CLARA HOOD

*The Prime Ministers of
Britain, 1721-1921* Simon
and Schuster
Originally published in
1952. In this fascinating
book that examines the

statistics, the term food
supplies is interpreted in a
wide sense and it deals
among other matters with
such subjects as supplies
from home agriculture
and from overseas; food
consumption; controls,

rationing and price regulations, and Government purchasing of food. Included are chapters on world food supplies, international organizations concerned with food and agriculture, and development schemes in the Commonwealth and colonies. Food supply from the eighteenth century onwards is outlined and the dependence on imported food is discussed.

Your reimagined Bible experience awaits! The new NLT Giant Print Premium Value Bible, Filament-Enabled Edition has a comfortable readable text, an attractive layout, and an affordable price. And

while it has the same low price of basic text Bibles, the NLT Giant Print now offers much more. It not only features a bold new design and the accessible, trusted, and much-loved New Living Translation (NLT) but also includes the groundbreaking Filament Bible app. Key features of this extra-large print Bible include: Life Application Life Topics Index for practical insights Quality lay-flat, Smyth-sewn binding for durability Easy-to-read 14-point font for a pleasant reading

experience Enhance Your Bible Studying through the Free Filament Bible App This app enables you to use your mobile phone or tablet to connect every page to a vast array of related content, including: 25,000+ study notes for deeper understanding. 350+ videos to bring scripture to life. 40+ maps and infographics for visual context. 400+ profiles and articles for enriching insights. 1,500+ devotionals for daily inspiration. Library of worship music to uplift your soul. Audio Bible to

immerse yourself in God's Word. The Filament Bible app transforms this New Living Translation Bible into a powerful study and devotional experience, offering more to expand your mind and touch your heart than you can possibly hold in your hand. And there is no additional cost for the Filament Bible app. No additional purchase. No additional size or weight. Of course, you can use this Bible without the app, but when you want to go further, grab your phone or tablet and open the

Filament Bible app and begin your immersive exploration. It's so easy to use. This giant print Bible makes a perfect gift for adults, seniors, and those who are looking for an easier reading experience at any age.

British Books Britain and the Seventy Years War, 1744-1815

This gem of a Victorian autobiography introduces one of Britain's greatest showmen: circus pioneer 'Lord' George Sanger. Welcome to real-life Dickens, as we enter the wild world of 19th century

peep-shows, freaks, menageries and travelling fairs. Fun, dark, irresistible. This new edition adds gorgeous illustrations, useful intro and index.

The British and Foreign Medical

Review.VO>XI.January - April,1841 Red Globe Press

This collection brings together empirical and analytical studies of the nature and evolution of Soviet-British relations during the 1980s and looks forward to the 1990s. The relationship is

firmly placed within the wider context of Soviet policy toward the West and NATO. The contributors examine mutual perceptions and policy perspectives; Soviet interests and objectives in dealing with Britain; and the role of economic, political, diplomatic, nongovernmental and security factors in determining policy outcomes. A concluding section evaluates the long-term significance of current and potential policy developments on

both sides. Soviet-British Relations is the first volume to be produced by the Soviet foreign policy study group at Chatham House, and is published in association with The Royal Institute of International Affairs.

Labor and Industry in Britain CUP Archive

NEW AND UPDATED

EDITIONA magisterial and profoundly perceptive survey of Britain's post-war role on the global stage, from Suez to Brexit. 'The fullest long-run political and diplomatic narrative yet of

Britain's fateful, tragicomic road to Brexit.' DAVID KYNASTON 'An instant classic . . . Stephens is a master of historical codebreaking.' PETER HENNESSEY 'Award-winning Financial Times journalist Philip Stephens paints a fascinating portrait of sixty years - from Suez to Brexit - as Britain struggles to reconcile its waning power with its past glory. Drawing on decades of personal contact and interviews with senior politicians and diplomats

in Britain, the United States and across the capitals of Europe, Britain Alone is a magisterial and deeply perceptive history of our nation and how we arrived at the state we are in.' 'Commanding . . . Rarely if ever, in the history of the British state since 1707, has one half of Britain's ruling elite committed an act of policy viewed with such absolute contempt by the other half; and rarely has that contempt been expressed with such elegance, such fluency, and such a devastating

wealth of supporting detail, as in this mighty survey.'

SCOTSMAN 'Profoundly knowledgeable.' CHRIS PATTEN 'Compelling.'

LAWRENCE FREEDMAN 'A fascinating history.'

IRISH TIMES 'A magnificent, exhilarating book'

British Political History, 1867-2001

Policy Press

When it comes to immigration, the population explosion, the collapse of the family, the north-south divide, devolution, or the death of the countryside, common wisdom tells us that we are in trouble; however, this is far from the truth. In his brilliant anatomy of contemporary Britain, leading geographer Daniel Dorling dissects the nation and reveals unexpected truths about the way we live

today, contrary to what you might read in the news: The human mosaic: Most children who live above the fourth floor of tower blocks in England are Black or Asian. The higher you go in a building, the darker skinned children tend to be. Relationships: The more times a person's heart is broken, the nearer they will tend to move to the sea. If you want to find a good man to marry head for the countryside. North and South: People in the south move home on average

every seven years and job every eight years. This is a year faster than in the north of England, but a year slower than is usual in Scotland. Optimum population: Emmigrant nation - There are twice as many grandchildren of British-born people living over-seas as there are people living in Britain who have grandparents who were themselves born abroad. The problem now is more about getting pregnant than a population explosion and we need more immigration not less.

Immigration: Muslims are far more likely to marry non-Muslims in Britain than Christians are to marry non-Christians. The elderly: Most people in Britain never live long enough to experience being burgled. In some areas you would have to live for over five hundred years to have an 'evens' chance of being a crime victim. Town and Country - divided since the enclosures: Step children are most commonly found in the most leafy of idyllic rural villages. Nuclear family homogeneity is

now an inner city phenomena. Why are there no cheap homes in the countryside any more? Transport: The greatest threat to life in Britain of all those aged under 40 is the car. For adults aged over 24 they most likely die as a driver, over 15 as a passenger, and over age 4 as a pedestrian. Work: There is no need for us to work until we drop - all could retire early. Reviews for Injustice: "A geographer maps the injustices of Selfish Capitalism with scholarly detachment." --

Oliver James. "Dorling provides the brain-cleaning software we need to begin creating a happier society. " -- Richard Wilkinson author of *The Spirit Level. Seventy Years of Struggle and Achievement* Unbound Publishing Eighteenth-century Britons were frequently anxious about the threat of invasion, military weakness, possible financial collapse and potential revolution. Anthony Page argues that between 1744 and 1815, Britain fought a 'Seventy

Years War' with France. This invaluable study: - Argues for a new periodization of eighteenth-century British history, and explains the politics and course of Anglo-French war - Explores Britain's 'fiscal-naval' state and its role in the expansion of empire and industrial revolution - Highlights links between war, Enlightenment and the evolution of modern British culture and politics Synthesizing recent research on political, military, economic, social and cultural history, Page

demonstrates how Anglo-French war influenced the revolutionary era and helped to shape the first age of global imperialism. **The World Almanac & Book of Facts** Bloomsbury Publishing A timely and revelatory new biography of Queen Elizabeth (and her family) exploring how the Windsors have evolved and thrived, as the modern world has changed around them. Clive Irving's stunning new narrative biography The Last Queen probes the question of the British

monarchy's longevity. In 2021, the Queen Elizabeth II finally appears to be at ease in the modern world, helped by the new generation of Windsors. But through Irving's unique insight there emerges a more fragile institution, whose extraordinarily dutiful matriarch has managed to persevere with dignity, yet in doing so made a Faustian pact with the media. The Last Queen is not a conventional biography—and the book is therefore not limited by the traditions of that

genre. Instead, it follows Elizabeth and her family's struggle to survive in the face of unprecedented changes in our attitudes towards the royal family, with the critical eye of an investigative reporter who is present and involved on a highly personal level.

Tales from the Colony Room BoD - Books on Demand

How has Europe shaped British literature and culture - and vice versa - since the Middle Ages?

This volume offers nuanced answers to this question. From the High

Renaissance to haute cuisine, from the Republic of Letters to the European Union, from the Black Death to Brexit -- the reader gains insights into the main geographical zones of influence, shared intellectual movements, indicative modes of cultural transfer and more recent conflicts that have left their mark on the British-European relationship. The story that emerges from this long history of cultural interactions is much more complex than its most recent political episode

might suggest. This volume offers indispensable contexts to the manifold and longstanding connections between British and European literature and culture. This book suggests that, however the political landscape develops, we will do well to bear this exceptionally rich history in mind.

The Last Queen
Cambridge University Press

'Entertaining, shocking, uproarious, hilarious . . . like eavesdropping on a wake, as the mourners

get gradually more drunk and tell ever more outrageous stories' Sunday Times This is the definitive history of London's most notorious drinking den, the Colony Room Club in Soho. It's a hair-raising romp through the underbelly of the post-war scene: during its sixty-year history, more romances, more deaths, more horrors and more sex scandals took place in the Colony than anywhere else. Tales from the Colony Room is an oral biography, consisting of previously unpublished

and long-lost interviews with the characters who were central to the scene, giving the reader a flavour of what it was like to frequent the Club. With a glass in hand you'll move through the decades listening to personal reminiscences, opinions and vitriol, from the authentic voices of those who were actually there. On your voyage through Soho's lost bohemia, you'll be served a drink by James Bond, sip champagne with Francis Bacon, queue for the loo with Christine Keeler, go

racing with Jeffrey Bernard, get laid with Lucian Freud, kill time with Doctor Who, pick a fight with Frank Norman and pass out with Peter Langan. All with a stellar supporting cast including Peter O'Toole, George Melly, Suggs, Lisa Stansfield, Dylan Thomas, Jay Landesman, Sarah Lucas, Damien Hirst and many, many more.

The Pastoral Review

Psychology Press

A captivating glimpse of Britain then and now, seen from behind the steering wheel. In 1951,

the Festival of Britain commissioned a series of short guides they dubbed 'handbooks for the explorer'. Their aim was to encourage readers to venture out beyond the capital and on to 'the roads and the by-roads' to see Britain as a 'living country'. Yet these thirteen guides did more than celebrate the rural splendour of this 'island nation': they also made much of Britain's industrial power and mid-century ambition – her thirst for new technologies, pride in

manufacturing and passion for exciting new ways to travel by road, air and sea. Armed with these About Britain guides, historian Tim Cole takes to the roads to find out what has changed and what has remained the same over the 70 years since they were first published. From Oban to Torquay, Caernarvon to Cambridge, he explores the visible changes to our landscape, and the more subtle social and cultural shifts that lie beneath. In a starkly different era where travel has been

transformed by the pandemic and many are journeying closer to home, About Britain is a warm and timely meditation on our changing relationship with the landscape, industry and transport. As he looks out on vineyards and apple orchards, power stations and slate mines, vast greenhouses and fulfilment centres for online goods, Cole provides an enchanting look at twentieth and early twenty-first century Britain.
Soviet-British Relations

Since the 1970s Faber & Faber

Eighteenth-century

Britons were frequently anxious about the threat of invasion, military weakness, possible financial collapse and potential revolution.

Anthony Page argues that between 1744 and 1815, Britain fought a 'Seventy Years War' with France.

This invaluable study: -

Argues for a new periodization of

eighteenth-century British history, and explains the

politics and course of

Anglo-French war -

Explores Britain's 'fiscal-naval' state and its role in the expansion of empire and industrial revolution -

Highlights links between war, Enlightenment and the evolution of modern British culture and politics

Synthesizing recent research on political, military, economic, social and cultural history, Page demonstrates how Anglo-French war influenced the revolutionary era and helped to shape the first age of global imperialism.

Seventy Years a Showman

Bloomsbury Publishing

Freemasonry was a major

cultural and social phenomenon and a key element of the

Enlightenment. It was to have an international

influence across the globe. This primary

resource collection charts a key period in the

development of organized Freemasonry culminating

in the formation of a single United Grand Lodge

of England. The secrecy

that has surrounded

Freemasonry has made it difficult to access

information and

documents about the

organization and its

adherents in the past. This collection is the result of extensive archival research and transcription and highlights the most significant themes associated with Freemasonry. The documents are drawn from masonic collections, private archives and libraries worldwide. The majority of these texts have never before been republished. Documents include rituals (some written in code), funeral services, sermons, songs, certificates, an engraved

list of lodges, letters, pamphlets, theatrical prologues and epilogues, and articles from newspapers and periodicals. This collection will enable researchers to identify many key masons for the first time. It will be of interest to students of Freemasonry, the Enlightenment and researchers in eighteenth-century studies. Includes more than 550 texts - Many texts are published here by special arrangement with the Library and Museum of Freemasonry, London -

Contains over 260 pages of newly transcribed manuscript material - Documents are organized thematically - Full editorial apparatus including general introduction, volume introductions, headnotes and explanatory endnotes - A consolidated index appears in the final volume
NLT Giant Print Premium Value Bible, Filament-Enabled Edition (Leatherlike, British Tan Mountain) Routledge
After Brexit brings together Gamble's most

influential writings on British politics and political economy from the last 40 years, reflecting on issues that animate British politics, from the decline of the economy and reshaping the welfare state to the transformation of political parties and devolution to Wales, Scotland and Northern Ireland.
Great Britain and Ireland

Routledge
 Tackling broad themes and offering a fresh view of British history, this book sets politics within the wider cultural, economic and social contexts. It is a thought-provoking text which bridges the gap between A-level and higher education.
The British Trade Journal
 The stories of women

from Wales minority communities are seldomheard. This book comprises the life stories of 40 Black Asian Minority Ethnic women that were finalists/winners for the Ethnic Minority Welsh Women Achievement award (2011-2019).
