JORDYN BAKER

American Government and Politics W. W.
 Norton

This thoroughly updated edition of Schmidt, Shelley, and Bardes' popular text offers balanced, unbiased, comprehensive, and up-to-date coverage of constitutional, governmental, political, social, and economic structures and processes. The book's overriding theme is the importance of informed active citizenship, and the extensive pedagogy underscores this theme by soliciting critical thinking about political issues and encouraging students to become involved in the political process. With keen awareness of its audience, AMERICAN GOVERNMENT AND

POLITICS TODAY incorporates current examples, the Internet, and other media to stimulate learning and excitement about American government. This truly interactive text gives students more than reading material; it gives them tools to become good citizens.

American Politics Today (Third Core Edition) American Government and Politics Today, 2018 Election Update Essentials Edition

Though Americans rarely appreciate it, federalism has profoundly shaped their nation's past, present, and future. Federalism—the division of government authority between the national government and the states—affects the prosperity, security, and daily life of every American. Some of the most spectacular political conflicts in American history have been fought on the battlefield of

federalism, including states' rights to leave the union, government power to regulate business, and responses to the problems of race, poverty, pollution, abortion, and gay rights. In the second edition of this nuanced and comprehensive text, David Brian Robertson shows that past choices shape present circumstances, and that a deep understanding of American government, public policy, political processes, and society requires an understanding of the key steps in federalism's evolution in American history. New to the Second Edition Emphasizes that federalism is a battleground that shapes every life in America. Extensively revised and updated, including new coverage of recent controversies like Ferguson, immigration, climate change, Obamacare, gay rights, the minimum wage, political polarization,

voter identification, fracking, and marijuana legalization. Brings together the newest developments in history, political science, law, and related disciplines to show how federalism influences government and politics today. Includes chapter-opening vignettes that deal with contemporary cases and policy challenges.

The Basics of American Government
Harvard University Press

A raucous history of American democracy at its wildest—and a bold rethinking of the relationship between the people and their politics. Democracy was broken. Or that was what many Americans believed in the decades after the Civil War. Shaken by economic and technological disruption, they sought safety in aggressive, tribal partisanship. The results were the loudest, closest, most violent elections in U.S. history, driven by vibrant campaigns that drew our highest-ever voter turnouts. At the century's end, reformers finally restrained this wild system, trading away participation for civility in the process. They built a calmer, cleaner democracy, but also a more distant one. Americans' voting rates crashed and never fully recovered. This is the origin story of the “normal” politics of the 20th century. Only by exploring where that civility and restraint came from can we understand what is happening to our democracy today. The Age of Acrimony charts the rise and fall of 19th-century America's unruly politics through the lives of a remarkable father-daughter dynasty. The radical congressman William “Pig Iron” Kelley and his fiery, Progressive daughter Florence Kelley led lives packed with drama, intimately tied to their nation's politics. Through their friendships and feuds, campaigns and crusades, Will and Florie trace the narrative of a democracy in crisis. In telling the tale of what it cost to cool our republic, historian Jon Grinspan reveals our divisive political system's enduring capacity to reinvent itself.

Study Guide Routledge

A fresh, accessible perspective on the fundamentals

American Government and Politics Today Brookings Institution Press

Fake news. Twitter rants. Misinformation. Silos. Echo chambers. Spin. Alternative facts. Investigation, accusation, and obfuscation. Punditry, polls, and prognostication. This is today's politics. To cut through the noise, students need a guide to how politics really works and why it matters. American Politics Today has been that trusted source. And the new sixth edition brings even greater focus to examining preconceived notions of how government operates and understanding

what's really going on.

Vintage

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

Divided Politics, Divided Nation

Bloomsbury Publishing USA

“For those who still believe that politics is normally, naturally, about economics, Rob Singh has gathered the evidence and dialed the wake-up call: seven major instances of an ongoing culture war meet a common analytic framework here in a lively and informative fashion” - Byron E Shafer, University of Wisconsin

How and Why American Political Behavior

Nationalized West Publishing Company
In a campaign for state or local office these days, you're as likely today to hear accusations that an opponent advanced Obamacare or supported Donald Trump as you are to hear about issues affecting the state or local community. This is because American political behavior has become substantially more nationalized. American voters are far more engaged with and knowledgeable about what's happening in Washington, DC, than in similar messages whether they are in the South, the Northeast, or the Midwest. Gone are the days when all politics was local. With *The Increasingly United States*, Daniel J. Hopkins explores this trend and its implications for the American political

system. The change is significant in part because it works against a key rationale of America's federalist system, which was built on the assumption that citizens would be more strongly attached to their states and localities. It also has profound implications for how voters are represented. If voters are well informed about state politics, for example, the governor has an incentive to deliver what voters—or at least a pivotal segment of them—want. But if voters are likely to back the same party in gubernatorial as in presidential elections irrespective of the governor's actions in office, governors may instead come to see their ambitions as tethered more closely to their status in the national party.

AMER GOVERNMENT & POLITICS Cengage Learning

This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?”, *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

The Enduring Democracy University of Chicago Press

Making politics personal, Bardes/Shelley/Schmidt's *American Government and Politics Today, The Essentials*, Enhanced 19th Edition equips you with the tools and insight to become an active, informed citizen. Unbiased, updated with Election 2018 analysis and extremely student-friendly, the text combines a conversational, easy-to-read style with thorough coverage in a streamlined format. Political authorities as well as longtime professors who know what today's students like, the authors incorporate a wealth of current, compelling and thought-provoking examples that bring chapter concepts to life. In addition, numerous hands-on activities help you figure out where you stand on key issues so you can put your

views into action. Also available: MindTap, Cengage Learning's fully online learning solution.

US Politics Today Cengage Learning

A study of the gap between the promise and practice of American democracy examines the historical national unity derived from the democratic ideal and the frustration of that ideal by political institutions and hierarchies

Analyzing American Democracy W. W. Norton

Politics is about conflict and compromise. *American Politics Today* helps students understand the debates and controversies that they encounter in the news by emphasizing conflict and compromise as natural parts of politics. New book features—including highly visual “How It Works” infographics—show how the American political process resolves conflicts.

American Government and Politics Today Manchester University Press

Written for all students of politics coming to the subject for the first time, this textbook provides a lively and accessible introduction and guide to all the main features and characteristics of one of the most distinctive and complex political systems in the world.

American Government Routledge

Students are often hesitant to become involved in the political process. Until now. *AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2009-2010* uses intriguing, real-life examples and hands-on exercises to engage students in the fascinating intricacies of American government and inspires them to participate in the political process. It's the ideal text for the hybrid American Government/Texas Politics course as well as instructors who want to require just one book. As it introduces concepts, the text illustrates specific ways students can participate, showing through exciting examples how individuals 'including students' can make a profound impact. Through topic-based discussions, the text illustrates that active participation can be as simple as calling a local politician to share an opinion on a local issue, registering to vote, or viewing a town council meeting on local access cable

demonstrating how these seemingly small steps can make a difference. Critical thinking is promoted throughout with issue discussion, comparison, and debate. The new edition also includes expanded coverage of the 2008 presidential election. A powerful new administrative DVD and an innovative online Resource Center help you maximize your time and student results. Engaging and inspiring, *AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2009-2010* helps students discover the importance of active, informed citizenship. Again and again, students see the power of one to make a difference. The Essentials 2011 - 2012 Edition Wentworth Press

The Enduring Democracy by Kenneth Dautrich, David A. Yalof, and Christina Bejarano examines the current state of American politics through the lenses of American history and the nation's changing demographics. This two-pronged approach encourages students to place current issues and controversies into historical perspective, and to think critically about how those issues and controversies are impacted by America's increasingly diverse population. By analyzing and understanding the influences of historical context and demographics, students can debate

effectively with references, use historical outcomes to predict for the future, and create strong arguments based on what they know about fundamental changes in the political landscape. The highly anticipated Sixth Edition frames the 2016 general election and 2018 midterm elections from the perspective of what they mean to college students, so that they can see the relevance of American government in their daily lives. Also available as a digital option (courseware). Learn more about *The Enduring Democracy, Sixth Edition - Vantage Digital Option*.

American Politics Today CQ Press

The second edition of the best-selling textbook *US politics today* offers a new and updated introduction to contemporary US government and politics. The book considers core institutions, including the presidency, Congress, and the Supreme Court. It assesses important questions and controversies and places them within the broader context of American society and culture. Has our understanding of the Constitution remained faithful to the intentions of the 'founding fathers' who wrote it? Is there still a separation of powers or has the president become too powerful? Do judges play too much of a role? Are the parties too weak and divided? Has Congress been 'bought' by lobbyists? This edition has been rewritten to incorporate coverage of events that have taken place since 1999. It examines the 2000 presidential election and recent Supreme Court rulings as well as the ways in which the 'war on terrorism' has affected the character of the political process. There is also a new chapter that assesses the most important political issues facing the US today. The book will prove invaluable for undergraduates, A-level students, and the general reader *American Government and Politics Today* Routledge

AMERICAN GOVERNMENT AND POLITICS TODAY: BRIEF EDITION, 2016-2017, shows you how easily and effectively you can participate in the political process. New features, up-to-date political news and analysis, and a great price make this text a top seller. Praised for its succinct format, balanced coverage, clarity, and readability, this book examines all the key concepts of American government, while providing interesting student-oriented features that further convey what active citizenship means. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. *Hyperconflict in the Trump Era* Cengage Learning

American Government and Politics is a completely new introductory textbook designed and written for all students of politics coming to the subject for the first time. It provides a lively and accessible introduction and guide to all the main features and characteristics of one of the most distinctive and complex contemporary political systems in the world. From the impeachment of Bill Clinton, to the controversy surrounding the 2000 presidential election, and the Bush administration's responses to September 11, students will gain a balanced and critical understanding of all the key issues and debates in contemporary American government and politics today. A number of key underlying themes include: - the nature of American values and identity - the influence of the constitution on political development - the

ways in which key governing institutions function to produce domestic and foreign policy. Key features include: - comprehensive glossary of key terms - discussion and summary boxes - web links and guides to further reading Robert Singh is a lecturer in politics at Birkbeck College, London. American Government and Politics: A Concise Introduction is the foundation companion text to Contemporary American Politics: Issues and Controversies also published by SAGE. `Rob Singh has written a finely organized and informative textbook that combines to an unusually high degree analytical clarity, accessibility of style and form, and an enlightened scepticism about received wisdom. This is an admirable book' - Nigel Bowles, St Anne's College, Oxford `Full of topical information and written with sparkling clarity, this book is a short-cut to excellence for the discriminating student' -

Rhodri Jeffreys-Jones, Professor of American History, University of Edinburgh `In American Government and Politics Robert Singh provides an excellent introduction to the subject. His approach is wide ranging, his examples well selected and his style is accessible. It will make an ideal book for introductory and more advanced university courses on US government. I strongly recommend the book to teachers and students' - Desmond King, Mellon Professor of American Government, University of Oxford `This is a well written and lively book that is an important addition to the ranks of textbooks on American politics. One of its many virtues is its recognition that the textbook today is useful to a student only if it links to the world of web-based resources. Highly recommended' - Alan Ware, Worcester College, Oxford
