Featuring a foreword by Gabriel Garcia Marquez ("Che Guevara in Africa"), this book fills in the missing chapter in Che Guevara's life as head of the secret Cuban force that went to aid the liberation movement in the Congo against the Belgian colonialists in 1965. The idea was to prepare a group of Cubans for the

mission to Bolivia, as well as to assist African national liberation movements. This diary remained unpublished for decades because of its controversial content, but, like his other diaries, reveals Che's great literary gift, his razor-sharp intellect, his dry wit, and his brutal honesty. Because this diary deals with what Che admits was a "failure," he examines every painful detail about what went wrong in order to draw constructive lessons for future expeditions. This publication of the complete Congo Diary has been thoroughly revised by Che's

widow, Aleida March, and published in association with the Che Guevara Studies Center in Havana. Features: Forewords by Gabriel Garcia Marquez ("Che Guevara in Africa") and Che's daughter, Aleida Guevara Twenty-eight pages of unpublished photos Extensive notes and glossary explaining Swahili terms Backcover blurbs by Nelson Mandela and Gabriel Garcia Marquez

Award-winning author and illustrator Duncan Tonatiuh tells the story of Amalia Hernández, dancer and founder of El Ballet Folklórico de México. Published in time for the 100th anniversary of Hernández's birth, *Danza!* is the first picture book about the famous dancer and choreographer. *Danza!* is a celebration of Hernández's life and of the rich history of dance in Mexico. As a child, Amalia always thought she would grow up to be a teacher, until she saw a performance of dancers in her town square. She was fascinated by the way the dancers twirled and swayed, and she knew that someday she would be a dancer, too. She began to study many different types of dance, including ballet and modern, under some of the best teachers in the world. Hernández traveled throughout Mexico studying and learning regional dances. Soon she founded her own dance

company, El Ballet Folklórico de México, where she integrated her knowledge of ballet and modern dance with folkloric dances. The group began to perform all over the country and soon all over the world, becoming an international sensation that still tours today. Duncan Tonatiuh's picture books have been honored with many awards and accolades, including the Pura Belpré Award, the Robert F. Sibert Award, and the New York Times Best Illustrated Book Award. With Tonatiuh's distinctive Mixtec-inspired artwork and colorful drawings that seem to leap off the page, *Danza!* will enthrall and inspire young readers with the fascinating story of this important dancer and choreographer.

Heart of Darkness Simon and Schuster  
Brash hustlers, sinister colonels, resilient refugees, and intrepid radio hosts: meet the future of Congo In this extraordinary debut - called 'gripping' by The Times of London - Ben Rawlence sets out to gather the news from a forgotten town deep in Congo's 'silent quarter' where peace is finally being built after two decades of civil war and devastation. Ignoring the advice of locals, reporters, and mercenaries, he

travels by foot, bike, and boat, introducing us to Colonel Ibrahim, a guerrilla turned army officer; Benjamin, the kindly father of the most terrifying Mai Mai warlord; the cousins Mohammed and Mohammed, young tin traders hoping to make their fortune; and talk show host Mama Christine, who dispenses counsel and courage in equal measure. From the 'blood cheese' of Goma to the decaying city of Manono, Rawlence uncovers the real stories of life during the war and finds hope for the future.

In the introduction to *The Crime of the Congo* Conan Doyle wrote: "I am convinced that the reason why public opinion has not been more sensitive upon the question of the Congo Free State is that the terrible story has not been brought thoroughly home to the people," a situation he intended to rectify.

A Story of August Wilson Lincoln Children's Books

From Nobel laureate, world-renowned doctor, and noted human rights activist Dr. Denis Mukwege comes an inspiring clarion call-to-action to confront the scourge of sexual violence and better learn from women's resilience, strength, and power. At the heart of Dr. Mukwege's message will be the voices of the many women he has worked with over the years. Dr. Mukwege will use individual cases to reassure all survivors that, even if their psychological wounds may never fully heal, they can recover and thrive with the right care and support. Dr. Mukwege's dramatic personal story is interwoven throughout as he explores the bigger issues that have become a focus of his advocacy. He will seek to explain why sexual violence is so often overlooked during war, and how governments need to recognize and compensate victims. He will also stress the importance of breaking down the taboos surrounding assault, and the necessity of building a system that supports women who come forward. His

words advocate for saying 'no' to indifference and he asks readers to reckon with the West's involvement in perpetuating sexual violence in places like the Democratic Republic of Congo, and to confront the abuse taking place in their own communities. Sexual violence does not occur in a vacuum. The conflict in the Democratic Republic of Congo, which has raged for over 20 years and has claimed an estimated 5 million lives, is inseparable from Western patriarchy and economic colonization. And this cycle of violence and spoils is not limited to Congo. Dr. Mukwege's work has led him to South Korea, Latin America, the Middle East, and elsewhere in Africa, where he has found striking similarities in women's testimonies. The truth is, through the intricate ties of the global economy, we are all implicated in violence against women - whether it occurs amidst the fighting in the Democratic Republic of Congo or on college campuses in the West. And Dr. Mukwege's writing will address men as well, encouraging and guiding them to become allies in the fight against sexual abuse, in war and in peace. Building more inclusive, gender-balanced

societies will require developing what he calls "positive masculinity" - a systemic change in male behavior and attitudes towards women. Dr. Mukwege hopes to inspire other men to speak out and join the struggle, rather than leaving women to fight the battle alone. He will also make the case, drawing from his experience and a wealth of research on the topic, that when women are involved as economic and political decision makers, all of society benefits. The Power of Women will illuminate the enduring strength of women in the face of violence and trauma, and give hope for the potential of individuals to turn the tide.

Ernesto Che Guevara's diary of his revolutionary struggle in Congo alongside Cuban guerrillas. In April 1965, Che Guevara set out clandestinely from Havana to Congo to head a force of some 200 veteran Cuban soldiers to assist the African liberation movement against Belgian colonialists, four years after the assassination of the democratically elected socialist president of Congo, Patrice Lumumba. This diary deals with

what Che admits was a "failure," and he examines every painful detail about what went wrong in order to draw constructive lessons for planned future guerrilla movements. Unique among his books, Congo Diary gives us Che's brutal honesty and his story-telling ability as he recounts this fascinating episode of guerrilla warfare unblinkingly and without sugar coating or jargon. Considered by some to be Che's best book, it is also one of the few that he had a chance to edit for publication after writing it.

On the smooth, cool rock Layila watches as her elders beat the dust from their bright clothes, singing sweet songs of gods and demons; dreamlike stories of fire and water, forest and sky. She has never seen the evil spirits from her mother's songs, those that dwell in the deepest jungle, but Layila knows she must always keep watch for them, for they bring certain death and destruction to all. So when Layila sees the strange pale beings, with their unnatural gait, their sharp, unfamiliar smells, approaching her people at the waterside, she knows she must run.

Vanishing herself into the enfolding gloom of the jungle she watches as Kimbindi, spirit of darkness-white men-shackle and ravage her mother, her sisters, her friends, before leading them away from the safety of the forest path and into unknown territories. The preadolescent is lost in this tangled expanse of untamed and merciless wilderness in the company of her friends. Both watch as the land of Congo is ravaged by cold-hearted aggressors, who infect it with a darkness that spreads down the rivers and paths, like poison in the blood vessels, through the very heart of Africa. The Dark Continent. A wild and savage land whose tribal drums pulse across the sky like lifeblood through the heart of Africa. Susan Bailey Dawson, a retired journalist and lifelong abolitionist, is read her memoir, whilst on her death bed, telling the tale of a journey to the heart of darkness and of her love interest, Captain Bison Van Lanterman-a henchman for slave traders and a devotee of the King of the Belgians. Congo natives tell the story of their nation's history in a captivating title that evokes the cultural richness of their now adulterated homeland-preserving Congo's

original beauty for future generations. *Che in Africa* Doubleday Books  
For the first time, a Navy SEAL tells the story of the US's clandestine operations in North Vietnam and the Congo during the Cold War. Sometime in 1965, James Hawes landed in the Congo with cash stuffed in his socks, morphine in his bag, and a basic understanding of his mission: recruit a mercenary navy and suppress the Soviet- and Chinese-backed rebels engaged in guerilla movements against a pro-Western government. He knew the United States must preserve deniability, so he would be abandoned in any life-threatening situation; he did not know that Che Guevara attempting to export his revolution a few miles away. Cold War Navy SEAL gives unprecedented insight into a clandestine chapter in US history through the experiences of Hawes, a distinguished Navy frogman and later a CIA contractor. His journey began as an officer in the newly-formed SEAL Team 2, which then led him to Vietnam in 1964 to train hit-and-run boat teams who ran clandestine raids into North Vietnam. Those raids directly instigated the Gulf of Tonkin Incident. The CIA tapped Hawes to

deploy to the Congo, where he would be tasked with creating and leading a paramilitary navy on Lake Tanganyika to disrupt guerilla action in the country. According to the US government, he did not, and could not, exist; he was on his own, 1400 miles from his closest allies, with only periodic letters via air-drop as communication. Hawes recalls recruiting and managing some of the most dangerous mercenaries in Africa, battling rebels with a crew of anti-Castro Cuban exiles, and learning what the rest of the intelligence world was dying to know: the location of Che Guevara. In vivid detail that rivals any action movie, Hawes describes how he and his team discovered Guevara leading the communist rebels on the other side and eventually forced him from the country, accomplishing a seemingly impossible mission. Complete with never-before-seen photographs and interviews with fellow operatives in the Congo, Cold War Navy SEAL is an unblinking look at a portion of Cold War history never before told. *Diary of a Combatant* Modern Library

The Diaries of the Revolutionary War in the Congo Abrams

With an introduction by award-winning novelist Barbara Kingsolver In the late nineteenth century, when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves, King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River. In his devastatingly barbarous colonization of this area, Leopold stole its rubber and ivory, pummelled its people and set up a ruthless regime that would reduce the population by half. . While he did all this, he carefully constructed an image of himself as a deeply feeling humanitarian. Winner of the Duff Cooper Prize in 1999, King Leopold's Ghost is the true and

haunting account of this man's brutal regime and its lasting effect on a ruined nation. It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust. Instead of turning away, these brave few chose to stand up against Leopold. Adam Hochschild brings life to this largely untold story and, crucially, casts blame on those responsible for this atrocity.

Congo Penguin

This book presents the first anthology of Flemish prose on the Congo, the former colony of Belgium, in English translation. Because of the Dutch language barrier, Flemish literature on the Congo has

traditionally remained inaccessible to and thus neglected by international scholarship, as opposed to French or English prose on this part of the African continent. That this particular perspective has thus far remained underexposed, or even disregarded, is all the more regrettable in light of the fact that the vast majority of Belgians who went to work in the African colony came from Flanders. The Congo in Flemish Literature now represents a key step towards filling this lacuna by providing an overview of the different societal attitudes towards the colonial undertaking prevailing in Belgium during and after the colonial era, the way the relationship between Belgium and the Congo changed over time, subject to the zeitgeist and sociopolitical and economic developments, and the individual authors' varying points of view with regard to the colonisation. Flemish Congo prose offers a fascinating glimpse into Belgium's colonial past and legacy, primarily during the colonial era, but also at the time of its violent aftermath following Congolese independence on 30 June 1960, and well into the following decades.

Three kinetically distilled long poems by the singular American poet who “transfigures ‘thought’ into a weave of lexical magic” (Philip Lamantia) “The poet is endemic with life itself,” Will Alexander once said, and in this searing pas de trois, *Refractive Africa: Ballet of the Forgotten*, he has exemplified this vital candescence with a transpersonal amplification worthy of the Cambrian explosion. “This being the ballet of the forgotten,” he writes as diasporic witness, “of refracted boundary points as venom.” The volume’s opening poem pays homage to the innovative Nigerian-Yoruban author Amos Tutuola; it ends with an encomium to the modernist Malagasy poet Jean-Joseph Rabearivelo—two writers whose luminous art suffered “colonial wrath through refraction.” A tribute to the Congo forms the bridge and brisé vole of the book: the Congo as “charged aural colony” and “primal interconnection,” a “subliminal psychic force” with a colonial and postcolonial history dominated by the Occident. Will Alexander’s improvisatory cosmicity pushes poetic language to the point of most resistance—incantatory and swirling with magical laterality and

recovery.

Chosen as a New York Times Best Illustrated Book of 2016, this poetic, nonfiction story about a little-known piece of African American history captures a human's capacity to find hope and joy in difficult circumstances and demonstrates how New Orleans' Congo Square was truly freedom's heart. Mondays, there were hogs to slop, mules to train, and logs to chop. Slavery was no ways fair. Six more days to Congo Square. As slaves relentlessly toiled in an unjust system in 19th century Louisiana, they all counted down the days until Sunday, when at least for half a day they were briefly able to congregate in Congo Square in New Orleans. Here they were free to set up an open market, sing, dance, and play music. They were free to forget their cares, their struggles, and their oppression. This story chronicles slaves' duties each day, from chopping logs on Mondays to baking bread on Wednesdays to plucking hens on Saturday, and builds to the freedom of Sundays and the special experience of an afternoon spent in Congo Square. This book will have a forward from Freddi

Williams Evans (freddievans.com), a historian and Congo Square expert, as well as a glossary of terms with pronunciations and definitions. Osnat was born five hundred years ago – at a time when almost everyone believed in miracles. But very few believed that girls should learn to read. Yet Osnat's father was a great scholar whose house was filled with books. And she convinced him to teach her. Then she in turn grew up to teach others, becoming a wise scholar

in her own right, the world's first female rabbi! Some say Osnat performed miracles – like healing a dove who had been shot by a hunter! Or saving a congregation from fire! But perhaps her greatest feat was to be a light of inspiration for other girls and boys; to show that any person who can learn might find a path that none have walked before.
