Ready For More. Every Ton. Qsk78 G8 Cummins Cummins will be the leading provider of electrified power in our commercial and industrial markets just as we are the leader in diesel and natural gas powered products. Cummins will provide the entire electrified power solution, as well as some of the most critical components that have the largest impact on performance, quality and power of the system to deliver the most value to our customers. Diesel QSK78-Series | Cummins Inc. The new 4-turbo design architecture QSK78 uses the Cummins High Pressure Injection (HPI) PT full authority electronic fuel system. The HPI PT fuel system is managed by a G-Drive Governor Control System (GCS) controller, which is provided for off-engine mounting in the genset control panel. The Quantum Control has a specific fuel system board
