Crushing the Box: 10 Essential Rules for Breaking Essential Rules Harper Collins

New York Times bestselling author and social media expert Gary Vaynerchuk shares hard-won advice on how to connect with customers and beat the competition. A mash-up of the best elements of *Crush It!* and *The Thank You Economy* with a fresh spin, *Jab, Jab, Jab, Right Hook* is a blueprint to social media marketing strategies that really works. When managers and marketers outline their social media strategies, they plan for the “right hook”—their next sale or campaign that’s going to knock out the competition. Even companies committed to jabbing—patiently engaging with customers to build the relationships crucial to successful social media campaigns—want to land the punch that will take down their opponent or their customer’s resistance in one blow. Right hooks convert traffic to sales and easily show results. Except when they don’t. Thanks to massive change and proliferation in social media platforms, the winning combination of jabs and right hooks is different now. Vaynerchuk shows that while communication is still key, context matters more than ever. It’s not just about developing high-quality content, but developing high-quality content perfectly adapted to specific social media platforms and mobile devices—content tailor-made for Facebook, Instagram, Pinterest, Twitter, and Tumblr.

For entrepreneurs ready to reach the next level of success, small business owner turned multibillionaire Tilman Fertitta shares the commonsense principles that have rocketed his worldwide hospitality empire to the top. For aspiring entrepreneurs or people in business, this book will help you take your company to the next

level. When you put this book down, you’ll know what you’re doing right and what you’re doing wrong to operate your business, and if you’re just getting started, it will help set you up for success. Tilman Fertitta, also known as the Billion Dollar Buyer, started his hospitality empire thirty years ago with just one restaurant. So he knows the challenges that business owners face, as well as the common pitfalls that cause them to go under. Over the years he’s stayed true to the principles that helped him scale his business to what is believed to be the largest single-shareholder company in America, with over \$4 billion in revenue, including hundreds of restaurants (Landry’s Seafood, Bubba Gump Shrimp Company, Morton’s Steakhouse, Mastro’s, The Chart House, Rainforest Café, and over forty more restaurant concepts) and five Golden Nugget Casinos. He’s also sole owner of the NBA’s Houston Rockets. In *Shut Up and Listen!*, he shares the key insights that made it all possible. When entrepreneurs appear on *Billion Dollar Buyer*, the biggest obstacles they often face are ones they don’t suspect: not knowing your numbers, not knowing your strengths and weaknesses, or not being willing to go that extra mile with your customers. Fertitta has seen it all. He knows that what you aren’t paying attention to can either sink your business or become the very things that launch you to the top. As Fertitta says: “You might think you know what you’re doing, but I’m going to show you what you don’t know.” Fertitta shares straight-talk “Tilmanisms” around six key action items that any entrepreneur can adopt today: Be the Bull No Spare Customers Change, Change, Change Know Your Numbers Follow the 95/5 Rule Take No Out of Your Vocabulary A groundbreaking, no-holds-barred book, *Shut Up and Listen!* offers practical, hard-earned wisdom from one of the most successful business owners in the world.

Know When to Quit Your Day Job Ramsey Press

"Simply put, Michael Dorf is a true hustler. When the internet upended the music business, he wasn't romantic to the way things were done and like any great entrepreneur, focused on what's happening today. It has been fun for me to watch Michael operate in this ever-changing world. There is a lot that can be learned from this man."—Gary Vaynerchuk, Founder and CEO, VaynerMedia; and author, *Crushing It* As founder of the iconic Knitting Factory music venue in New York, Michael Dorf became one of the earliest pioneers of digital music in the 1990s and found himself addicted to the seductive promise of the Internet. But losing everything in the dot-com bust led to a renewed appreciation for the sensory pleasures of life and inspired him to gamble big with his latest crazy idea: Launching a wine-making facility in the middle of Manhattan for patrons who could also have dinner in a cozy three-hundred-seat venue while watching concerts by artists such as Elvis Costello, Steve Earle, Suzanne Vega, and Esperanza Spalding. After surviving another economic cataclysm—the Great Recession of 2008—Dorf found that his City Winery concept worked beautifully and he expanded it into a national network of clubs that continues to grow rapidly. Along the way, he realized why his venues are sold out nearly every night, from Boston to Nashville: Trapped in a digital bubble, increasingly separate from the real world, people are eager for

the visceral, sensory experiences he offers. In *Indulge Your Senses: Scaling Intimacy in a Digital World*, Dorf tells riveting tales from his wild ride through three decades of business escapades and dispenses invaluable wisdom for readers—entrepreneurs, executives, students, professionals, lovers of music and wine—who are struggling to balance the virtual and the real in a world awash in technology. "Music, wine, food, and community—not only has Michael Dorf cracked the code on a recipe so many of us crave most in an increasingly disconnected world, he's also managed to grow a brilliantly successful business while listening to his gut and sticking to his values. It's a feat that all entrepreneurs would be wise to study closely." —Danny Meyer, CEO, Union Square Hospitality Group; Founder, Shake Shack; and author, *Setting the Table: The Transforming Power of Hospitality in Business* "The lessons learned in Michael Dorf's fascinating career make this as much a business book about how to thrive by indulging a customer's senses in our digital age as it is a gripping tale from an insider in the New York rock and jazz world during a period of massive technological change."—Steve Case, co-founder of the investment firm Revolution LLC and former CEO of AOL "Sonic Youth, Beck, John Zorn, Cecil Taylor—Michael Dorf showcased them all at his cutting-edge Knitting Factory. Neil Young, Aaron Neville, Macy Gray, Shawn Colvin—those artists and more have graced his upscale City Winery. It's hard to imagine anyone in New York who has presented more great live music over the past thirty years. This book is the colorful story of how Dorf pulled it off, both before and after the Internet upended the music industry and changed our lives forever. It's inspiring reading for anybody who cares about music, culture, and wine, and explains how to thrive by offering people a live experience they will always remember."

From the millionaire entrepreneur and New York Times bestselling author of *The 10X Rule* comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to *Inc. Magazine*. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to:

- Set crazy goals—and reach them, every single day.
- Feed the beast: when you value money and spend it on the right things, you get more of it.
- Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.

This is the road map to a seven-figure business . . . in one year or less The word "entrepreneur" is today's favorite buzzword, and any aspiring business owner has likely encountered an overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn

more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million: • The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding, and take your first sale within your first four months. • The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business. • The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the

million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.
