Readers are walked through the process of reflecting on their role in diagnosing what that “something” is—what students really need—and planning how to get them there and how to know when they got there in a goal-driven principled manner. This book has chapters on the theory of

setting specific language goals for students; how to analyze learner needs (including an initial diagnostic and needs-analysis); templates to use when planning goal-driven English language lessons; explicit instruction on giving corrective feedback; how to recognize and assess student progress; and the mechanics and logistics that facilitate the goal-driven language classroom. "Besides the beguiling story, the affable illustrations of the smiling Gloria, the accidental mayhem in the background, and the myriad safety tips -- such as 'always pull the toothpick out of your sandwich' and 'never lick a stop sign in the winter' -- add to the enjoyment. A glorious picture book." -- The Horn Book "Rathmann is a quick rising star in the world of children's books. "As usual, Stevens' animal characters, bold and colorful, are delightful. . . . It's all wonderful fun, and the book opens, fittingly, from top to bottom instead of from side to side, making it perfect for story-time sharing." -- Booklist In a Fresh Look at Phonics, Wiley Blevins, author of the blockbuster *Phonics from A-Z*, explains the 7 ingredients of phonics instruction that lead to the greatest student gains, based on two decades of research in classrooms. For each of these seven must-haves, Wiley shares lessons, routines, word lists, tips for ELL and advanced learners, and advice on pitfalls to avoid regarding pacing, decodable texts, transition time, and more. After she falls headfirst into a bird's nest, a baby fruit bat is raised like a bird until she is reunited with her mother. All elementary schools in the Green Bay Area Public School District are now using the guided reading approach for reading instruction. Simply stated, guided reading involves teaching students at their instructional level. This means that in one classroom alone, a teacher may have five different reading groups in which students are all reading different books and focusing on different skills. Planning for numerous reading groups can take up the majority, if not all, of teacher's planning time. Due to the fact that planning for guided reading instruction takes so much time, teachers don't have time to meet their remaining job requirements within the allotted amount of time and are unable to collaborate effectively with their grade level peers. This advocacy project focuses on producing a resource of lesson plans that correspond to the books in Martin Elementary School's book room to minimize the amount of time teachers spend planning guided reading lessons in order to enable them to have more time to complete other job requirements during the work day. This project incorporates time for teachers to collaborate in order to produce quality lessons. When two bad ants desert from their colony, they experience a dangerous adventure that convinces them to return to their former safety. The perfect pairing of Bill Martin Jr and John Archambault's lively rhymes, and Caldecott Honor artist Lois Ehlert's bright, bold, cheerful pictures made Chicka Chicka Boom Boom an instant hit and a perennial favorite.
