Santiago the Dreamer in Land Among the Stars Walter de Gruyter GmbH & Co KG

What happens when one of Germany's most important writers, himself a Muslim, immerses himself in the world of Christian art? In this book, Navid Kermani is awestruck by a religion full of sacrifice and lamentation, love and wonder, the irrational and the unfathomable, the deeply human and the divine – a Christianity that today's Christians rarely speak of so earnestly, boldly and enthusiastically. With the open-minded curiosity of a non-believer – or rather a believer in another faith – Kermani engages with Christian art in its great richness and diversity. The result is an enchanting reflection which reinvests in Christianity both its spectacular beauty and its terror. Kermani struggles with the cross, falls in love at the sight of Mary, experiences the Orthodox Mass and appreciates the greatness of St Francis. He teaches us to see the questions of our present-day lives in the pictures of old masters such as Botticelli, Caravaggio and Rembrandt – not with lectures on art history or theology, but with an intelligent eye for

the essential details and the underlying relations to seemingly remote worlds, to literature and to mystical Islam. Kermani's poetic school of seeing draws us in as we are carried along by his unique perspective on Christianity, rekindling our interest in great art at the same time. We are captivated by his unique and brilliant Islamic reading of the West.

Engaging ethnography, philosophical policy, and social analysis, cultural and media studies, and theoretical stances from psychoanalysis to complexity theory, the essays in this volume challenge readers to move beyond the logic of identity politics in order to consider the limitations and possibilities of cultural and institutional policies and practices in K-12 and higher educational contexts.

The rise of performance art as chronicled by renowned critic Sally Banes. Her approach to the complex matrix of art, community, and culture draws on histories and theories of painting, photography, dance, theater, and folklore. Her vivid descriptions and provocative interpretations fill a gap in the history of contemporary performance--where the avant-garde met the mainstream.

Wonder Beyond Belief John Wiley & Sons

Focusing on practice more than theory, this collection offers new perspectives for studying the so-called "humoral medical traditions," as they have flourished around the globe during the last 2,000 years. Exploring notions of "balance" in medical cultures across Eurasia, Africa and the Americas, from antiquity to the present, the volume revisits "harmony" and "holism" as main characteristics of those traditions. It foregrounds a dynamic notion of balance and asks how balance is defined or conceptualized, by whom, for whom and in what circumstances. Balance need not connote egalitarianism or equilibrium. Rather, it alludes to morals of self care exercised in place of excessiveness and indulgences after long periods of a life in dearth. As the moral becomes visceral, the question arises: what constitutes the visceral in a body that is in constant flux and flow? How far, and in what ways, are there fundamental properties or constituents in those bodies?

First published in 2004, this volume recognises that there is much more to museums than the documenting, monumentalizing, or theme-parking of identity, history and heritage. This landmark anthology aims to make strange the very existence of museums and to plot a critical, historical and ethical understanding of their origins and history. A radical selection of key texts introduces the reader to the intense investigation of the modern European idea of the museum that has taken place over the last fifty years. Texts first published in journals and books are brought together in one volume with up-to-the-minute and specially commissioned pieces by leading administrators, curators and art historians. The selections are organized by key themes that map the evolution of the debate and introduced by Donald Preziosi and Claire Farago, two considerable critics, who write with the edge and enthusiasm of art historians who have spent their lives working with museums. Grasping the World is an invaluable resource for students and teachers of art history and museum studies.

As United States television programs, movies, music, and other cultural products make their way around the globe, a vigorous debate over "cultural imperialism" is growing in many countries. This book brings together experts in economics, sociology, anthropology, the humanities, and communications to explore what effects the North American Free Trade Agreement will have on the flow of cultural products among Mexico, the United States, and Canada. After an overview of free trade and the cultural industries, the book covers the following topics: dominance and resistance, cultural trade and identity in relation to Mexico and to French Canada, and intellectual property rights. Based on present trends, the contributors predict that there will be a steadily increasing flow of cultural products from the United States to its neighbors. This book grew out of a 1994 conference that brought together leaders of the cultural industries, policy makers, and scholars. It represents state-of-the-art thinking about the global influence of U.S. cultural industries.

A dark, poetic mystery about the women of the remote village of Kulumani and the lionesses that hunt them Told through two haunting, interwoven diaries, Mia Couto's Confession of the Lioness reveals the mysterious world of Kulumani, an isolated village in Mozambique whose traditions and beliefs are threatened when ghostlike lionesses begin hunting the women who live there. Mariamar, a woman whose sister was killed in a lioness attack, finds her life thrown into chaos when the outsider Archangel Bullseye, the marksman hired to kill the lionesses, arrives at the request of the village elders. Mariamar's father

imprisons her in her home, where she relives painful memories of past abuse and hopes to be rescued by Archangel. Meanwhile, Archangel tracks the lionesses in the wilderness, but when he begins to suspect there is more to them than meets the eye, he starts to lose control of his hands. The hunt grows more dangerous, until it's no safer inside Kulumani than outside it. As the men of Kulumani feel increasingly threatened by the outsider, the forces of modernity upon their traditional culture, and the danger of their animal predators closing in, it becomes clear the lionesses might not be real lionesses at all but spirits conjured by the ancient witchcraft of the women themselves. Both a riveting mystery and a poignant examination of women's oppression, *Confession of the Lioness* explores the confrontation between the modern world and ancient traditions to produce an atmospheric, gripping novel.

The Heretic Praeger

A young man's fate is tied to the Protestant Reformation—and the violent upheaval that follows—in this prize-winning novel of sixteenth-century Spain. On October 31st, 1517, Martin Luther nails his ninety-five theses to a church door and launches the movement that will divide the Roman Catholic Church. On that same day, a child is born in the Spanish city of Valladolid. The young Cipriano Salcedo's fate is marked by the political and religious upheaval taking root across Europe. Cipriano grows up to become a prosperous merchant and joins the Reformation movement, which is secretly advancing on the Iberian Peninsula, the historical bastion of the Catholic church. But before long, the Spanish Inquisition will drive the Reformers to put their lives at stake. Through Cipriano's story, Delibes paints a masterful portrait of the time of Spain's Charles V and recreates the social and intellectual atmosphere of Europe at one of history's most pivotal moments. Winner of Spain's Premio Nacional de Narrativa *The Chaiseul Marble* Routledge

To Be Continued... explores the world's most popular form of television drama; the soap opera. From Denver to Delhi, Moscow to Manchester, audiences eagerly await the next episode of *As the World Turns*, *The Rich Also Weep* or *Eastenders*. But the popularity of soap operas in Britain and the US pales in comparison to the role that they play in media cultures in other parts of the world. *To Be Continued...* investigates both the cultural specificity of television soap operas and their reception in other cultures, covering soap production and soap watching in the U.S., Asia, Europe, Australia and Latin America. The contributors consider the nature of soap as a media text, the history of the serial narrative as a form, and the role of the soap opera in the development of feminist media criticism. *To Be Continued...* presents the first scholarly examination of soap opera as global media phenomenon.
