In addition to the culture shock that immigrants experience in unfamiliar countries, these scholars often undergo "pedagogical shock." Through autobiographical accounts of foreign-born professors from Africa, Asia, Europe, and the US, this volume examines the experiences of foreign-born professors around the world to provide insight on the curricular, school-systemic, and sociological differences and challenges that are encountered, and how to help resolve them. It will help administrators, institutions, and immigration and comparative education scholars understand the cross-cultural challenges and coping strategies that define the private and professional lives of foreign-born professors across the globe.

Lucky Child May 31 2021 After enduring years of hunger, deprivation, and devastating loss at the hands of the Khmer Rouge, ten-year-old Loung Ung became the "lucky child," the sibling chosen to accompany her eldest brother to America while her one surviving sister and two brothers remained behind. In this poignant and elegiac memoir, Loung recalls her assimilation into an unfamiliar new culture while struggling to overcome dogged memories of violence and the deep scars of war. In alternating chapters, she gives voice to Chou, the beloved older sister whose life in war-torn Cambodia so easily could have been hers. Highlighting the harsh realities of chance and circumstance in times of war as well as in times of peace, Lucky Child is ultimately a testament to the resilience of the human spirit and to the salvaging strength of family bonds.

Healing Cambodia Sep 03 2021 After years of civil war, the bloody Khmer Rouge regime, and occupation by Vietnam, Cambodia finds itself decimated and divided. Benoît Duchâteau-Arminjon, a.k.a. Bénito, discovers this world when he visits a refugee camp on the country's border with Thailand and experiences a profound emotional shock. He decides to put his promising career as a financial controller on hold and spend a year setting up a welfare center for abandoned children. Since then, he has devoted his life to these children through the foundation he established in 1991--Krousar Thmey--or "new family." A talented manager, Bénito set up a well-run organization and gradually turned its operation over to Cambodians. As of 2012, a staff of 400 is supporting some 4,000 children in welfare centers for street children, family shelters, and schools for blind or deaf children. In this context, Khmer Braille and Khmer Sign Language were developed, for the first time allowing children with these disabilities to get an education. Krousar Thmey was the recipient of the Human Rights Prize granted by the French Republic in 2003 and UNESCO's Wenhui Award in 2010. The foundation marked its 20th anniversary in 2011. In October 2012 in New York, Bénito received the World of Children Humanitarian Award, hailed in the media as the "Nobel Prize for child advocates." As he tells his story, Bénito, who was granted Cambodian citizenship by King Norodom Sihanouk and Prime Minister Hun Sen in 2000, helps lift us out of cliché-ridden

discourse to take a fresh look at the humanitarian world.

Revival: The Cambodian Agony (1990) May 11 2022 This title was first published in 1990: Cambodia, it has been said, has gone through the most radical social upheaval and transformation of any country in recorded history. From the overthrow of Prince Sihanouk, who ruled for 29 year, in 1970 to the victory of the Cambodian Communist Party in 1975, Cambodia suffered massive saturation bombing and an unusually violent civil war. It is estimated that half a million people of the seven million total population died. From 1975 to the end 1978 as many as another three million perished because of the brutal policies of the government, and spurred the civil war that has been simmering ever since. In this book, the world's leading experts on Cambodia and the politics of Indochina address the major issues facing Cambodia since the overthrow of the Pol Pot regime in 1978.

Cultural Heritage as Civilizing Mission Apr 29 2021 This book investigates the role of cultural heritage as a constitutive dimension of different civilizing missions from the colonial era to the present. It includes case studies of the Habsburg Empire and German colonialism in Africa, Asian case studies of (post)colonial India and the Dutch East Indies/Indonesia, China and French Indochina, and a special discussion on 20th-century Cambodia and the temples of Angkor. The themes examined range from

architectural and intellectual history to historic preservation and restoration. Taken together, they offer an overview of historical processes spanning two centuries of institutional practices, wherein the concept of cultural heritage was appropriated both by political regimes and for UNESCO World Heritage agendas.

Not Just Victims Feb 08 2022 Not Just Victims contains twelve oral histories based on conversations with Cambodian community leaders in eight American cities -- Long Beach, Philadelphia, Washington, D.C., Seattle, Portland, Tacoma, and the Massachusetts towns of Fall River and Lowell. Unlike the dozens of autobiographies published by Cambodians that focus largely on their victimization, these narratives describe how Cambodian refugees have adapted to life in the United States. Sucheng Chan's extensive introduction provides a historical framework; she discusses the civil war (1970-75), the bloody Khmer Rouge revolution (1975-79), the border war during the Vietnamese occupation of Cambodia (1979-89), and the additional travails faced by those who escaped to holding camps in Thailand. The book also includes an essay on oral history and a substantial bibliography.

Contemporary Southeast Asian Performance Jan 07 2022 Mutual borrowing, fluid transactions and transformations of performances and performers have a long and enduring history in Southeast Asia, but this trend has been heightened and made more vivid in the contemporary period. The omnipresence of global communications has provoked and inspired yet more novel experiments and collaborations between cosmopolitan artists and globally-oriented performers. This volume offers vital insights into recent developments in Southeast Asian performance. It demonstrates the ways in which contemporary artists and performers are increasingly working betwixt the traditional boundaries of the nation and discourses of identity. The essays collected here are testament to ongoing conversations and relations among scholars, practitioners and scholar-practitioners in Southeast Asia and around the world.

Beyond the Apsara Jul 21 2020 This book celebrates and documents the resurgence of dance in Cambodia after the fall of the Khmer Rouge and the infamous Pol Pot regime. It honours the remarkable commitment of the few remaining masters of the art of dance who are reviving and preserving the famous classical dances, as well as the courage and resolution of young artists who are imaginatively pursuing their passion to forge new paths in contemporary dance. In 2003, Cambodian classical dance was awarded world heritage status by UNESCO - this confirmed the importance, and perhaps the burden, of the task of preservation. This volume includes contributions from the royal family, eminent writers and commentators and the dancers themselves.

Monuments and reminders of the Killing Fields abound in the city of Phnom Penh. Nearly 2 million Cambodians, including many artists, perished during the killings or died of starvation and disease during the Khmer Rouge years. Today, the dancers, both young and old, move towards the future while respecting and honouring the past. This volume documents their journey.

Survivors Nov 05 2021 In this clear, comprehensive, and unflinching study, Sucheng Chan invites us to follow the saga of Cambodian refugees striving to distance themselves from a series of cataclysmic events in their homeland. Survivors tracks not only the Cambodians' fight for life lives but also their battle for self-definition in new American surroundings. Unparalleled in scope, Survivors begins with the Cambodians' experiences under the brutal Khmer Rouge regime, following them through escape to refugee camps in Thailand and finally to the United States, where they try to build new lives in the wake of massive trauma. Their struggle becomes primarily economic as they continue to negotiate new cultures and deal with rapidly changing gender and

intergenerational relations within their own families. Poverty, crime, and racial discrimination all have an impact on their experiences in America, and each is examined in depth. Although written as a history, this is a thoroughly multidisciplinary study, and Chan makes use of research from anthropology, sociology, psychology, medicine, social work, linguistics and education. She also captures the perspective of individual Cambodians. Drawing on interviews with more than fifty community leaders, a hundred government officials, and staff members in volunteer agencies, Survivors synthesizes the literature on Cambodian refugees, many of whom come from varying socioeconomic backgrounds. A major scholarly achievement, Survivors is unique in the Asian American canon for its memorable presentation of cutting-edge research and its interpretation of both sides of the immigration process.

Also included on this video, a second video (38 min) presents the complete dance, shot with multiple cameras. The dance is interesting for its use of a classical vocabulary to address contemporary themes. It was produced by John Shapiro of the Khmer Arts Academy. Cambodia's Curse Dec 06 2021 A generation after the Khmer Rouge, Cambodia shows every sign of having overcome its history--the streets of Phnom Penh are paved; skyscrapers dot the skyline. But under this façade lies a country still haunted by its years of terror. Joel Brinkley won a Pulitzer Prize for his reporting in Cambodia on the fall of the Khmer Rouge regime that killed one quarter of the nation's population during its years in power. In 1992, the world came together to help pull the small nation out

of the mire. Cambodia became a United Nations protectorate--the first and only time the UN tried something so ambitious. What did the new, democratically-elected government do with this unprecedented gift? In 2008 and 2009, Brinkley returned to Cambodia to find out. He discovered a population in the grip of a venal government. He learned that one-third to one-half of Cambodians who lived through the Khmer Rouge era have P.T.S.D.--and its afflictions are being passed to the next generation. His extensive close-up reporting in Cambodia's Curse illuminates the country, its people, and the deep historical roots of its modern-day behavior.

Lost Crusade Oct 04 2021 When Peter Scott began a 1968 tour in Vietnam advising ethnic Cambodian Khmer Krom paramilitaries, they shared only an earnest desire to check the spread of communism. It took nearly thirty years and a chance reunion for Scott to realize just how much they had become a part of him. This fascinating chronicle of Scott's experiences with the secret army of brave, disciplined warriors is by far the most moving and richly detailed account ever published of the deep bonds forged in war between Americans and our Asian allies. Successfully blending intense combat narrative and stirring emotional drama, Scott vividly captures both the unique village culture of a little-known, highly spiritual people and their complex relationship

with Special Forces soldiers, who found it increasingly difficult to match their charges' commitment to the costly conflict. With a novelist's powers of description and reflection and a professional soldier's keen insight and analysis, Scott raises the standard for literature about the Vietnam War with this searing portrait of promise and betrayal. Building on his experiences as a Phoenix Program adviser near the Cambodian border, extensive interviews with Khmer Krom survivors, hundreds of hours of research in government archives, and requests for Freedom of Information Act disclosures, Scott seamlessly reconstructs the six-thousand-strong mercenary force's final crusade against communism, beginning in their ancestral home in 1970 and ending on the U.S. West Coast in 1995. Such a hauntingly evocative and highly readable book will both entertain and shock, and it is assured of a place among the classics on Vietnam.

Holy Passion Mar 09 2022 Do you believe you were born to change the world? And do you think its actually possible? These are two questions to ask yourself before you even read this book.

This is because this book is for those whose aim is to make a difference in this world. Its for those who are unsatisfied with allowing darkness, injustice, and hopelessness to enslave people and who want to be part of a counter-culture attack that brings true freedom. Now, is this book for you? I will say this: We need you. We need as many people as we can get to join a generation that is called to action. Do you know Jesus and are seeking what it means to follow Him in a deeper, more radical way? Are you looking for ways to make your faith come alive? Do you want your life to have meaning? Have you longed to see Gods kingdom come? Is your soul hungry for more? Will you be willing to give whatever it takes to see transformation come to you and the people around you? Its a holy passion for Jesus that fills you and causes movement in ways you have never experienced before. Embrace a new journey of holy passion in action. It will be one you will never forget.

Traces of Trauma Oct 16 2022 How do the people of a morally shattered culture and nation find ways to go on living? Cambodians confronted this challenge following the collective disasters of the American bombing, the civil war, and the Khmer Rouge genocide. The magnitude of violence and human loss, the execution of artists and intellectuals, the erasure of individual and institutional cultural memory all caused great damage to Cambodian arts, culture, and society. Author Boreth Ly explores the "traces" of this haunting past in order to understand how Cambodians at home and in the diasporas deal with trauma on such a vast scale. Ly maintains that the production of visual culture by contemporary Cambodian artists and writers—photographers, filmmakers, court dancers, and poets—embodies traces of trauma, scars leaving an indelible mark on the body and the psyche. His book considers artists of different generations and family experiences: a Cambodian-American woman whose father sent her as a baby to the United States to be adopted; the Cambodian-French film-maker, Rithy Panh, himself

*a survivor of the Khmer Rouge, whose film **The Missing Picture** was nominated for an Oscar in 2014; a young Cambodian artist born in 1988—part of the “post-memory” generation. The works discussed include a variety of materials and remnants from the historical past: the broken pieces of a shattered clay pot, the scarred landscape of bomb craters, the traditional symbolism of the checkered scarf called krama, as well as the absence of a visual archive. Boreth Ly’s poignant book explores obdurate traces that are fragmented and partial, like the acts of remembering and forgetting. His interdisciplinary approach, combining art history, visual studies, psychoanalysis, cultural studies, religion, and philosophy, is particularly attuned to the diverse body of material discussed in his book, which includes photographs, video installations, performance art, poetry, and mixed media. By analyzing these works through the lens of trauma, he shows how expressions of a national trauma can contribute to healing and the reclamation of national identity.*
