Published in 1904 *The Food of the Gods* is a forgotten H.G. Wells classic; it is sci-fi and dystopia at its best written by the creator and master of the genre. Following extensive research in the field of growth, Mr Bensington and Professor Redwood light upon a new mysterious element, a food that causes greatly accelerated development. Initially christening their discovery 'The Food of the Gods', the two scientists are overwhelmed by the possible ramifications of their creation. With Aunt Jane refusing to give house room to their experiments, Mr Besington is forced to take his laboratory out into the wide world, and chooses a farm at Hicklebrow in Kent that offers him the chance to test his new substance on chickens, which duly grow monstrous, six or seven times their usual size. With the farmer, Mr Skinner, failing to contain the spread of the Food, chaos soon reigns as reports come in of the local population's encounter with monstrous wasps, earwigs and rats. When the chickens escape, they leave carnage in their wake. Keen not to be outdone, the

Skinner and Redwoods have both been feeding their children the compound illicitly ? their eventual offspring will constitute a new age of giants. Public opinion rapidly turns against the scientists and society as a whole rebels against the world's new flora and fauna. Daily life has changed shockingly and now politicians are involved, trying to stamp out the Food of the Gods and the giant race. Comic and at times surprisingly touching and tragic, Wells's story is a cautionary tale warning against the rampant advances of science but also of the dangers of greed and political infighting and shameless vote-seeking."

The Writing of the Gods HarperCollins

Modern readers find it hard to come to terms with the gods in Euripides' dramas. Readers try to dismiss them as a literary convention. Stage productions leave them out, especially in the cases when they appear *ex machina*. Instead, they place disproportionate emphasis on the harsh criticisms of the gods uttered by some of the characters in the dramas, and have sought to interpret Euripides ironically, viewing his portrayal of the cruel and capricious gods as a means of drawing attention to the deficiencies of ancient Greek religion. In their view Euripides' dramas seek to question the nature and sometimes even the very existence of traditional Greek gods. In Euripides and the

Gods, classicist Mary Lefkowitz sets out to show that the tragedian is not undermining ancient religion, but rather describing with a brutal realism what the gods are like, impressing upon his mortal audience the limitations of human understanding. Writing the first extended treatment of these issues for a general audience, Lefkowitz provides a book that deals with all of Euripides' dramas, and argues for a more tolerant and nuanced understanding of ancient Greek religion. Euripides, like Homer, is making a statement about the nature of the world and human life, terrifying but accurate. She explains how the idea that Euripides was an atheist derives from ancient biographies that drew their evidence from comic poets, and shows why the doubts about the gods expressed by his characters must be understood in their dramatic context. Euripides and the Gods offers a compelling invitation to return to the dramatic masterpieces of Euripides with fresh eyes.

When the Gods Are Silent Harper Collins

The Booker Prize-winning author of *Possession* breathes life into the Ragnarok myth through the novel of a young British girl during World War II. Ragnarok retells the finale of Norse mythology: a story of the destruction of life on this planet and the end of the gods themselves. What more relevant myth could any modern writer choose? As the bombs of the Blitz rain down on Britain, one young girl is evacuated to the countryside. She is struggling to make sense of her new wartime life. Then she is given a copy of *Asgard and the Gods*—a book of ancient Norse myths—and her inner and outer worlds are transformed. War, natural disaster, reckless gods and the recognition of impermanence in the world are just some of the threads that A.S. Byatt weaves into this most timely of books. Linguistically stunning and imaginatively abundant, this is a landmark. A *Globe and Mail* Best Book "A gorgeous, brilliant, and significant performance." —Booklist, starred review "Byatt's prose is majestic, the lush descriptive passages—jewelled one minute, gory the next—a pleasure to get lost in." —The Telegraph

Whom the Gods Would Destroy, Or, how Not to Deregulate Xlibris Corporation

A landmark in African-American literature, this powerful novel was among the first realistic depictions of ghetto life. Its portrayal of the black community's social and political issues continues to resonate today.

The Sport of the Gods Open Road + Grove/Atlantic

'A masterfully crafted, brutally compelling Norse-inspired epic' Anthony Ryan *THE GREATEST SAGAS ARE WRITTEN IN BLOOD*. A century has passed since the gods fought and drove themselves to extinction. Now only their bones remain, promising great power to those brave enough to seek them out. As whispers of war echo across the land of Vigrið, fate follows in the footsteps of three warriors: a huntress on a dangerous quest, a noblewoman pursuing battle fame, and a thrall seeking vengeance among the mercenaries known as the Bloodsworn. All three will shape the fate of the world as it once more falls under the shadow of the gods. Set in a brand-new, Norse-inspired world, and packed with myth, magic and bloody vengeance, *The Shadow of the Gods* begins an epic new fantasy saga from bestselling author John Gwynne. Further praise for *The Shadow of the Gods* 'Visceral, heart-breaking and unputdownable' Jay Kristoff 'A satisfying and riveting read. The well-realised characters move against a backdrop of a world stunning in its immensity. It's everything I've come to expect from a John Gwynne book' Robin Hobb 'A masterclass in storytelling . . . epic, gritty fantasy with an uncompromising amount of heart' FanFiAddict 'Quintessential Gwynne honed to perfection . . . *The Shadow of the Gods* is absolutely stunning, one hell of an epic series opener and a spectacular dose of Viking-flavoured fantasy' *The Tattooed Book*

Geek 'Reminds me of all that I love in the fantasy genre. *The Shadow of the Gods* is an action-packed cinematic read' *Fantasy Hive*

Battling the Gods Praeger Pub Text

The surprising and compelling story of two rival geniuses in an all-out race to decode one of the world's most famous documents—the Rosetta Stone—and their twenty-year-long battle to solve the mystery of ancient Egypt's hieroglyphs. The Rosetta Stone is one of the most famous objects in the world, attracting millions of visitors to the British museum every year, and yet most people don't really know what it is. Discovered in a pile of rubble in 1799, this slab of stone proved to be the key to unlocking a lost language that baffled scholars for centuries. Carved in ancient Egypt, the Rosetta Stone carried the same message in different languages—in Greek using Greek letters, and in Egyptian using picture-writing called hieroglyphs. Until its discovery, no one in the world knew how to read the hieroglyphs that covered every temple and text and statue in Egypt.

Dominating the world for thirty centuries, ancient Egypt was the mightiest empire the world had ever known, yet everything about it—the pyramids, mummies, the Sphinx—was shrouded in mystery. Whoever was able to decipher the Rosetta Stone, and learn how to read hieroglyphs, would solve that mystery and fling open a door that had been locked for two thousand years. Two brilliant rivals set out to win that prize. One was English, the other French, at a time when England and France were enemies and the world's two great superpowers. *The Writing of the Gods* chronicles this high-stakes intellectual race in which the winner would win glory for both himself and his nation. A riveting portrait of empires both ancient and modern, this is an unparalleled look at the culture and history of ancient Egypt and a fascinating, fast-paced story of human folly and discovery unlike any other.

The Evidence of Earth's Lost Civilization Blackstone Publishing Classical material was traditionally used to express colonial authority, but it was also appropriated by imperial subjects to become first a means of challenging colonialism and then a rich field for creating cultural identities that blend the old and the new. Nobel prize-winners such as Derek Walcott and Seamus Heaney have rewritten classical material in their own cultural idioms while public sculpture in southern Africa draws on Greek and Roman motifs to represent histories of African resistance and liberation. These developments are explored in this collection of essays by international scholars, who debate the relationship between the culture of Greece and Rome and the changes that have followed the end of colonial empires.

The Gods Will Have Blood American Enterprise Institute

Avatar: The Last Airbender meets *Gladiator* in the first book in this epic fantasy duology in which two warriors must decide where their loyalties lie as an ancient war between immortals threatens humanity—from Sara Raasch, the *New York Times* bestselling author of the *Snow Like Ashes* series, and Kristen Simmons, acclaimed author of *Pacifica* and *The Deceivers*. Perfect for fans of *An Ember in the Ashes*, *And I Darken*, and *The Winner's Curse*. Ash is descended from a long line of gladiators, and she knows the brutal nature of war firsthand. But after her mother dies in an arena, she vows to avenge her by overthrowing her fire god, whose temper has stripped her country of its resources. Madoc grew up fighting on the streets to pay his family's taxes. But he hides a dangerous secret: he doesn't have the earth god's powers like his opponents. His elemental gift is something else—something that hasn't been seen in centuries. When an attempted revenge plot goes dangerously wrong, Ash inadvertently throws the fire and earth gods into a conflict that can only be settled by deadly, lavish gladiator games, throwing Madoc in Ash's path. She realizes that his powers are the weapon

her rebellion needs—but Madoc won't jeopardize his family, regardless of how intrigued he is by the beautiful warrior. But when the gods force Madoc's hand, he and Ash uncover an ancient war that will threaten more than one immortal—it will unravel the world.

Euripides and the Gods Vintage

Postcolonial and contemporary African literatures have always been marked by an acute sensitivity to the politics of language, an attentiveness inscribed in the linguistic fabric of their own modes of expression. It is curious however, that despite the prevalence of a much-touted 'linguistic turn' in twentieth century theory and cultural production, language has frequently been neglected by literary studies in general. Even more curiously, postcolonial literary studies, an erstwhile emergent and now established discipline which has from the outset contained important elements of linguistic critique, has eschewed any sustained engagement with this topic. This absence is salient in the study of African literatures, despite, for instance, the prominence of orature in the African literary tradition right up to the present day, and sporadic meditations on the part of such luminaries as Achebe and Ngũgĩ. Beyond this, however, there has been little scholarly work attuned to the multifarious aspects of language and linguistic politics in the study of African literature. The present volume aims to rectify such lacunae by making a substantial interdisciplinary and transcultural contribution to the gradual reinstatement of the 'linguistic turn' in African literary studies. The volume focuses variously on postcolonial and transcultural African literatures, areas of literary production where the confluence of several languages, whether indigenous and (post)colonial in the first case, and local and global in the second case, appears to be a central and decisive factor in the formation and transformation of the continent and its peoples' cultural identities.

A Detailed Interview with Ola Rotimi on His Award-winning Tragedy, *The Gods are Not to Blame* Courier Corporation

Set in a Norse-inspired world and packed with myth, magic, and vengeance, this epic saga follows a band of warriors as they face the wrath of ancient gods and change the shape of the world. Lik-Rifa, the dragon god of legend, has been freed from her eternal prison. Now she plots a new age of blood and conquest. As Orka continues the hunt for her missing son, the Bloodsworn sweep south in a desperate race to save one of their own—and Varg takes the first steps on the path of vengeance. Elvar has sworn to fulfil her blood oath and rescue a prisoner from the clutches of Lik-Rifa and her dragonborn followers, but first she must persuade the Battle-Grim to follow her. Yet even the might of the Bloodsworn and Battle-Grim cannot stand alone against a dragon god. Their hope lies within the mad writings of a chained god. A book of forbidden magic with the power to raise the wolf god Ulfrir from the dead . . . and bring about a battle that will shake the foundations of the earth. Praise for *The Shadow of the Gods* "There is not a dull chapter in this fantasy epic." —Vulture (Best of the Year) "A satisfying and riveting read. It's everything I've come to expect from a John Gwynne book." —Robin Hobb "A masterfully crafted, brutally compelling Norse-inspired epic." —Anthony Ryan "A masterclass in storytelling . . . epic, gritty fantasy with an uncompromising amount of heart." —FanFiAddict For more from John Gwynne, check out: *The Bloodsworn Trilogy* *The Shadow of the Gods* *Of Blood and Bone* *A Time of Dread* *A Time of Blood* *A Time of Courage* *The Faithful and the Fallen* *Malice* *Valor* *Ruin* *Wrath*

The Gods are Not to Blame (Ola Rotimi) OUP Oxford

Shadow is a man with a past. But now he wants nothing more than to live a quiet life with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident. Flying home

for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible. He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

Insightful and fun, this new guide to an ancient mythology explains why the Greek gods and goddesses are still so captivating to us, revisiting the work of Homer, Ovid, Virgil, and Shakespeare in search of the essence of these stories. (Mythology & Folklore)

On Beliefs and Peoples Hesperus Press

"How new is atheism? Although adherents and opponents alike today present it as an invention of the European Enlightenment, when the forces of science and secularism broadly challenged those of faith, disbelief in the gods, in fact, originated in a far more remote past. In *Battling the Gods*, Tim Whitmarsh journeys into the ancient Mediterranean, a world almost unimaginably different from our own, to recover the stories and voices of those who first refused the divinities. Homer's epic poems of human striving, journeying, and passion were ancient Greece's only "sacred texts," but no ancient Greek thought twice about questioning or mocking his stories of the gods. Priests were functionaries rather than sources of moral or cosmological wisdom. The absence of centralized religious authority made for an extraordinary variety of perspectives on sacred matters, from the devotional to the atheos, or "godless." Whitmarsh explores this kaleidoscopic range of ideas about the gods, focusing on the colorful individuals who challenged their existence. Among these were some of the greatest ancient poets and philosophers and writers, as well as the less well known: Diagoras of Melos, perhaps the first self-professed atheist; Democritus, the first materialist; Socrates, executed for rejecting the gods of the Athenian state; Epicurus and his followers, who thought gods could not intervene in human affairs; the brilliantly mischievous satirist Lucian of Samosata. Before the revolutions of late antiquity, which saw the scriptural religions of Christianity and Islam enforced by imperial might, there were few constraints on belief. Everything changed, however, in the millennium between the appearance of the Homeric poems and Christianity's establishment as Rome's state religion in the fourth century AD. As successive Greco-Roman empires grew in size and complexity, and power was increasingly concentrated in central capitals, states sought to impose collective religious adherence, first to cults devoted to individual rulers, and ultimately to monotheism. In this new world, there was no room for outright disbelief: the label "atheist" was used now to demonize anyone who merely disagreed with the orthodoxy--and so it would remain for centuries."--Jacket.

Voice of the Gods Yale University Press

Crossroads in the Black Aegean is a compendious, timely, and fascinating study of African rewritings of Greek tragedy. It consists of detailed readings of six dramas and one epic poem, from different locations across the African diaspora. Barbara Goff and Michael Simpson ask why the plays of Sophocles' Theban Cycle figure so prominently among the tragedies adapted by dramatists of African descent, and how plays that dilate on the power of the past, in the inexorable curse of Oedipus and the regressive obsession of Antigone, can articulate the postcolonial moment. Capitalizing on classical reception studies, postcolonial studies, and comparative literature, *Crossroads in the Black Aegean* co-ordinates theory and theatre. It crucially investigates how the plays engage with the 'Western canon', and shows how they use their self-consciously literary status to assert, ironize,

and challenge their own place, and that of the Greek originals, in relation to that tradition. Beyond these oedipal reflexes, the adaptations offer alternative African models of cultural transmission.

Classics in Post-Colonial Worlds Harper Collins

This is the story of M. Francisco Fabrigas, explorer, philosopher, heretical physicist, who took a shipful of children on a frightening voyage to the next dimension, assisted by a teenaged Captain, a brave deaf boy, a cunning blind girl, and a sultry botanist, all the while pursued by the Pope of the universe and a well-dressed mesmerist. Dark plots, demonic cults, murderous jungles, quantum mayhem, the birth of creation, the death of time, and a creature called the Sweetie: all this and more waits beyond the veil of reality.

Theatre of the Gods London : Oxford University Press

From Marie Phillips, hailed by the Guardian Unlimited website as a "hot author" destined to "break through" in 2007, comes a highly entertaining novel set in North London, where the Greek gods have been living in obscurity since the seventeenth century. Being immortal isn't all it's cracked up to be. Life's hard for a Greek god in the twenty-first century: nobody believes in you any more, even your own family doesn't respect you, and you're stuck in a dilapidated hovel in North London with too many siblings and not enough hot water. But for Artemis (goddess of hunting, professional dog walker), Aphrodite (goddess of beauty, telephone sex operator) and Apollo (god of the sun, TV psychic) there's no way out... until a meek cleaner and her would-be boyfriend come into their lives and turn the world upside down. Gods Behaving Badly is that rare thing, a charming, funny, utterly original novel that satisfies the head and the heart.

Book I of the Broken World Series Crown

Academic Paper from the year 2014 in the subject African Studies, language: English, comment: This paper is a scholarly criticism of the Nigerian politics in the context of the Nigerian drama. And it is concluded that Nigerian politicians are the cause of the cataclysmic malaise bedeviling Nigeria today., abstract: This paper attempts reading Ola Rotimi's "The Gods are not to blame" against the backdrop of the Nigerian dilemma in the

contemporary times. The play first performed in the year 1968, in the heat of the Nigerian civil war is still relevant today. Many scholars viewed the work as a transplantation of Sophocle's Oedipus Rex and underplay its powerful political message to the nascent Nigerian political class then and now. The paper examined the role of Odewale in the shaping of the Destiny of his society and how albeit with stint of tyranny champions the welfare of the state, taking blames for the decadence and the breakdown of law and cosmic order when found culpable. On the other hand, the contemporary Nigerian leaders are antithetical of Odewale, blame-games and outright refusal to be accountable, or step-down when found wanting; misappropriation, mismanagement of state and human resources are institutionalized on local and national scale. The paper above all, adumbrated some of the conundrums of Nigeria and proffered a number of useful ways by which the Odewale examples could be integrated into the Nigerian political morality, and the pitfalls to be avoided in a bid to move ahead into the state dreamt of on the 1st of October, 1960.
