 This book advances an Islamic political philosophy based on the concept of Ihsan, which means to do beautiful things. The author moves beyond the dominant model of Islamic governance advanced by modern day Islamists. The political philosophy of Ihsan privileges process over

structure, deeds over identity, love over law and mercy and forgiveness over retribution. The work invites Muslims to move away from thinking about the form of Islamic government and to strive to create a self-critical society that defends national virtue and generates institutions and practices that provide good governance.

The Challenge and Choices of Interpreting the Prophet's Legacy Springer

Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People

Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

 Leadership and servitude can be both rewarding and fulfilling. Both can be quite demanding of you, emotionally, mentally and sometimes physically; however, the thing that is required to be effective at either is HEART! In this book, you will be able to take what is in your HEART and cultivate it to become more effective in your service and leadership role. Neither longevity nor the size of your team causes effectiveness within an organization if the core of your team or the leadership does not have the HEART for servitude!

Muhammad: a frank look at his influential (and violent) life and teachings In *The Truth about Muhammad*, New York Times bestselling author and Islam expert Robert Spencer offers an honest and telling portrait of the founder of Islam—perhaps the first such portrait in half a century—unbounded by fear and political correctness, unflinching, and willing to face the hard facts about Muhammad's life that continue to affect our world today. From Muhammad's first "revelation" from Allah (which filled him with terror that he was demonpossessed) to his deathbed (from which he called down curses upon Jews and Christians), it's all here—told with extensive documentation from the sources that Muslims themselves consider most reliable about Muhammad. Spencer details Muhammad's development from a preacher of hellfire and damnation into a political and military leader who expanded his rule by force of arms, promising his warriors luridly physical delights in Paradise if they were killed in his cause. He explains how the Qur'an's teaching on warfare against unbelievers developed—with constant war to establish the hegemony of Islamic law as the last stage. Spencer also gives the truth about Muhammad's convenient "revelations" justifying his own licentiousness; his joy in the brutal murders of his enemies; and above all, his clear marching orders to his followers to convert non-Muslims to Islam—or force them to live as inferiors under Islamic rule. In *The Truth about Muhammad*, you'll learn - The truth about Muhammad's multiple marriages (including one to a nine-year-old) - How Muhammad set legal standards that make it virtually impossible to prove rape in Islamic countries - How Muhammad's example justifies jihad and terrorism - The real "Satanic verses" incident (not the Salman Rushdie version) that remains a scandal to Muslims - How Muhammad's faulty knowledge of Judaism and Christianity has influenced Islamic theology—and colored Muslim relations with Jews and Christians to this day. Recognizing the true nature of Islam, Spencer argues, is essential for judging the prospects for largescale Islamic reform, the effective prosecution of the War on Terror, the democracy project in Afghanistan and Iraq, and immigration and border control to protect the United States from terrorism. All of which makes it crucial for every citizen (and policymaker) who loves freedom to read and ponder *The Truth about Muhammad*

12 Key Concepts The Leadership of Muhammad

Possibly no one on Earth personally knows as many people at the helms of nations, businesses, religions, charitable organizations, and institutes of learning as Henry O. Dormann—founder, chairman, and editor-in-chief of LEADERS magazine, whose circulation is limited to such leading figures. Here, he brings together the first-ever exclusive collection of wisdom and inspiration addressed to young people from the world's most influential people—advice on leadership, goal achievement, public service, and life journeys. *Letters from Leaders* is a beautifully designed book comprising nearly eighty letters from those who have done so much to shape our world today—from Muhammad Ali to four U.S. Presidents, Mikhail Gorbachev, King Bhumibol Adulyadej of Thailand and King Abdullah II of Jordan, and the Dalai Lama; from Cathie Black to T. Boone Pickens, Muriel Siebert, and Donald Trump. The letters, some as facsimile reproductions of handwritten originals, are each introduced with a biographical note by Dormann. As put so aptly by Dormann in his introduction, "All kings and queens, presidents, Nobel Laureates, chairmen and chairwomen, CEOs, and world leaders have one thing in common: They want what they have achieved to be useful and to be handed over to a younger generation. . . . The leaders in these pages have 'lived' and now offer their experiences as a treasure to ambitious and open minds—those who want to be something in life."

Muhammad: Prophet and Statesman Amana Publications

The Prophet Muhammad's treaties with the Christians of his time, which John Andrew Morrow has rediscovered in obscure collections and often newly translated, uniformly state that Muslims are not to attack peaceful Christian communities, but defend them until the End of the World.

Authored by the Prophet himself, they represent a third foundational pillar for Islam outside of Qur'an and hadith. The Covenants Initiative within the book represents a movement by Muslims, both prominent and unknown, in support of Christians under attack. These treaties desperately need to be better known among Christians, Muslims, and the general public. For scholars, this book provides much difficult-to-obtain material: facsimiles of primary sources in Arabic and Persian; corrected versions in modern Arabic typescript; and alternate translations. They now have all they need to study the covenants in depth. "This narrative has the power to unite Muslim and Christian communities. A work of scholarship, its release is timely, and its content critical in fostering mutual respect and religious freedom."--IMAM FEISAL ABDUL RAUF, Chairman, Cordoba Initiative "In his indispensable contribution to the study of the Abrahamic faiths, John Andrew Morrow tells the story of how the Prophet Muhammad used his desert experiences of hospitality and protection to bring Muslims and Christians together."--JOSEPH HOBBS, University of Missouri "These letters from the Prophet Muhammad to Christian communities can serve to inspire both Muslims and Christians about our ability to live together as God's people, as friends, as neighbors, and as custodians of the same small planet."--OMID SAFI, University of North Carolina "With painstaking effort and much dedication invested in this groundbreaking work, Professor Morrow will surely manage to attract the attention of Islamic studies students and specialists."--AMAR SELLAM, Mohamed I University "This book documents what is possibly the third foundational source of Islam: the Prophet's treaties and covenants among people of the Abrahamic faiths. Dr. Morrow brings forth exceptionally important findings that dictate peaceful coexistence among Jews, Christians, and Muslims."--BRIDGET BLOMFIELD, University of Nebraska
