Biochemistry 5th Edition I am looking for some advice on tubular inspection criteria as defined by T H Hill. Our rig contract states that the drill collars shall be fully inspected to meet the requirements of T H Hill DS-1 Category 4 (or equivalent). Within TH Hill Drill Stem Inspection manual, it refers to the My-Spread Forum | BHA Inspection Criteria The DS-1 standard is the industry's premier inspection standard, showing the inspector how to find problems and the buyer how to get good results. This app doesn't give you the entire standard, but it allows you to quickly and easily find the requirements from the "Inspection Tables" tab for your components. That includes acceptance criteria for tubes, bodies, API connections, and all the ...
 DS-1 Fourth Edition Acceptance Criteria - Apps on Google Play IHS Markit is your source for US and international engineering and technical standards, specifications, codes, and training materials in hardcopy or PDF download. IHS Markit Standards Store | Engineering & Technical ... A thorough inspection process of drilling tubulars is required to be sure they meet the criteria for the job and is vital for maintaining the flow of operation. Inspection can help foresee any future problems before damage to the tubulars becomes critical, thus preventing costly repair bills, environmental damage and most importantly, injury to ...
