NATHAN POWELL

A Patriot's History® of the Modern World, Vol. I Syracuse University Press
 World History: Journeys from Past to Present uses common themes to present an integrated and comprehensive survey of human history from its origins to the present day. By weaving together thematic and regional perspectives in coherent chronological narratives, Goucher and Walton transform the overwhelming sweep of the human past into a truly global story that is relevant to the contemporary issues of our time. Revised and updated throughout, the second edition of this innovative textbook combines clear chronological progression with thematically focused chapters divided into six parts as follows: PART 1. EMERGENCE (Human origins to 500 CE) PART 2. ORDER (1 CE-1500 CE) PART 3. CONNECTIONS (500-1600 CE) PART 4. BRIDGING WORLDS (1300-1800 CE) PART 5. TRANSFORMING LIVES (1500-1900) PART 6. FORGING A GLOBAL COMMUNITY (1800-Present) The expanded new edition features an impressive full-color design with a host of illustrations, maps and primary source excerpts integrated throughout. Chapter opening timelines

supply context for the material ahead, while end of chapter questions and annotated additional resources provide students with the tools for independent study. Each chapter and part boasts introductory and summary essays that guide the reader in comprehending the relevant theme. In addition, the companion website offers a range of resources including an interactive historical timeline, an indispensable study skills section for students, tips for teaching and learning thematically, and PowerPoint slides, lecture material and discussion questions in a password protected area for instructors. This textbook provides a basic introduction for all students of World History, incorporating thematic perspectives that encourage critical thinking, link to globally relevant contemporary issues, and stimulate further study.

A History of the Modern World Prentice Hall

The Cartoon History of the Modern World is a wickedly funny take on modern history. It is essentially a complete and up-to-date course in college level Modern World History, but presented as a graphic novel. In an engaging and humorous graphic style, Larry Gonick covers the history, personalities and big topics that have shaped our universe over the past five centuries, including the Industrial Revolution, the American Revolution, the Russian Revolution, the evolution of

political, social, economic, and scientific thought, Communism, Fascism, Nazism, the Cold War, Globalization--and much more. Volume I of the Cartoon History of the Modern World picks up from Gonick's award winning Cartoon History of the Universe Series. That series began with the Big Bang and ended with Christopher Columbus sailing for the New World. This book starts off with peoples that Columbus "discovered" and ends with the U.S. Revolution.

The History of the Modern World Penguin

This lavishly illustrated full-color set is organized by the time frames that mirror the National Standards for world history for grades 6-12. An ideal supplement to all the major textbooks, it offers appealing and comprehensive biographies of history's most influential figures - both famous and infamous."Lifelines in World History" features biographies of figures from Africa, the Americas, Asia and the Pacific, Europe, and Southwest Asia, and covers the most significant events and trends in world history. Each volume includes 15-20 biographies, and in addition to biographical information, each entry includes engaging sidebars that feature key dates, more people to know, words from their time, and cultural connections. The set also includes numerous full-color maps. *Sources and Interpretations* Broadway Books

Provide complete support for your GCSE Modern World History candidates with best-selling books and digital resources from an author you can really trust. GCSE Modern World History is the leading textbook for GCSE and IGCSE Modern World History courses. The core content of the Modern World History specifications is comprehensively covered through lucid explanation and carefully selected source material. The most popular option units and depth studies are covered in sufficient detail to make separate purchase of topic books unnecessary. Questions, activities and Focus Tasks are provided throughout to: - deepen understanding of the content - develop evaluative and investigative skills - help students become more independent learners - support exam preparation. This Teacher's Resource Book includes structured support for every major task in the Student's Book. This book is also available as an enhanced eLearning Edition on CD which offers every element of the Student's Book for use on interactive whiteboards and school networks.

Featuring fifty primary source documents introduced within an historical narrative, *Conversations of Modern World History: 50 Voices from 1400 to the Present* offers readers an overview of the last six hundred years of the human experience. From the Chinese Ming dynasty to the emerging Russian Federation, students learn stories and perspectives of the past as told by those who lived them. Both a textbook and a source reader, *Conversations of Modern World History* provides the historical and biographical contexts needed to understand and thoughtfully react to the conversation of history. A diverse group of men and women offer their perspective of various moments in history through their speeches, political statements, books, and journals. Each annotated document naturally leads to the next, helping readers understand that historical events were interconnected and that current discussions have roots going back hundreds of years. *Conversations of Modern World History* combines the best of general narrative textbooks, short biographies, and primary source readers to help students see the interconnectedness of humanity past and present. It is an ideal text for world history survey courses from the 1400s onward. Zachary Wingerd earned his Ph.D. in transatlantic history from the University of Texas, Arlington. He taught at Lon Morris College and the University of Texas, Tyler before joining the faculty at Baylor University. Dr. Wingerd has taught courses in world, American, Atlantic, Texas, and Latin American history, as well as historiography.

The Ancient World, The Medieval World, The Early Modern World, The Modern World The Middle East in Modern World History

Cross-Cultural Encounters in Modern World History explores cultural contact as an agent of change. It takes an encounters approach to world history since 1500, rather than a political one, to reveal different perspectives and experiences as well as key patterns and transformations. It studies the spaces between cultures historically to help us transcend human differences today in a rapidly globalizing world. The text focuses on first encounters that suggest long-term developments and particularly significant encounters that have changed the direction of world history. Because of the complexities of these encounters, the author takes a user-friendly approach to keep the text accessible to students with varying backgrounds in history.

Mastering Modern World History Wiley-Blackwell

This new edition of the best-selling coursebook is ideal for GCSE and other first examinations in history. It meets the requirements of the revised, post-Dearing Modern World History courses. * The third edition contains new material in all chapters and contains an even wider range of maps and illustrations * Coverage has been brought right up to date, and includes sections on recent important developments in world history, such as the collapse of communism in Eastern Europe and the civil wars in Rwanda and Yugoslavia * Questions have been rewritten, with lots of new source material, to bring them into line with the most recent GCSE papers

An Emerging Modern World Routledge

This volume presents a global narrative of the origins of the modern world. Unlike most studies, which assume that the rise of the West is the story of the coming of the modern world, this history accords importance to the 'underdeveloped world'.

[Essential Modern World History](#) Nelson Thornes

A re-evaluation of Genghis Khan's rise to power examines the reforms the conqueror instituted throughout his empire and his uniting of East and West, which set the foundation for the nation-states and economic systems of the modern era.

Teacher's resource book Routledge

Imperialism in the Modern World combines narrative, primary and secondary sources, and visual documents to examine global relations in the nineteenth and twentieth centuries. The three co-editors, Professors Bowman, Chiteji, and Greene, have taught for many years global history classes in a variety of institutions. They wrote *Imperialism in the Modern World* to solve the problem of allowing teachers to combine primary and secondary texts easily and systematically to follow major themes in global history (some readers use primary materials exclusively. Some focus on secondary arguments). This book is more focused than other readers on the markets for those teachers who are offering more specialized world history courses - one important trend in global history is away from simply trying to cover everything to teaching real connections in more chronologically and thematically focused courses. The reader also provides a genuine diversity of global perspectives and invites students to study seriously world history from a critical framework. Too many readers offer a smorgasbord approach to world history that leaves students dazed and confused. This reader avoids that approach and will therefore solve many problems that teachers have in constructing and teaching world history courses at the introductory or upper-division levels. The reader will allow show students how to read historical documents through a hands-on demonstration in the introduction. The book also incorporates images as visual documents. Finally, the book conceives of global history in the widest possible terms; it contains pieces on political, diplomatic, economic, and military history, to be sure, but it also has selections on technology, medicine, women, the environment, social changes, and cultural patterns. Other readers can not match this text's breadth because they are chronologically and thematically so extended.

Why should students have this book? First, this practice guide was written by three AP World History teachers with over 20 years of experience grading the AP World History Exam--they have seen it all and are sharing their expertise. Secondly, This guide can be used at any point in the school year. Writing prompts cover every era of history and are arranged in an easy-to-follow, chronological order. The writing practice section contains six DBQs, twelve LEQs, and seventy-two SAQs. This guide also has THREE multiple-choice practice tests. The first multiple-choice test covers the first three time periods (Paleolithic era to ~1500 C.E.) and is designed to be taken halfway through the course to give students an idea of where they stand. The other two multiple-choice exams cover the entire course curriculum. All multiple-choice questions and writing prompts are tied to the key concepts of the course and the answer key features comprehensive explanations and examples of student work. No other prep book offers this much practice material written to AP guidelines.

Eurocentrism influences virtually all established historical writing. With the rise of Prussia and, by extension, Europe, eurocentrism became the dominant paradigm for world history. Employing the approaches of Gramsci and Foucault, Peter Gran proposes a reconceptualization of world history. He challenges the traditional convention of relying on totalitarian or democratic functions of a particular state to explain and understand relationships of authority and resistance in a number of national contexts. Gran maintains that there is no single developmental model but diverse forms of hegemony that emerged out of the political crisis following the penetration of capitalism into each nation. In making comparisons between seemingly disparate and distinctive nations and by questioning established canons of comparative inquiry, Gran encourages people to recognize the similarities between the West and non-West nations.

"A higher education textbook on World History from 1400 to the present"--

A New View of Modern World History Macmillan International Higher Education

For undergraduate courses on 20th century world history, history of Europe and international relations. Presents a framework of key events in the 20th century that shaped the modern world. *The World in the Twentieth Century* is a brief, accessible text written for students who may have little background in history. It focuses on encouraging students to make connections by delivering four important themes: the effects of technology on world history, changing global identities, shifting borders and globalization. These themes and the book's structure develop a deeper understanding of a fast-paced century by placing strong emphasis on student engagement.

Advanced Placement World History: Modern Carlton Books Limited

In an ever-shrinking world, the need for a global perspective in dealing with the modern world has become acute. This book attempts to provide such a perspective by investigating the major changes in geopolitics and world economy during the past 500 years. However compact, it enables us to understand the present unravelling of Communism and the growing challenge from Asia to Western Superiority. It is shown that in so many ways the problems of the contemporary world spring from the unprecedented era of western domination, which the non-western world is now trying to unlive.

The fifth edition of this bestselling book is for school and MA26 students taking courses in Modern World History and for undergraduates in History and International Relations. It is a complete, self-contained, lively and highly readable course, suitable for individual study or classroom use. The general reader who wishes to find out how the world got into its present state will also find the book useful. Key features of the fifth edition: • A new chapter on Latin America and its changing relationship with the USA • New sections on the Arab Spring, the 2008 financial crash and its aftermath, and the European Union in crisis • New material on the changing face of communism in China; USA: Bush to Obama; Russia under Putin and Medvedev; the continuing conflict between Palestinians and Israelis and the 'war against terrorism' Content includes: • A survey of international relations and war from 1900 to 2012 • Europe and its history - the rise and fall of fascism and communism • International affairs of the major superpowers - USA, Russia/USSR and China • International conflict -The Holocaust, 9/11 and the fall of Saddam Hussein • Decolonization and subsequent events in Africa, and the rise of political Islam • Global problems - climate change, economic crises, the population 'explosion' • Mention of disagreements and controversies among historians, as well as new interpretations and discoveries Norman Lowe has had many years' experience of teaching History at all levels, and for 25 years was Head of History at Nelson and Colne MA26 in Lancashire. He is the author of *Mastering Modern British History* and *Mastering Twentieth Century Russian History*. Fully updated companion website with examples of document questions for each chapter www.palgrave.com/masterseries/Lowe

A History of a Global Power Hodder Murray

"America's story from 1898 to 1945 is nothing less than the triumph of American exceptionalism over liberal progressivism, despite a few temporary victories by the latter." Conservative historian Larry Schweikart has won wide acclaim for his number one New York Times bestseller, *A Patriot's History of the United States*. It proved that, contrary to the liberal biases in countless other history books, America had not really been founded on racism, sexism, greed, and oppression. Schweikart and coauthor Michael Allen restored the truly great achievements of America's patriots, founders, and heroes to their rightful place of honor. Now Schweikart and coauthor Dave Dougherty are back

with a new perspective on America's half-century rise to the center of the world stage. This all-new volume corrects many of the biases that cloud the way people view the Treaty of Versailles, the Roaring Twenties, the Crash of 1929, the deployment of the atomic bomb, and other critical events in global history. Beginning with the Spanish-American War— which introduced the United States as a global military power that could no longer be ignored—and continuing through the end of World War II, this book shows how a free, capitalist nation could thrive when put face-to-face with tyrannical and socialist powers. Schweikart and Dougherty narrate the many times America proved

its dominance by upholding the principles on which it was founded—and struggled on the rare occasions when it strayed from those principles. The authors make a convincing case that America has constantly been a force for good in the world, improving standards of living, introducing innovations, guaranteeing liberty, and offering opportunities to those who had none elsewhere. They also illustrate how the country ascended to superpower status at the same time it was figuring out its own identity. While American ideals were defeating tyrants abroad, a constant struggle against

progressivism was being waged at home, leading to the stumbles of the Great Depression, the New Deal, and the attack on Pearl Harbor. Despite this rocky entrance on the world stage, it was during this half century that the world came to embrace all things American, from its innovations and businesses to its political system and popular culture. The United States began to define what the rest of the world could emulate as the new global ideal. A Patriot's History of the Modern World provides a new perspective on our extraordinary past—and offers lessons we can apply to preserve American exceptionalism today and tomorrow.
