches, want drills and ways to motivate  
your players to get better? Coach Andy  
Collins is going to tell you everything he  
knows from his 35 years of youth and  
adult coaching and watching what works  
and what doesn't work. It's chock-full of  
ideas in 86 pages. He'll cover: \* How your  
league chooses all-stars \* What all-star

selectors are really looking for \* 7 tried  
and true methods of getting better at  
baseball \* But more importantly, little  
known ways to get the people picking the  
team to notice you \* And how to beat the  
"politics" that seem to get in the way Year  
after year kids sit in the stands crying  
after the all-star teams are announced and  
they weren't one of the players that were  
chosen. At the same time the students I've

trained do make these same all-star teams. It was then I realized I had the information that the kids in the stands and their parents and coaches were looking for. Wherever there are kids around the world that play youth baseball, there are kids that long to make the league's all-star team. Every year it's the same, kids that desperately want to have their name called out (or see it announced on the list) don't make it, and a little bit of them is hurting deep inside; and they don't know why they were not picked. Little did they know that they could have fairly accurately predicted their chances almost from day one of when the season started. And if they knew what you're about the find out, they could improve enough in skill in the eyes of the all-star selectors as to be a better player or even make the all-star team. The good news is that in this book, there is a way to learn how to make the all-star team for the next upcoming season; and if not then, the following year (if you're willing to listen and follow the advice I give). While I have written this for parents and coaches to learn how this process works and how they can help these youngsters achieve their dreams,

this is mostly a book written for the kid who wants to make all-stars, not a book for the parent who wants their kid to make all-stars (there is a difference). And it will be in that voice that this book will be written.

In Stop Sabotaging Your Life: 3 Steps To Your Full Potential, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time

listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones

within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that." —Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to

challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential." —Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." —Blaine

Simcha Guterman's, Leaves from Fire, is a firsthand account written with the deep sense of comprehension he was documenting the fate of his people. Knowing full well that his life was in danger, Simcha chronicled the occurrences of the Holocaust on long scraps of paper, as they happened right before his eyes. The events described take place in Poland, during the first years of

World War II. The author stuffed long paper scraps, written in Yiddish, into bottles and hid in them in different places. One of these bottles was discovered after the war. Simcha Guterman's work has been published and translated into eight different languages, receiving high praise from critics. The book's evocative illustrations were drawn by Yaakov Guterman, the author's son.
