The newly updated edition of this book makes a fine supplement to a college survey course in American history. It opens with the Reconstruction era following the Civil War, then goes on to chronicle the pivotal events of the late nineteenth- and entire twentieth century. It summarizes events surrounding U.S. entry into two World Wars, the Great Depression of the 1930s, the Korean and Vietnam conflicts, the Civil Rights movement, and major events leading to the growth of the United States into the world's leading superpower. All significant events and personalities are briefly summarized under boldfaced topic heads. Review questions appear at the end of each chapter, with answers at the back of the book. Appendices include suggestions for essay questions, quick-check fact lists, a recommended reading list, and a short-entry dictionary of historical terms.

Questions and Answers on United States History, for the Use of Teachers and Students (Classic Reprint) Simon and Schuster
 Excerpt from The Land We Live In: Questions and Answers on United States History The following series of questions and answers upon the history of the United States, from the colonial period down to the year 1888, was prepared by the late-mr. W. I. Chase, with most assiduous care, and was completed by him in August, 1888. Mr. Chase died in 1889, and his plan of continuing this work so as to include the geography, civil government, institutions and resources of the United States as well as its history, has not yet been carried out. The great favor with which these historical questions have been received in pamphlet form has led the publishers to continue their publication in more permanent shape as here given. We have no hesitation in asserting that no such clear, concise and truthful resume of our national history was ever presented before. Certain periods, that

in most histories are, for political reasons, slurred over if not unfairly presented, as the period immediately preceding the civil war, and the reconstruction period, are here described frankly and fully, and at the same time with such entire freedom from partisan bias, that no honest reader can wrest the account to cause for offense. Mr. Chase had an exceptional power of singling out the well-substantiated from the doubtful statements of history, and of transcribing the former clearly, without blurring their outlines by the addition of personal or party opinions. No less noteworthy was his power of grouping facts, so as to show their relation to each other. Facts, he said, are mere dead timber, which in the rough is neither ornamental nor particularly preface. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. REA's Interactive Flashcard books represent a novel approach which combines the merits of flash cards with the ease of using a book. One side of each page includes questions to be answered, with space for writing in one's answers — a feature not usually found on flash cards. The flip side of the same page contains the correct answers, much as flash cards do. United States History 1500-1841 is fully indexed making it easy to locate topics for study.
