Dance Music Manual, Second Edition: Tools, toys and techniques Rick Snoman. I haven't had enough time to fully delve into this book, but on first inspection, it seems like a winner. It breaks down for you the skeleton of each genre of electronic music and shows you how to program the beats into a sequencer. I'll come back and comment on this ...

A great manual to have an idea of how everything goes in the dance music business, This book is fully comprehensive with anything you need as a music producer (EDM in particularly), starting from basis of midi, synthesis, and music theory, all the way to publishing and promotion of your music.
