This chilling portrait of an all-boys prep school casts an unflinching eye on the pitfalls of conformity and corruption in our most elite cultural institutions. “Masterfully structured and rich in theme; the action is well crafted,

well timed, suspenseful.” —The New York Times Book Review “The characterizations of all the boys are superb.” —School Library Journal, starred review “Compellingly immediate. . . . Choice A New York Times Outstanding Book of the Year **Pride and Prejudice Volume 2 (EasyRead Super Large 20pt Edition)** A&C Black “Here is a life story so unbelievable, it could only be true.” —Sandra Cisneros, bestselling author of *The House on Mango Street* From bestselling author of the remarkable memoir *The Distance Between Us* comes an inspiring

account of one woman's quest to find her place in America as a first-generation Latina university student and aspiring writer determined to build a new life for her family one fearless word at a time. As an immigrant in an unfamiliar country, with an indifferent mother and abusive father, Reyna had few resources at her disposal. Taking refuge in words, Reyna's love of reading and

writing propels her to rise above until she achieves the impossible and is accepted to the University of California, Santa Cruz. Although her acceptance is a triumph, the actual experience of American college life is intimidating and unfamiliar for someone like Reyna, who is now estranged from her family and support system. Again, she finds solace in words, holding fast to her

vision of becoming a writer, only to discover she knows nothing about what it takes to make a career out of a dream. Through it all, Reyna is determined to make the impossible possible, going from undocumented immigrant of little means to "a fierce, smart, shimmering light of a writer" (Cheryl Strayed, author of *Wild*); a National Book Critics Circle Award Finalist whose "power is growing

with every book" (Luis Alberto Urrea, Pulitzer Prize finalist); and a proud mother of two beautiful children who will never have to know the pain of poverty and neglect. Told in Reyna's exquisite, heartfelt prose, *A Dream Called Home* demonstrates how, by daring to pursue her dreams, Reyna was able to build the one thing she had always longed for: a home that would endure.

The fifth volume of *A History of the Book in America* addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization,

and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling. The histories of government publishing, law and policy, the periodical press, literary criticism, and reading--in settings such as schools,

libraries, book clubs, self-help programs, and collectors' societies--receive imaginative scrutiny as well. The *Enduring Book* demonstrates that the corporate consolidations of the last half-century have left space for the independent publisher, that multiplicity continues to define American print culture, and that even in the digital age, the book endures. massacre, immigrated to America, and overcame her trauma through art and activism. Sandra was just ten years old when she found herself with a gun pointed at her head. She had watched as rebels gunned down her mother and six-year-old sister in a refugee camp. Remarkably, the rebel didn't pull the trigger, and Sandra escaped. Thus began a new life for her and her surviving family members.

With no home and no money, they struggled to stay alive. Eventually, through a United Nations refugee program, they moved to America, only to face yet another ethnic disconnect. Sandra may have crossed an ocean, but there was now a much wider divide she had to overcome. And it started with middle school in New York. In this memoir, Sandra tells the story of her survival, of finding her place in a new

country, of her hope for the future, and how she found a way to give voice to her people. *Cry, the Beloved Country* HarperCollins The show crept into town late one dark October night to the eerie whine of a calliope. Things Fall Apart

In the twenty-first century, a developmental phase of life is emerging as significant and distinct, capturing our interest, engaging our curiosity, and expanding our understanding of human potential and development. Demographers talk about this new chapter

in life as characterized by people—between fifty and seventy-five—who are considered "neither young nor old." In our "third chapters" we are beginning to redefine our views about the casualties and opportunities of aging; we are challenging cultural definitions of strength, maturity, power, and sexiness. This is a chapter in life when the traditional norms, rules,

and rituals of our careers seem less encompassing and restrictive; when many women and men seem to be embracing new challenges and searching for greater meaning in life. In The Third Chapter, the renowned sociologist Dr. Sara Lawrence-Lightfoot offers a strong counterpoint to the murky ambivalence that shrouds our clear view of people in their third chapters. She challenges the

still prevailing and anachronistic images of aging by documenting and revealing the ways in which the years between fifty and seventy-five may, in fact, be the most transformative and generative time in our lives, tracing the ways in which wisdom, experience, and new learning inspire individual growth and cultural transformation . The women and men whose voices

fill the pages of The Third Chapter tell passionate and poignant stories of risk and vulnerability, failure and resilience, challenge and mastery, experimentation and improvisation, and insight and new learning.
Walk Two Moons Harper Collins The unforgettable memoir of a woman at the front lines of the civil rights movement—a harrowing account of black life in the rural

South and a powerful affirmation of one person's ability to affect change. "Anne Moody's autobiography is an eloquent, moving testimonial to her courage."—Chicago Tribune Born to a poor couple who were tenant farmers on a plantation in Mississippi, Anne Moody lived through some of the most dangerous days of the pre-civil rights era in the South. The week before she began

high school came the news of Emmet Till's lynching. Before then, she had "known the fear of hunger, hell, and the Devil. But now there was . . . the fear of being killed just because I was black." In that moment was born the passion for freedom and justice that would change her life. A straight-A student who realized her dream of going to college when she won a basketball

scholarship, she finally dared to join the NAACP in her junior year. Through the NAACP and later through CORE and SNCC, she experienced firsthand the demonstration s and sit-ins that were the mainstay of the civil rights movement—a nd the arrests and jailings, the shotguns, fire hoses, police dogs, billy clubs, and deadly force that were used to destroy it. A deeply personal story but also a portrait of a

turning point in our nation's destiny, this autobiography lets us see history in the making, through the eyes of one of the footsoldiers in the civil rights movement. Praise for *Coming of Age in Mississippi* "A history of our time, seen from the bottom up, through the eyes of someone who decided for herself that things had to be changed . . . a timely reminder that we cannot now relax."—Senat

It is a	classic narrative about Africa's cataclysmic encounter with Europe as it establishes a colonial presence on the continent. Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, Things Fall Apart explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community	capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, Things Fall Apart provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our

Steinbeck that

Great
Depression.
The novel
highlights the

struggles and hardships faced by migrant workers during this time, as well as the exploitation they faced at the hands of wealthy landowners. Steinbeck's writing style is raw and powerful, with vivid descriptions that bring the characters and their surroundings to life. The novel has been widely acclaimed for its social commentary and remains a classic in American

literature. Despite being published over 80 years ago, the novel still resonates with readers today, serving as a reminder of the importance of empathy and compassion towards those who are less fortunate.

How Dare the Sun Rise

ReadHowYouWant.com From the bestselling author of Deacon King Kong and the National Book Award-winning The Good Lord Bird: The modern classic that spent more

than two years on The New York Times bestseller list and that Oprah.com calls one of the best memoirs of a generation. Who is Ruth McBride Jordan? A self-declared "light-skinned" woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother's past, as well as his own upbringing

and heritage, in a poignant and powerful debut, *The Color Of Water: A Black Man's Tribute to His White Mother*. The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded

her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride

retraces his mother's footsteps and, through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and

racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile, handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all-black New Brown Memorial

Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age

65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self-realization and professional success. The *Color of Water* touches readers of all colors as a vivid portrait

of growing up, a haunting meditation on race and identity, and a lyrical valentine to a mother from her son.

From the New York Times bestselling author of A Million Little Pieces and Bright Shiny Morning comes Katerina, James Frey's highly anticipated new novel set in 1992 Paris and contemporary Los Angeles. A kiss, a touch. A smile and a beating heart. Love and sex and dreams, art and drugs and the madness of youth. Betrayal and heartbreak, regret and pain, the melancholy of age. Katerina, the explosive new novel by America's most controversial writer, is a sweeping love story alternating between 1992 Paris and Los Angeles in 2018. At its center are a young writer and a young model on the verge of fame, both reckless, impulsive, addicted, and deeply in love. Twenty-five years later, the writer is rich, famous, and numb, and he wants to drive his car into a tree, when he receives an anonymous message that draws him back to the life, and possibly the love, he abandoned years prior. Written in the same percussive, propulsive, dazzling, breathtaking style as A Million Little Pieces, Katerina echoes and complements that most controversial of memoirs, and plays with the same issues of

fiction and
reality that
created,

nearly
destroyed,
and then
