Vincent Eugene Craddock, born on February 11th, 1935, Norfolk, Virginia, US, known as Gene Vincent, was a singer and musician,

who pioneered the styles of rock 'n' roll and rockabilly. His top ten hit with his Blue Caps during 1956, "Be-Bop-A-Lula", is regarded as a significant early example of rockabilly. Gene was inducted into the Rock and Roll Hall of Fame and the Rockabilly Hall of Fame. A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic." Ginger Rogers, born Virginia Katherine McMath on July 16th, 1911, Independence, Missouri, U.S., was an actress, dancer, and singer. Rogers starred in Kitty Foyle (1940) winning the Academy Award for Best Actress, but is best remembered for performing in RKO's musical films, partnering Fred Astaire, on stage, radio and TV, for much of the 20th century. This high-voltage introduction to energy combines physical science and environmental science with fun. Easy-to-follow diagrams show different ways energy can be harnessed. Tips on how to use energy sensibly are included. The Shocking Truth About God is one of the most provocative books any post-modernist Christian or non-Christian could ever read.

Some questions about God, regarded by many as a forbidden terrain, are here analyzed in detail. The question is asked, "Are there any errors in the Bible?" Without much reference to Councils and Scholars, a purely biblical definition for the Godhead is submitted. Is God one in three or three in one or neither? A fresh approach to the question of salvation and God's judgment will keep you glued to every page! Especially when the author discusses the coming earthly millennium, the Great White Throne Judgment of the Billions of people now alive and deceased who never heard the Gospel! Have you ever wondered if anyone will ever go to Heaven? According to the Bible, God and Heaven will come down to us! The book concludes by looking at how God answers every prayer!

Kraftwerk (power station) is a group formed in Düsseldorf, North Rhine-Westphalia, West Germany during 1970, by Ralf Hütter and Florian Schneider. Widely regarded as innovators and pioneers of electronic music, they were among the first successful artists to popularize the genre. The band began as part of the German experimental krautrock scene of the early '70s, before fully embracing electronic instrumentation, including synthesizers, drum machines, and vocoders. For every high-profile miscarriage of justice that we hear about, there are dozens more that never make the news. 'No Smoke' examines just some of these cases, highlighting the very human tragedy of wrongful conviction, and pointing out the unthinkable: this could happen to any one of us.

About the Book  
This book does not take a neutral stand on the issue of mass unemployment. It is an effort to expose capitalism's most outrageous feature - its compulsive need to use unemployment and the fear of unemployment to ensure the docility and subservience of its workers. Under the capitalist system, the stick of the fear of unemployment is necessary to keep workers' noses to the grindstone and make them perform to the satisfaction of

their employers. The stick is needed because much work is boring, the carrot paid is less than a living wage, provides workers very little or no control over the work process, and stifles creativity - in short because the total carrot offered to numerous workers is so woefully inadequate. Under a different system, one in which working people participated fully in the decisions affecting what, how and for what purpose goods and services were produced; if we had a system based on economic democracy, there would be no need to use the stick of the fear of unemployment. The creativity of most of the millions of working people, now mostly dormant, would be awakened and the volume and quality of improvements and inventions especially in housing, energy, transit systems and health care would be so great as to tower high above and completely overshadow the number and purpose of the innovations created under the present system. The issue of unemployment is shrouded in half-truths and outright lies. As a result, there is almost total ignorance about the real causes of unemployment and worse still, about its very serious consequences. Many claim that there are enough jobs but that the unemployed are lazy and would rather be on welfare. While this may be true of a very small fraction of the unemployed, it is not true of the overwhelming majority. There have been numerous instances in which whenever advertisements calling for applicants for relatively well-paid jobs or for jobs that paid better than the minimum wage, the number of applicants that applied for those jobs were ten or more times greater than the number of jobs that were advertised. In September 26th of 1984, to mention just one instance, the Associated Press News Agency reported that "50,000 people lined up for 350 jobs." The report went on to say that "the applicants, some of whom waited in line for two days, hope to land a longshoreman's job paying \$15.45 an hour or a marine clerk's job earning \$17.45 an hour... However the fact that

only 350 jobs are currently available didn't dismay the crowd, which queued up in a line in the San Pedro district [of Los Angeles] that stretched for 13 mile..." Clearly, the majority would rather have gainful employment at a living wage and live a life of dignity and integrity. Furthermore apart from the simple need to earn a living, productive employment is an indispensable part of the psychological makeup of human beings. Simply put, people want to feel useful. Prolonged joblessness is a serious threat to a person's self-esteem and destroying that self-esteem has appalling consequences. The ugly truth is that the system under which we live will not or cannot provide jobs for those who need them. The business class is simply not interested in full employment because mass unemployment provides them with many benefits. Among those benefits: a large pool of unemployed workers drives down the wages employers have to pay.

Nala made the boy child Kaylin so

desperately wanted; she thought all the pain and suffering ended there, but she will soon realize that Amber is not all she pretends to be but that she is a manipulative bitch who preys on the weak that would make Nala wish she never crossed paths with her. Meanwhile, Kaylin is getting his karma for all his evil, and wicked ways he soon finds out the sayings are true "birds that fly high must surely come down," and "Oh what a tangled web we weave when we practice to deceive." Take this roller coaster ride with Nala and see if Amber is going to be the demise of her and her baby or will Nala finally get her happy ending she so desperately wanted after going through all that hurt, pain and torture.

"Describes what electricity is and how it works through humor and core science content"--Provided by publisher. Mitchell Spence served with one of the largest police forces in the United Kingdom for over 27 years as a police cadet and a regular police officer, becoming a qualified inspector before retiring. As a direct result of his experiences, Mitchell was diagnosed with depression, anxiety and stress, and towards his latter years because of how they targeted him for not "singing the organisational song" and closed ranks against him, he was further diagnosed with Post Traumatic Stress Disorder. Mitchell took it upon himself to write all of his professional life and some of his earlier personal life down as a way to 'tame the beast' we all know as PTSD and conquer it. Throughout those years he witnessed many changes in the role of police officer, some good and some not so good through the 'thatcher years' and successive governments. During this time, Mitchell always believed in truth and justice, and the fact that police officers were there to uphold the law and not make or break the law. In his book, you, the reader, will be taken through his career as though you were right by his side, witnessing first hand everything he witnessed. There are many books out there to be read but this is probably the only one which will give you the good,

the bad and the ugly insights into what policing has been like from the early 80's into the millennium and beyond. Some would refer to his book as a 'warts and all' account but however it is referred to, it is a must read, illustrating its effects on police officers, their families and most importantly you, the reader. That was his career, his life work. This is his story... \*Reader Advisory\* Certain sections of this book have adult orientated language but this is the way conversations went for certain scenarios, and the reader must be prepared for these. "Web of Debt" unravels deceptions about the money system and presents a crystal-clear picture of the upcoming financial abyss. The text also explores a workable alternative, one that was tested in colonial America and is grounded in the best of American economic thought, including the writings of Benjamin Franklin, Thomas Jefferson, and Abraham Lincoln. You may never forgive yourself, after reading this book, if you fail to tell others especially your children, about the never failing weapon they can use forever, for protection against anyone or anything. Just imagine, you and your children having protection and peace of mind forever! No more fear! No more depression! No more anxiety! No more sleepless nights! Guaranteed! The water you drink can literally make or break your health. The purity of our water is the most critical element in maintaining radical vitality, and healing from illness and disease. In this newly revised edition of *Water: The Shocking Truth*, health crusaders Paul Bragg and Patricia Bragg reveal the dangers of tap water, which research shows can be responsible for many ailments, due to the addition of dangerous chemicals such as fluoride and chlorine. In this book, the trailblazing father-daughter team teach the many functions water performs in the body, from regulating the various systems to flushing the body of waste and toxins. But what if the substance we use to cleanse our bodies is itself polluted? With the mandatory fluoridation of water in the municipal water systems., the authors

assert that has been the case for decades. Added to the public water supply to prevent tooth decay starting in the 1950s, fluoride has long been known to be a toxin, used in pesticides and rat poisons. Learn what types of water are optimal to drink, how and why to detox your body with nature's most life-giving liquid, and the health-and-life-saving value of installing a water filter in your shower! Ramsey has a secret, but the neighborhood boy she used to love is now a man and he's the key to the truth. Will the truth bring them together again or will it destroy two families? Her secret will shock you. Her truth will inspire you.

Sir Roger George Moore, KBE, born on 14th October 1927, in Stockwell, London, England, was an actor, best known for having played Ian Fleming's British secret agent James Bond, in seven films from 1973 to 1985. He also played Simon Templar in the television series *The Saint* from 1962 to 1969 and Lord Brett Sinclair in *The Persuaders!* from 1971 to 1972 with Tony Curtis.

Is Skeleton Creek Real? Discover the very disturbing possibility: Skeleton Creek used real videos of terrifying experiences and they're passing them off as fiction. My unexpected shocking experience living inside shelters from Atlanta to Los Angeles during 2007 and 2008. "I just woke up and our back door was wide open and we can't find our daughter!" The crackling recording of seventeen year-old Misty Croslin's voice is as chilling today as it was that February night in 2009 when five year-old HaLeigh Cummings vanished without a trace from her Satsuma, Florida home. With the child's father, Ronald Cummings, ranting and cussing in the background, the young teenager struggled to concentrate as she told the operator how she awoke to find HaLeigh gone from her bed; a brick holding open the house door. The harrowing 911 call was soon looping incessantly on national television as American's sat glued to their TV sets and waited for an answer to the question. 'What happened to HaLeigh Cummings?' As satellite trucks, law enforcement and search

teams descended onto the small Florida town, the texture of the case soon began to change something wasn't right in this place. The investigation that ensued was strangely secretive and ultimately led to nothing amidst whispers of drug trafficking, police corruption, threats, intimidation, child prostitution, child pornography, white slavery, organized crime, rape and murder. In March of 2009, HaLeigh's family enlisted the services of a private investigator, attorney, national advocate and media team to assist them in their dilemma. A month later the family contacted Timothy Charles Holmseth, an investigative reporter from Minnesota. What Timothy Holmseth uncovered was so dark and disturbing it was supposed to remain hidden forever. Timothy notified authorities at the county and state level but received only hostile reactions. When he began to publish the information on his website he began receiving late night telephone calls, was threatened by Florida law enforcement, and received ominous communications that spoke of his possible death. In February, 2010, the FBI contacted Timothy and requested a meeting. He was asked for audio recordings of interviews he had conducted with attorneys, private investigators, law officers, witnesses, and family members of the missing child. "In Re: HaLeigh Cummings" is the book that answers the question; 'what happened to HaLeigh Cummings?' You will hear the names. You will see the faces. You will read the quotes. You will learn the methods and the motives of the underground. You will understand. You will be frightened and sick with outrage. But you will finally know what happened to HaLeigh Cummings. David Blaine, born David Blaine White on April 4th, 1973, Brooklyn, New York City, U.S., is a magician, illusionist and endurance artist, best known for his high-profile feats of endurance, having set and broken several world records. Blaine changed the way magic is shown on TV by focusing on spectator reactions, his idea being to turn the camera around on the people watching instead of the performer, to make

the audience watch the audience.

The real-life investigation behind the hit Netflix series, from two Pulitzer Prize-winning journalists. SHORTLISTED FOR THE GOLD DAGGER AWARD She said she was raped. Police said she lied. She was made to retract the report - but the nightmare only got worse. On 11 August 2008, eighteen-year-old Marie reported that a masked man had broken into her home and raped her. Within days, police - and even those closest to Marie - became suspicious of her story. Confronted by these minor inconsistencies and doubt, Marie broke down and said her story was a lie. The police charged her with making a false report. Two years later, Colorado detective Stacy Galbraith was assigned to a case of sexual assault. It bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. Joining forces with the detective on that case, Edna Hendershot, the two soon discovered they were dealing with a serial rapist. As their investigation deepened, it became clear that numerous police departments had extremely similar cases on their hands - and that Marie's story bore an eerie resemblance to the cases they were investigating. Unbelievable is a chilling tale of doubt, lies, and the hunt for justice, unveiling the disturbing reality of how sexual assault is investigated and the long history of scepticism toward its victims.

Previously published as A False Report Robert Oliver Reed, born on 13th February 1938, at 9, Durrington Park Road, Wimbledon, London, England, UK, was an actor, best known for his upper-middle class, macho image and 'hellraiser' lifestyle. His movies included The Trap (1966), playing Bill Sikes in the Best Picture Oscar winner Oliver! (1968), Women in Love (1969), Hannibal Brooks (1969), The Devils (1971), portraying Athos in The Three Musketeers (1973), Tommy (1975), Lion of the Desert (1981), Castaway

(1986), The Adventures of Baron Munchausen (1988), Funny Bones (1995) and Gladiator (2000). Finally, the ultimate and final version of the Lizzie Borden story can be told. Replacing every book ever written on the case is this explosive investigative study of Victorian America's most infamous alleged murderess. Was Lizzie guilty of the murder of her father and stepmother? Find out once and for all inside this volume. With over 150 pages of information never before published in a Borden book, no true crime buff can afford to miss out on Jacob Corbett's explosive expose. "A true feat of historical investigative journalism." "It's taken well over a century, but finally the answers we've all been waiting for are here." "If you buy only one crime book this year, make it this one!"
