NOVAK MONROE

Henry VIII and the Men Who Made Him

Arden Shakespeare

Henry VIII King and Court Vintage

Henry VIII King and Court Routledge

A realistic portrait of the sixteenth century English king and of the personalities who dominated his times.

[The Six Wives of Henry VIII](#) Robinson

The king and his wives-letters and documents History is full of notable figures, but far fewer in number are those who have become iconic. An indisputably iconic figure, even among the many great kings of England, is the towering figure of the Tudor monarch, King Henry VIII. He was, of course, the father of Queen

Elizabeth I, Gloriana, an equally renowned monarch of her own golden age. She sought always to be and be seen as her father's daughter, but posterity preserves what it will of a life in the public consciousness and so aside from Henry's unmistakable and imposing personal appearance what is most remembered of him by many is that he was married on six occasions and habitually terminated his relationships with an axe at the executioner's block-though this occurred only twice perhaps indicating more moderation in Henry's character as a husband than he is usually credited with. There has always been something seductively attractive about this powerful man, capable of great tenderness and romance, an artist, poet and musician-and yet a ruthless and unscrupulous tyrant

capable of incredible insensitivity and cruelty. This volume contains an engrossing selection of correspondence, reports and other documents concerning Henry and his wives. The central part of the book is a famous collection of love letters sent by the king to his second wife Anne Boleyn, one of his spouses who lost her head to be superceded by another beauty of the court Jane Seymour, one of Anne's ladies in waiting. In this special and unique Leonaur edition these letters are added to by the inclusion of correspondence and other documents concerning the fate of Henry's sometimes unfortunate women and the events that surrounded them. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket; our hardbacks are cloth

bound and feature gold foil lettering on their spines and fabric head and tail bands.

King John & Henry VIII Sapere Books
Henry VIII remains the most iconic and controversial of all English Kings. For over four-hundred years he has been lauded, reviled and mocked, but rarely ignored. In his many guises - model Renaissance prince, Defender of the Faith, rapacious plunderer of the Church, obese Bluebeard - he has featured in numerous works of fact and fiction, in books, magazines, paintings, theatre, film and television. Yet despite this perennial fascination with Henry the man and monarch, there has been little comprehensive exploration of his historiographic legacy. Therefore scholars will welcome this collection, which provides a systematic survey of Henry's reputation from his own age through to the present. Divided into three sections, the volume begins with an examination of Henry's reputation in the period between his death and the outbreak of the English Civil War, a time that was to create many of the tropes that would dominate his historical legacy. The second section deals with the further evolution of his reputation, from the Restoration to Edwardian era, a time when Catholic commentators and women writers began moving into the mainstream of English print culture. The final section covers the twentieth and twenty-first centuries, which witnessed an explosion of representations of Henry, both in print and on screen. Taken together these studies, by a distinguished group of international scholars, offer a lively and engaging overview of how Henry's reputation has been used, abused and manipulated in both academia and popular culture since the sixteenth century. They provide intriguing insights into how he has been reinvented at different times to reflect the cultural, political and religious demands of the moment; sometimes as hero, sometimes as villain, but always as an unmistakable and iconic figure in the historical landscape.

The Last Will and Testament of Henry VIII
Random House Digital, Inc.

King Henry VIII has one of the fullest theatrical histories of any play in the Shakespeare canon, yet has been consistently misrepresented, both in performance and in criticism. This edition offers a new perspective on this ironic, multi-layered, collaborative play, revealing it as a complex meditation on the progress of Reformation which sees English life since Henry VIII's day as a series of bewildering changes in national and personal allegiance and represents

'history' as the product of varied and contradictory testimony. McMullan makes a powerful claim for the rehabilitation of Henry VIII, providing the fullest performance history of any edition to date and reading the work not as a marginal 'late' Shakespeare play but as a play which is paradigmatic of the achievement of Renaissance drama as a whole. 'This is a staggeringly brilliant, captivating edition that will undoubtedly occasion a huge surge of critical interest in this neglected play. For those of use who have never taken Henry VIII very seriously ' perhaps dismissing it as a late collaborative play of no consequence or as conservative propaganda ' McMullan's introduction is genuinely revelatory.'Eric Rasmussen, University of Nevada at Reno, Shakespeare Survey

Henry VIII (Penguin Monarchs) Simon and Schuster

Wolsey is, arguably, the first comprehensive book to explore the many contrasting layers of Thomas Wolsey's life and career, and represents the first genuinely popular biography of the much-maligned cardinal to appear in over thirty years. Making no assumptions, it looks at the real person in the cold light of his actions, and uncovers a man of contradictions and extremes whose meteoric rise was marked by an equally inexorable descent into desperation, as he attempted in vain to satisfy the tempestuous master whose ambition ultimately broke him. Far from being one more familiar portrait of an overweight and overweening spider or another cautionary tale of pride preceding a fall, this is the gripping story of how consummate talent, noble intentions and an eagle eye for the main chance can contrive with the vagaries of power politics to raise an individual to unheard of heights before finally consuming him.

Six Wives Random House Digital, Inc.

Whether or not Henry VIII ever exclaimed 'Off with her head', history suggests that the sentiment would have appealed to his fiery nature, as this nursery rhyme from the middle of the eighteenth century suggests: "Bluff Henry the Eighth to six spouses was wedded: One died, one survived, two divorced, two beheaded." With a family history like this, it's little wonder that his younger daughter vowed that she would never marry, and died the celebrated Virgin Queen. Whether he was taking on the Pope, taking over the property and possessions of the monasteries, or taking to task the king of France, Henry VIII stamped his formidable mark on English history and has come down to us as one our most influential and

colourful monarchs. Drawing on anecdotes, quotations and revealing snippets of historical fact, this book highlights the power and the passion, the intrigues and in-fighting which make his reign so fascinating.

The King is Dead: The Last Will and Testament of Henry VIII Signet

A major new biography of the most infamous king of England.

Chronicle of King Henry VIII. of England
Penguin

This newly revised edition features two of Shakespeare's most important history plays, accompanied by a discussion and criticism of his life, world, and theater by renowned scholars; stage histories of notable actors, directors, and producers; and fascinating commentaries. Reprint.

The Rise of Henry VIII Frontline Books

An insightful and elegant examination of Henry VIII's last will and testament that evokes the glittering world of the Tudor king in all its glory, pomp, and paranoia. On 28 January 1547, the sickly and obese King Henry VIII died at Whitehall. Just hours before his passing, his last will and testament had been read, stamped, and sealed. The will confirmed the line of succession as Edward, Mary, and Elizabeth; and, following them, the Grey and Suffolk families. It also listed bequests to the king's most trusted councillors and servants. Henry's will is one of the most intriguing and contested documents in British history. Historians have disagreed over its intended meaning, its authenticity and validity, and the circumstances of its creation. As well as examining the background to the drafting of the will and describing Henry's last days, Suzannah Lipscomb offers her own illuminating interpretation of one of the most significant constitutional documents of the Tudor period. Illustrated with portraits of the key figures at Henry's court, *The King is Dead* is as boldly evocative as it is beautiful—a work of Tudor history to cherish.

The Children of Henry VIII Vintage

A "brilliantly written and meticulously researched" biography of royal family life during England's second Tudor monarch (San Francisco Chronicle). Either annulled, executed, died in childbirth, or widowed, these were the well-known fates of the six queens during the tempestuous, bloody, and splendid reign of Henry VIII of England from 1509 to 1547. But in this "exquisite treatment, sure to become a classic" (Booklist), they take on more fully realized flesh and blood than ever before. Katherine of Aragon emerges as a staunch though misguided woman of principle; Anne Boleyn, an ambitious adventuress

with a penchant for vengeance; Jane Seymour, a strong-minded matriarch in the making; Anne of Cleves, a good-natured woman who jumped at the chance of independence; Katherine Howard, an empty-headed wanton; and Katherine Parr, a warm-blooded bluestocking who survived King Henry to marry a fourth time. “Combin[ing] the accessibility of a popular history with the highest standards of a scholarly thesis”, Alison Weir draws on the entire labyrinth of Tudor history, employing every known archive—early biographies, letters, memoirs, account books, and diplomatic reports—to bring vividly to life the fates of the six queens, the machinations of the monarch they married and the myriad and ceaselessly plotting courtiers in their intimate circle (The Detroit News). In this extraordinary work of sound and brilliant scholarship, “at last we have the truth about Henry VIII’s wives” (Evening Standard).

King Henry VIII St. Martin's Griffin

A re-examination of Henry VIII's eldest daughter, Mary, and her relationship with her father.

The Making of Henry VIII History Press (SC)

Take a look at the wives of Henry VIII: Catherine of Aragon, pious Catholic princess and mother of Mary Tudor; Anne Boleyn, the pretty Lutheran with whom Henry was madly in love; Jane Seymour, whose submissiveness was in such contrast to Anne's vampish style and who gave Henry his longed-for son; Anne of Cleves, who was declared so plain by the now grossly overweight Henry; Catherine Howard, the flirtly child whose adulteries made a fool of the ageing king; and Catherine Parr, a shrewd Protestant bluestocking who eventually outlived him.

Henry VIII London : British Library
Henry VIII changed the course of English life more completely than any monarch since the Conquest. In the portraits of Holbein, Henry Tudor stands proud as one of the most powerful figures in renaissance Europe. But is the portrait just a bluff? In his new book Derek Wilson explores the myths behind the image of the Tudor Lion. He was the monarch that delivered the Reformation to England yet Luther called him 'A fool, a liar and a damnable rotten worm'. As a young man he gained a reputation as an intellectual and fair prince yet he ruled the nation like a tyrant. He treated his subjects as cruelly as he treated his wives. Based on a wealth of new material and a life time's knowledge of the subject Derek Wilson exposes a new portrait of a much misunderstood King. PRAISE FOR DEREK WILSON'S PREVIOUS WORKS: The Uncrowned Kings of England: 'Stimulating

and authoritative.' John Guy 'Masterly. [Wilson] has a deep understanding of...characters, reaching out across the centuries.' Sunday Times Hans Holbein: Portrait of an Unknown Man: 'Fascinating.' Sarah Bradford, Daily Telegraph' Highly readable...The most accurate and vivid portrayal to date.' Alison Weir Henry VIII Hodder Paperbacks
This volume is made up of five volumes of books associated with Henry VIII: one (H1) undertaken by an unnamed Frenchman at Richmond Palace in 1535, the second (H2) part of a general inventory at Westminster Palace in 1542. the third (H3) an account from the King's Printer Thomas Berthelet for the years 1541-43, the fourth (H4) a select list of books in the royal library seen by John Bale c.1548, and finally (H5) book titles extracted from the post-mortem inventories of Henry VIII's palaces. Using the evidence of inventory numbers in surviving books, moreover, it has been possible to recreate a lost list of more than 500 books which were brought to Westminster (primarily from Hampton Court and Greenwich) between 1542 and 1548 and this 'list' has been appended to the Westminster inventory. Although the library at Westminster contained printed books and books deriving from Henry's ancestors, a goodly number were monastic 'loot' and the lists show the sort of material John Leland and others considered worth rescuing. A considerable number of these books have left the royal library during the succeeding centuries and Carley has traced many to their modern locations. The presentation and analysis of the Westminster lists in particular leads to a different picture of the role of Henry VIII as preserver and destroyer of the monastic past than has normally been put forth.

The King and His Court Pegasus Books
The year 2009 marks the 500th anniversary of Henry VIII's accession to the throne, and to celebrate this momentous occasion, leading Tudor scholars David Starkey and Susan Doran examine the extraordinary transformations—personal and political, intellectual and religious, literary, aesthetic, and linguistic—that took place during Henry's reign. Drawing on the British Library's unparalleled collections, Henry VIII explores the motives and beliefs that spurred Henry's actions, masterfully telling the story of his reign. This refreshing approach reaches beyond the myths and stereotypes surrounding this monumental historical figure and encourages readers to reassess their perceptions of the great Tudor monarch who still manages to cast a spell over our

imaginations. Richly illustrated with color images from the accompanying exhibition at the British Library—including many of Henry's own annotated volumes—and including contributions from notable scholars such as Eamon Duffy and James Carley, this volume presents an unsurpassed firsthand outline of the revolutionary changes in ideas that took place during Henry's reign—and above all, in his own mind.

1536 Ember

These two history plays—one written in the early days of Shakespeare's career and one at the very end—are alike in the complexity of their political vision. King John probes the nature of good and evil as self-interest and ruthless ambition proceed unchecked while an unpopular ruler wages a brutal fight to keep his throne. Henry VIII is a sumptuous spectacle of pomp and ceremony, as well as an exploration of the mysterious ways in which the rise and fall from power of individuals led ultimately to England's destiny as a Protestant nation.

Dress at the Court of King Henry VIII

Amberley Publishing Limited

"In this new book, James P. Carley, a leading scholar in the emerging field of book history, describes Henry VIII's libraries and shows their key role in providing a more intimate understanding of this seemingly familiar monarch and his consorts. The books of the wives, moreover, show them to have been as independent and innovative as the king himself. The extensive illustrations allow us to examine both the bindings and the contents of the collection, and also provide us with examples of his immediate voice in the form of the marginalia that he inserted into his books."--BOOK JACKET.

The Children of Henry VIII Modern Library
Recounts the lives of Henry VIII's heirs and the intrigues that arose from their struggle to ascend their father's throne

The Year that Changed Henry VIII Lion Books

"Fascinating . . . Alison Weir does full justice to the subject."—The Philadelphia Inquirer
At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the

fragile Lady Jane Grey, to the savagery of "Bloody Mary," and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history,

combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature

has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review
