Greco Files is part memoir and part commentary. It traces the real-life experiences of a couple of retired British teachers as they fashion a new chapter in their lives in a Greek village as the 21st Century unfolds. Put in the context of Greek mythology, history and geography, and set against a background of current issues such as wildfire, water supply and economic crisis, the author charts the challenges, achievements and pleasures that he and his wife experience during two decades creating a new home and lifestyle in the Mani peninsula of southern, mainland Greece.

A very good Italian detective is investigating a case of a serial killer in Las Vegas. Given the way in which a number of people were killed in the city of lights, our American colleagues have thought of the Italian mafia. So, they asked for help from the Italian police who, from Rome, sent the beautiful detective Ella Palmeri. She was one of the finest detectives and criminologists at the time in Italy.

“The reason you love Jamie (or are about to) is because she says exactly what the rest of us are thinking, but we’re too afraid to upset the apple cart. She is a voice for the outlier, and we’re famished for what she has to say.” --Jen Hatmaker, New York Times bestselling author of Of Mess and Moxie and For the Love Wildly popular blogger "Jamie the Very Worst Missionary" delivers a searing, offbeat, often hilarious memoir of spiritual

disintegration and re-formation. As a quirky Jewish kid and promiscuous punkass teen, Jamie Wright never imagines becoming a Christian, let alone a Christian missionary. She is barely an adult when the trials of motherhood and marriage put her on an unexpected collision course with Jesus. After finding her faith at a suburban megachurch, Jamie trades in the easy life on the cul-de-sac for the green fields of Costa Rica. There, along with her family, she earnestly hopes to serve God and change lives. But faced with a yawning culture gap and persistent shortcomings in herself and her fellow workers, she soon loses confidence in the missionary enterprise and falls into a funk of cynicism and despair. Nearly paralyzed by depression, yet still wanting to make a difference, she decides to tell the whole, disenchanted truth: Missionaries suck and our work makes no sense at all! From her sofa in Central America, she launches a renegade blog, Jamie the Very Worst Missionary, and against all odds wins a large and passionate following. Which leads her to see that maybe a "bad" missionary--awkward, doubtful, and vocal—is exactly what the world and the throngs of American do-gooders need. The Very Worst Missionary is a disarming, ultimately inspiring spiritual memoir for well-intentioned contrarians everywhere. It will appeal to readers of Nadia Bolz-Weber, Jen Hatmaker, Ann Lamott, Jana Reiss, Mallory Ortberg, and Rachel Held Evans.

Twenty years after The Boys from the Barracks—chronicling the attempted coups in the 1980s—Criselda Yabes returned to the military in the field of Muslim Mindanao, where the struggle to find peace is taking place to end one of the country’s longest-running insurgencies. Says writer Patricio Abinales: “(This book) is, as far as I know, the first intimate look at everyday life inside military camps. Yabes has given us portrait after portrait of soldiers and officers who fight the country’s internal wars—in all their nobility and their flaws.”

No somos ángeles reúne todos aquellos detalles detrás de los grandes casos policiales que conmocionaron a la opinión pública y que quedaron registrados en las libretas de los reconocidos periodistas de vasta trayectoria en el género, Liliana Caruso, Florencia Etcheves y Mauro Szeta. Como periodistas de policiales de gráfica y televisión fueron testigos de situaciones inéditas. Espiaron por la cerradura de puertas más que cerradas. Estuvieron detrás de los casos de los que habló el país: el crimen de María Marta García Belsunce, el asesinato de Nora Dalmasso, el robo al Banco Río, el caso de las hermanas satánicas, vieron convertirse en "héroe" al odontólogo Barreda y fueron testigos de innumerables juicios donde solo a veces triunfó la verdad. Y en ese camino lleno de bares, oficinas, juzgados, comisariás, institutos penales y cárceles aprendieron lo que saben: que las conspiraciones raramente existen, que lo más valioso para entender un caso policial no es descifrar los oscuros designios de seres de otro planeta, sino por el contrario, revelar la humanidad de quienes participaron en el hecho en los pequeños detalles. Algunos casos sorprenden, otros emocionan, muchos terminan siendo desopilantes. Pero todos son reales, aun los más inverosímiles. De la sorpresa a la indignación, pasando por la sonrisa, el lector descubrirá al igual que los autores que los ángeles no existen en este mundo. Ni dentro ni fuera de la ley.

What drives a Caribbean man to pack his meager belongings, pick up his young family, and get on a plane bound for the Philippines, knowing that he has only enough money to get to New York? What makes him believe that they can survive in that distant country for three years when he doesn't even have enough money to get there in the first place? The answer is conviction—a strong conviction based on several miracles, such as a mysterious old bent-over Vincentian woman appearing from nowhere and telling him to his face that he should become a pastor! Through Miracles to Ministry traces a long and often exciting journey marked by providential situations and supernatural events in the author's life. As you take this journey with him, especially from 2002 onward, you will be left shaking your head in acknowledgment that certainly, God was at work. The author hopes that as you read, your attitude will be, “Hey, if God did this for him, he can do it for me.”

Russia is divided into seven federal districts encompassing 89 units -- regions (oblasts), territories (krais), and republics. As central power has weakened, the importance of these units and their local leadership has increased commensurately. This work brings together in one volume all basic political, economic, and demographic data on every territorial unit of the Russian Federation, its local government structure, and electoral history current through the spring 2000 elections and the summer 2000 reorganization. Each entry includes an extensive profile of the president, governor, or prime minister, and an overview of local political trends, policies, economy, and business conditions.

American business folklore is awash with the adventures of successful entrepreneurs. Still, most of these stories are about Americans, neglecting

important and courageous entrepreneurs from other countries. Made in Korea recounts the story of how Chung Ju Yung rose from poverty to build one of the world's largest and most successful building empires - Hyundai - through a combination of creative thinking, tenacity, timing, political skills, and a business strategy that few competitors ever understood. Chung entered the shipbuilding business with no experience and went on to create the world's largest shipyard. He began making automobiles when foreign experts unanimously predicted he would fail, and he started a global construction company that has built some of today's greatest architectural wonders. He even convinced the International Olympic Committee to select South Korea over Japan as the site for the highly successful 1988 Olympics. Unlike most CEO's of major firms, Chung has always preferred the company of his workers to that of the global executive elite. Hard work, creativity and a capacity to never give up - this is the essence of Chung's life. In each of his ventures, he exhibited a sheer determination to succeed, regardless of the obstacles, and he worked tirelessly to instil this drive in all of his employees. Even today, in the midst of Korea's worst economic crisis in over four decades, Chung's company is busy implementing plans to emerge as an even stronger contender in the world economy. Illustrated with 32 pages of colour photographs not previously seen in the West, including photos of Chung's recent historic visit to North Korea in 1998, Made in Korea takes stock of Chung's entire life, highlighting both his contributions to society and the lessons his work can teach to aspiring entrepreneurs.
