Walking around New York City was what Mitty Blake did best. He loved the city, and even after 9/11, he always felt safe. Mitty was a carefree guy--he didn't worry about terrorists or blackouts or grades or anything, which is why he was late getting started on his Advanced Bio report. Mitty does feel a little pressure to hand something in--if he doesn't, he'll be switched out of Advanced Bio, which would be unfortunate since Olivia's in Advanced Bio. So he considers it good luck when he finds some old medical books in his family's weekend house that focus on something he could write about. But when he discovers an old envelope with two scabs in one of the books, the report is no longer about the

grade—it's about life and death. His own. This edge-of-your-seat thriller will leave you breathless.

A newly revised text for *A Clockwork Orange*'s 50th anniversary brings the work closest to its author's intentions. *A Clockwork Orange* is as brilliant, transgressive, and influential as when it was published fifty years ago. A nightmare vision of the future told in its own fantastically inventive lexicon, it has since become a classic of modern literature and the basis for Stanley Kubrick's once-banned film, whose recent reissue has brought this revolutionary tale on modern civilization to an even wider audience. Andrew Biswell, PhD, director of the International Burgess Foundation, has taken a close look at the three varying published editions alongside the original typescript to recreate the novel as Anthony

Burgess envisioned it. We publish this landmark edition with its original British cover and six of Burgess's own illustrations.

This book presents eight of the author's short stories. In "Bog Girl: A Romance," a story about first love, a young man falls in love with a two thousand year old girl that he's extracted from a mass of peat in a Northern European bog. In "The Prospectors," two opportunistic young women fleeing the Depression strike out for new territory, and find themselves fighting for their lives. In the title story, a new mother desperate to ensure her infant's safety strikes a diabolical deal, agreeing to breastfeed the devil in

exchange for his protection. The landscape in which these stories unfold is a feral, slippery, purgatorial space, bracketed by the void - yet within it, the author captures the tenderness of ordinary life.--adapted from book jacket.

Orange is Optimism is a pictotext, a blend between photobook and novel. It follows seekers and wanderers Kit and J.R. on a quest for Tangerine Hot Springs, a place of hobo dreams brought to fruition. A ride through the wilds of the American Road and a journey through the mind, this book will show you why an optimist is the most radical thing you can be.

The Book Capstone

Between the ages of eleven and

seventeen, a child experiencing sexual abuse kept a secret journal of poetry. Throughout the abuse, she kept her little orange book hidden whilst she filled it full of poems questioning what was happening to her, whether the abusers really loved her and whether she was normal. Named after the original journal, *The Little Orange Book* by Jessica Eaton and Claire Paterson-Young contains a unique analysis and exploration of the poems and their themes. Each poem is presented along with evidence from literature and practice in child sexual abuse. The book explores key questions and examples such as: How do children understand the difference between abuse and romance? What is the impact of abuse on children's self-image and self-trust? How do children use fairy

tales, films and popular culture to understand abuse? What coping mechanisms do children use to cope with sexual abuse - and how are they perceived by society?

Here is a description of "More Than A Game" in the words of the protagonist, Carter Mason: I know what I look like: a stereotype; a fatherless black kid pinning his hopes on a football scholarship. But I've got the skills and the smarts to back it up. One night, and an innocent dance with a white girl, and my whole world and all my dreams start to unravel. The killing begins. People are looking at me. And the circle of people I can trust is getting smaller by the day. I can feel the net closing in. I have to find the killer

before he finds me. I have to play the best football of my life. I have to stay alive long enough to get a ticket out of hell.
