For one charismatic kid, the dangerous world of the Forest of the Dead becomes the setting for the ultimate escape trick in this exciting debut novel. Jack Carr has been shuttled from foster home to group home to foster home his entire life. The only constant has been his interest in magic, especially handcuff escapes like those mastered by his hero, Harry Houdini. When he's placed with the Professor, however, he feels like he's finally found a home—but his new guardian is hiding a dangerous secret. Years ago the Professor bartered his soul to the undead magician Mussini, and when the payment is due, he sends Jack in his place. Jack must travel with Mussini to the Forest of the Dead, a place in between the real world and the afterlife, where he's forced to perform in Mussini's traveling magic show. If he stays in the Forest long enough, he'll die himself. To find his way home, he'll have the help of Mussini's other "minions"—kids stolen just like Jack—and his wits, nothing more. Can he follow the example of his hero, Houdini, and escape the inescapable? *Twist of the Tongue* deals with JT, a young college student who loses focus upon being orphaned. From the foot of the Andes to the sands of the Sahara, JT's life is manipulated - his girlfriend, his schooling, his travel - in the quest to uncover MacNessa. MacNessa, itself, must deal with its own demons as the leader must explain to his son and heir that their centuries old reason for existing - a worldwide coup d'etat to establish a beneficent dictatorial world order - is based on a family lie. The plot is multi-faceted, with lottery winners turned spies, rugby playing conspirators and a cup of coffee that may change the world. Set in various countries, the hints of foreign language will add depth and authenticity to your

journey with JT through a tangled web of deception. A scientist's claim that he's found the secrets of the universe's origin encoded in DNA sparks a race against time to uncover the truth in this fast-paced thriller of science and faith, power and murder, loss and redemption. Dan Lawson, a former government cyber-intelligence analyst, is surprised to be contacted by his estranged friend Stephen Bishop, a renowned geneticist. Stephen says that he's discovered amazing information within DNA, including evidence of a creator, and needs Dan's help to protect his findings. Dan is skeptical and wonders whether he is being manipulated, or if the recent illness of Stephen's only child, Ava, has caused his childhood friend to fall back on religion for answers to questions best left to science. Spurred by his desire for proof that life has meaning, however, Dan puts aside his doubts and agrees to help. When an experiment goes terribly awry, Dan realizes he must get to the bottom of Stephen's discoveries. With the help of Trish Alighieri, a pediatric oncologist trying to save Ava's life, Dan desperately searches for answers—including whether the human soul can survive science's conquest of nature. Lucky Two years ago I humiliated myself by declaring my love to an older man who clearly didn't share my feelings. And that's fine. One day Zach will come around. Meanwhile, I've built a life for myself in northern Montana, pursuing my college degree while working hard toward certification in high-risk alpine search and rescue on the side. And perhaps I've kept the danger part a secret from my two dads. After all, what they don't know won't hurt them... Everything's going exactly as planned until my dads send Zach to check on me just as I'm dealing with an ex who doesn't understand the meaning of the word no. It's bad enough Zach still thinks of me as a child; now he also thinks I'm incapable of looking out for myself. I need to get him off my back before he finds out I'm not heading to Wyoming for summer break like everyone thinks. I'm going to Glacier National Park to learn how to rappel from helicopters... Zach Two years ago I wanted something I couldn't have, so I threw myself back into my job as an Army Ranger and wound up scarred in more ways than one. When the army dumps my sorry self back into the real world, it's time to start over. I accept a summer job teaching high-risk search and rescue. On the way there, all I have to do is peek in on little Lucky Reed and make sure he's okay. He's not. Someone has it out for him, and I'll be damned if I'm going to let him get hurt on my watch. My plan is to keep him safe until he heads south for his summer job playing trail guide to tourists. Once he's gone, I'll be free to head to Glacier where my biggest challenge will be keeping a handful of alpine search and rescue students safe as they learn how to dangle from helicopters high above the Rocky Mountains. It's all fine. Until it's not. Danger follows us to Glacier, and by the time I finally start seeing Lucky as more than the awkward teenager he used to be, I wonder if it's too late to convince him that this scarred soldier sees him as anything but little anymore. I wrote a book of poetry some 20 years ago while in high school. I polished it up and made this little book. I had ambitions to write professionally back then. Anyway, *Soul Twist* was meant to be a ride through human emotions. I intend to make you smile, make you laugh, make you angry, and even make you cry. I do hope you enjoy this thrill ride. Oz: Escaping the international modeling scene to design my own fashion collection is the first step to shucking my bobble-headed supermodel reputation and proving to the world I'm more than just a pretty face. But the minute I have to accept roadside help from the sexy man next door, I feel like the airhead people think I am. And what's worse, the man clearly doesn't think I'm worth the time of day. But despite trying to ignore my attraction to the mysterious doctor, I can't help but be drawn to him. With every moment spent together, I begin to realize he's hiding more than just some details of his past. He has one foot out the door. As soon as I start to feel like everything might be coming together for me, I realize the man I'm falling in love with isn't who I thought he was. Jake: After three years on the run for being in the wrong place at the wrong time, I've finally found a seemingly safe place to settle in Haven, Colorado. With friends, a job, and a cabin in the woods, I have everything I need to live a simple life without drawing attention to myself. Everything's fine. Fine. Until I meet my new neighbor. The gorgeous man is anything but subtle and brings color to my life that I didn't know was missing. But I learned years ago that falling in love with someone wasn't an option anymore when simply being seen with me could have dire consequences. It's time for me to run

again, but I wonder if it's safe to stick around just long enough for a taste... Just when I begin to realize Oz is the missing piece to bring me back to life after years of hiding, my past catches up to me and throws everyone around me into danger. I know I should run, but what if it's time to finally stop running and make a stand, once and for all? Warning: This is a medium burn contemporary dark Reverse Harem novel. Triggering elements appear throughout the story. Dunn uses the author's admission that he put his "whole heart and soul" into the novel's writing to explore the connections between Dickens's own adversity - having to work under wretched conditions in a blacking factory as a boy - and the dire and often life-threatening situations the bastard child Oliver must endure before, as Dickens put it, "trimumphing at last." Taking a controversial and timely subject - England's poor laws, whose debates in Parliament he covered as a court reporter - and a child as his hero, Dickens, Dunn contends, drew together two worlds: the destitute London slums that served as a breeding ground for criminal activity and the innocent world we associate with childhood. Dunn points out that Oliver's "progress" from dark world to light shows, almost paradoxically, that these worlds are linked and will always coexist, however secure one may feel in the latter. I am hoping that a larger volume would be seen as a better value. I wrote all of this in high school, some twenty years ago. I had aspirations of being a professional author. Sadly, there doesn't seem to be any money in poetry. So, this has become a work of love. I have done a bit of minor editing, but these are mostly in their original form. So, these works may have a grammatical error or two. You may even find a misspelled word here and there. Anyway, I really do hope you enjoy reading these. Thank you in advance.
