Skills for the Public Sector. It is increasingly important for public  
sector managers to have an understanding of finance to perform their  
jobs and deliver value for money services. It explains the principles of  
finance as well as financial information such as income and  
expenditure accounts, balance sheets, cashflows and financial  
performance indicators. There are worked examples and practical  
exercises which allow the theory to be put into practice, encouraging  
self development and continuous improvement. The style is simple,  
easy to read, and accessible to staff at all levels within an  
organisation. It is an essential addition to a managers toolkit of skills  
and knowledge.
